(H) Disputes

Notwithstanding any other provisions of this Option 66 and except as otherwise provided in FCC 16, the Telephone Company's calculation of the customer's Billed Qualifying TDM Service Revenue shall be subject to the following additional requirements (as well as other terms of this Option 66):

- (2) If any portion of an amount invoiced to customer under this Option 66 is subject to a good faith dispute, customer shall give written notice to the Telephone Company of the amounts it disputes (**Disputed Amount**) through the Telephone Company dispute submission process and include in such notice the specific details and reasons for disputing each item. Customer shall undertake a reasonable good faith effort to review an invoice received from the Telephone Company under this Option 66 within sixty (60) days following the due date to determine whether there are any Disputed Amounts. Customer shall pay on or before the due date all undisputed amounts.

The late payment charge shall be calculated utilizing a rate of one-and-one-half percent (1.5%) of the overdue amount (including any unpaid previously billed late payment charges) per month. (I) Delayed Billing

- (1) If, during a period of sixty (60) days after the end of an applicable Plan Year (**Delayed Billing Grace Period**), customer identifies amounts billed during that Delayed Billing Grace Period for Qualifying TDM Services that, in the ordinary course of the Telephone Company's standard billing practice for the subject Qualifying TDM Services, should have occurred during the immediately preceding Plan Year (**Delayed Billing Preceding Plan Year**) of the Service Period, then customer, no later than the end of the Delayed Billing Grace Period, may request in writing that the Telephone Company treat such amounts as Billed Qualifying TDM Service Revenue for the Delayed Billing Preceding Plan Year. For the avoidance of doubt, an amount may qualify for treatment as Delayed Billing Revenue as described in this Section (I)(1) only if the amount would have qualified as Billed Qualifying TDM Service Revenue if it had been billed on a timely basis.
- (2) The Telephone Company will verify customer's request and include in the Plan Year calculation of the Billed Qualifying TDM Service Revenue for the Delayed Billing Preceding Plan Year any amounts verified as meeting the definition of Delayed Billing Revenue. Any Delayed Billing Revenue used for purposes of calculating the Billed Qualifying TDM Service Revenue for Plan Year shall not be used for purposes of calculating the Plan Year Billed Qualifying TDM Service Revenue for any subsequent Plan Year, nor may it be used to reopen the Billing Credit calculation for any Plan Year prior to the Delayed Billing Preceding Plan Year.
- (3) If customer wishes to have any Delayed Billing Revenue used for purposes of the Billed Qualifying TDM Service Revenue calculation under Section (G) preceding, customer must, within the Delayed Billing Grace Period during which the Delayed Billing Revenue was billed, submit a written request for inclusion of the Delayed Billing Revenue in the calculation of the Billed Qualifying TDM Service Revenue for the Delayed Billing Preceding Plan Year. Subject to Section (I)(4) following, if customer does not claim the Delayed Billing Revenue in a written request to the Telephone Company during the Delayed Billing Grace Period in which the Delayed Billing Revenue was billed, then customer may not later request that the Delayed Billing Revenue be used for purposes of calculating any Plan Year Billing Credit.

(J) Remedial Billing Credits and Related Provisions

- (1) In the event that (a) customer disputes charges that it believes were improperly billed for Qualifying TDM Services, (b) any such Disputed Amounts were included as Billed Qualifying TDM Service Revenue for purposes of calculating a Billing Credit under this Option 66, and (c) the Telephone Company resolves all or a portion of the dispute in favor of customer before the end of Plan Year 3, then any credit issued by the Telephone Company to remedy the dispute (**Remedial Billing Credit**) prior to the end of Plan Year 3 shall be included as an offset to Billed Qualifying TDM Service Revenue for the purposes of calculating the Billing Credit for the Plan Year in which such Remedial Billing Credit is issued by the Telephone Company.
- (2) In the event that (a) customer disputes charges that it believes were improperly billed for Qualifying TDM Services, (b) any such Disputed Amounts were included as Billed Qualifying TDM Service Revenue for purposes of calculating a Billing Credit under this Option 66, and (c) the Telephone Company resolves all or a portion of the dispute in favor of customer after the end of Plan Year 3, then any Remedial Billing Credit issued by the Telephone Company to remedy the dispute after the end of Plan Year 3 shall be included as an offset to Billed Qualifying TDM Service Revenue for Plan Year 3 for a final revenue adjustment. To the extent such final revenue adjustment produces a change in the Billing Credit, then (a) if the Telephone Company has not yet issued a Billing Credit for the last Plan Year of Option 66, then the Telephone Company shall take account of the final revenue adjustment for purposes of the Billing Credit for Plan Year 3, and (b) if the Telephone Company has already issued the Billing Credit for Plan Year 3, then the Telephone Company will issue an adjustment in an amount necessary to reflect recalculation of the Billing Credit for Plan Year 3 to take account of the final revenue adjustment.
- (3) Once a Billing Credit is issued by the Telephone Company, customer may not thereafter dispute such Billing Credit regardless of the outcome of any Disputed Amounts; provided, however, that, for the avoidance of any doubt, the foregoing prohibition against disputes by customer shall not be deemed (a) to preclude any adjustments by the Telephone Company to take account of Remedial Billing Credits as described in Sections (J)(1) and (J)(2) preceding or (b) to preclude customer from disputing the amount of a Billing Credit in any case where the Telephone Company applies a Billing Credit that does not match the mutually agreed upon amount of the Billing Credit. The Telephone Company will not issue any Billing Credit until the applicable Billing Credit amount is agreed to by customer.
- (4) In no event shall the Telephone Company be subject to any late payment, interest, or penalty with respect to any Billing Credit.

