GENERAL

This tariff contains rates and regulations applicable to Access Services.

Tariff Page Format

Page Numbering. Page numbers are located in the upper right corner of each tariff page. Pages are numbered sequentially. When a new page must be added between existing pages, a decimal and number is added to the previous page number, to sequentially number the new page. For example, a new page between existing pages 20 and 21 would be numbered 20.1. A new page added between pages 18.1 and 18.2 would be numbered 18.1.1.

Page Revision Numbering. Page Revision Numbers are located in the upper right-hand corner of each tariff page. This number is the most recent page revision on file with the FCC. Due to Notice Periods and change Effective Dates, the most recent page on file with the FCC may not be in effect. Consult the Effective Date on a specific page and Tariff Supplements to determine if that page is in effect (see Tariff Supplements following).

Issue Date. The Issue Date in the lower left corner of each tariff page is the date that page was filed with the FCC.

Effective Date. The Effective Date in the lower right-hand corner is the date the page is scheduled to go into effect (at 12:01 a.m. on that date). This date may be changed by either reissuing the page, or by issuing a tariff supplement to change the effective date without reissuing the page. A Tariff Supplement is usually used when many tariff pages are involved to avoid the necessity to reprint and reissue many pages solely to change the effective date.
