INTERNATIONAL TELECOMMUNICATIONS SERVICES TARIFF

SECTION 2.0 - RULES AND REGULATIONS, (CONT'D.)

2.18 Universal Service Fund Charge (USF)

The Federal Universal Service Fund Charge is assessed to all Customers of services included in this tariff where billing capabilities exist. The charge is based on a percentage of Customer's net interstate and international charges incurred during a month and will be equal to the quarterly assessment factor set by the Federal Communications Commission. This charge is in addition to the tariffed per minute usage rates and any applicable monthly service fees and surcharges associated with utilizing the Company's service and is assessed based on billing capability.

2.19 Carrier Cost Recovery Fee

The Carrier Cost Recovery Fee is intended to recover the Company's administrative costs associated with the FCC regulatory fees and programs, as well as other network and termination costs. This fee is assessed to all customers of services included in this tariff. For Customers who have selected the Company as their primary interexchange carrier, a Carrier Cost Recovery Fee in the amount of \$1.97 per ANI will be billed each month. For Customers who have not selected the Company as their primary interexchange carrier but access the Company's service via a CAC and for Customers who subscribe to the Company's local exchange services, a Carrier Cost Recovery Fee in the amount of \$1.97 per ANI will be billed in each month during which the Customer accesses the Company's interstate services. (T)
(T)
(T)

2.20 Pay Telephone Use Charge

In addition to all other charges for services under this tariff, an undiscountable pay telephone use charge of \$0.6000 shall apply to each coinless call which the Company can identify as placed from a pay telephone by or to the Customer or its permitted users. This charge is for the use of the pay telephone instrument to access the Company's service. Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Pay Telephone Use Charge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol on the pay telephone keypad).

2.21 Multi-brand and Affiliate Credit and Collections Practices

The Company may collect on behalf of the Company and/or its affiliates or brands in one or more transactions as permitted by law.

The Company reserves the right to apply credit balances from one Company affiliate or brand to another to satisfy outstanding account balances for billed regulated telecommunications services.

Issued: August 11, 2014

INTERNATIONAL TELECOMMUNICATIONS SERVICES TARIFF

SECTION 2.0 - RULES AND REGULATIONS, (CONT'D.)

2.22 Alternative Payment Processing

Excel allows Customers to make payment for services rendered through alternative payment processing options, including but not limited to, credit card payments and automated clearing house transactions. Customers may make payment using alternative payment processing through Excel's Customer Care Center, the Company's internet website or other methods approved by Excel. The acceptance of alternative payment processing options for the satisfaction of the Customer's debts to Carrier shall not constitute a waiver by Carrier of its right to payment by legal tender.

Customers may elect to enroll in Excel's Recurring Payment Plan, whereby the Customer's payment is automatically processed by Excel each month through the Customer's selected alternative payment processing option. Customer's Recurring Payment Plan will remain in effect until Customer requests cancellation of the plan through Excel or canceled by Excel. In order to avoid delays in payment processing and potential service interruptions, Customer is responsible for providing Excel with valid credit card or other account information, including any needed updates.

2.23 FCC Regulatory Fee (Wireline)

The FCC Regulatory Fee (Wireline) is intended to recover the costs associated with federal regulatory proceedings and compliance. This fee is based on a percentage of Customer's net interstate and international long distance usage during a month and will be equal to the annual assessment factor set by the Federal Communications Commission. This fee is assessed to all customers of service included in this tariff and only in months when there is applicable usage. This fee is not a tax or charge required by the government.

(T)
(T)
(T)

2.24 Federal Regulatory Compliance Fee

This fee will assist the Company in recovering the costs of administering, adhering to and filing expenses associated with regulatory proceedings and compliance. This fee will be applied on a per line basis to all Customers presubscribed to the Company's services. This fee is not a tax or charge required by the federal government.

SECTION 4.0 - RATES AND CHARGES, (CONT'D.)

4.7 Excel 10-10-457 International Casual Calling Program

Excel 10-10-457 International Casual Calling Program is an international service which allows casual calling customers the ability to originate outbound 1+ calls from the United States to international locations. Participating Customers may access Excel's 10-10-457 Casual Calling International Program by dialing access code 10-10-457. Excel 10-10-457 International Casual Calling Program is the Default Service for accessing Excel's service on a per call basis via the Company's CAC(s). Each call has an initial minimum of 5 minutes in duration and will be charged pursuant to the flat Initial Per Call Minimum Charge listed in Section 4.7.1, 24 hours a day, 7 days a week. Any call in excess of 5 minutes will be charged a corresponding Additional Per Minute Charge listed in Section 4.7.1. A Per Call Connection Charge of \$0.6000 also applies. Calls will have an initial minimum of three hundred (300) seconds or 5 minutes and any time beyond that minimum will be billed in addition using sixty (60) second increments. If the computed call charge includes a fraction of a cent, the fraction is rounded up to the next whole cent.