(K) Mergers and Acquisitions of Customer

If, after August 1, 2014, the customer merges with another company, acquires a company or a portion of the business of another company (including, by way of example, any ACNA(s) not provided under Section (C)(3) preceding) (the company with which customer merges and the company or portion of the business thereof that customer acquires (including, by way of example, any ACNA(s) not provided under Section (C)(3) preceding) may be referred to collectively as the **Customer Acquired Properties** and such merger or acquisition may be referred to in either case as an **Acquisition**), and the Telephone Company provides any Qualifying TDM Services in connection with such Customer Acquired Properties, then customer shall notify the Telephone Company in writing (the **Acquisition Notice**) prior to the closing date of the Acquisition (the **Acquisition Closing Date**), and the customer and the Telephone Company shall determine whether such Customer Acquired Properties shall be included in or excluded from Option 66.

(L) Sale of Verizon Operating Telephone Company

If some or all of the assets or stock of a Verizon Operating Telephone Company that provides Services are acquired by an unaffiliated third party during the Service Period, effective with the closing of such transaction, the Telephone Company will proportionally adjust the TDM Services Annual Revenue Commitment.

Illustrative Example:

Assume the following information for Plan Year 2:

- (1) The Qualifying TDM Services Annual Revenue Commitment is \$19.0M.
- (2) The Telephone Company sells Verizon New York to a third party at the end of month 8 of Plan Year 2.
- (3) During the three month period prior to the sale, Verizon New York accounted for \$3.0M in Billed Qualifying TDM Service Revenue.

Based on the above assumptions:

- (1) The average monthly Billed Qualifying TDM Service Revenue for Verizon New York is \$1.0M (\$3.0M / 3).
- (2) There are four (4) months remaining in Plan Year 2 (12 months - 8 months).
- (3) The Plan Year 2 Qualifying TDM Services Annual Revenue Commitment would be reduced by \$4.0M (\$1.0M * 4).
- (4) The adjusted Qualifying TDM Services Annual Revenue Commitment for Plan Year 2 is \$15.0M (\$19.0M - \$4.0M).
- (5) The Qualifying TDM Services Annual Revenue Commitment for Plan Year 3 will be reduced by the \$12.0M (\$1.0M * 12), resulting in a revised Qualifying TDM Services Annual Revenue Commitment of \$7.0M (\$19.0M - \$12.0M).

- (1) Subject to the terms set forth in this Section (M), customer may terminate this Option 66 at any time during the Service Period. Customer must provide written notice of termination at least ninety (90) days prior to the requested date of termination of this Option 66. Termination of less than all of the Contract Tariffs (i.e., terminations of the contract option under this tariff or FCC 1 or FCC 14 only) shall be deemed to be an automatic termination of all Contract Tariffs. If customer terminates or cancels this Option 66 at any time during the Service Period for any reason other than by Regulatory Termination (as defined in Section (B) preceding), or a default by the Telephone Company, or if customer breaches the terms or conditions of the Option 66 and fails to cure such breach within thirty (30) days' written notice, then customer shall pay to the Telephone Company by no later than thirty (30) days after such date of termination or breach an amount equal to the percentage of the Billing Credit issued to customer for the prior Plan Year as indicated in the following table.

Month of Termination/Breach	Termination Percentage
13-24	60%
25-36	40%

- (2) Customer will not receive any Billing Credits after receipt of notice of termination.
- (3) The customer and the Telephone Company, by mutual written agreement, may terminate this Option 66 at any time. Except as otherwise mutually agreed in writing by the customer and the Telephone Company: (a) any termination under this Section (M)(3) in Plan Year 1 shall be effective as of August 1, 2014 and customer shall not be eligible for any Billing Credits for Plan Year 1; (b) any termination under this Section (M)(3) in Plan Year 2 or Plan Year 3 shall be effective as of the end of the applicable Plan Year preceding the termination, and customer shall be charged for all Billing Credits applied for the Plan Year preceding termination and shall not be eligible for any Billing Credits for any period of time after the end of such Plan Year.

32. Contract Tariffs (Cont'd)32.67 Contract Tariff Option 66 (Cont'd)(N) Suspension of True-Ups During Service Period

During the Service Period, the customer and the Telephone Company agree to suspend the true-up requirements for the Existing Plans, including any shortfall payments or penalties that would otherwise result for failure to maintain volume commitments under the Commitment Discount Plan (FCC 1 and FCC 11, Section 25.1.7), and the DS1 Term Volume Plan (FCC 14, Section 5.6.14(G)-(I)). Upon termination of Option 66 for any reason other than noted in Section (G)(3)(c) preceding, the true-up process will be re-activated for the underlying Existing Plans based on original commitments under Existing Plans. Upon expiration of this Option 66 in compliance with Section (G)(3)(c) preceding, the true-up process will be re-activated for the underlying Existing Plans based on then current quantities of TDM Services under Existing Plans.
