SECTION 1 INTRODUCTION AND SUMMARY

Introduction

The Illinois Consolidated Telephone Company hereby provides a Description and Justification for its limited Tariff Review Plan revisions to F.C.C. Tariff No. 2 along with supporting documentation. This information is being filed in accordance with the Commission's 2014 TRP Notices released March 25, 2014 and April 14, 2014 (DA 14-404 and DA 14-494 respectively) and fulfills the requirements established in Sections 61.41 through 61.49 of the Commission rules.

Description of the Illinois Consolidated Telephone Company Operations

The Illinois Consolidated Telephone Company (ICTC) is now a price cap company pursuant to FCC Order DA 08-1026¹ that falls under Sections 61.41 through 61.49 of the Commission's Rules and relevant Commission Orders.² They provide local service, toll, private line services, access services, DSL, CLASS services, and other modern telecommunications services to their customers.

It provides local service, toll, private line services, access services, DSL, CLASS services, and other modern telecommunications services to its customers.

Headquartered in Mattoon, Illinois, Consolidated Communications provides customers in East Central Illinois access to the latest available technologies to provide the best possible service. Illinois Consolidated officially began business in 1894 as the Mattoon Telephone Company founded by Dr. Iverson A. Lumpkin marking a century of service to East Central Illinois customers.

ICTC, along with other subsidiaries of then-Consolidated Communications, merged with McLeodUSA in 1997. In July 2002, an investment group, headed by ICTC Chairman and President Richard A. Lumpkin entered into an agreement to purchase ICTC and the other related subsidiaries from McLeodUSA. The sale closed on December 31, 2002, and the company name was changed to Consolidated Communications, Inc.

In April 2004, Consolidated Communications completed the purchase of Texas-based TXU Communications, which is comprised of the former Lufkin-Conroe Telephone Exchange and Fort Bend Communications.

ICTC is a rural East Central Illinois telecommunications carrier providing service to approximately 53,000 customers. The 35 communities served include: Arcola, Arthur, Ashmore, Assumption, Atwood, Blue Mound, Charleston, Cowden, Edinburg, Effingham,

SECTION 2 OVERVIEW OF FILING PACKAGE

Tariff Support Material

This support material is submitted pursuant to Part 61.49 of the Federal Communications Commission (Commission) Rules and Regulations and the Order issued in WC Docket No. 13-76, July, 2013 Annual Access Charge Tariff Filings released March 26, 2013, and Tariff Review Plans issued in WC Docket No. 13-76, Material to be Filed in Support of 2013 Annual Access Tariff Filings, released April 19, 2013.

In addition to the description and justification contained in this volume, the following information is submitted to provide specific support data at the proposed tariff level of detail for the Consolidated local operating companies.

Description and Justification

SECTION 3 TARIFF SUPPORT

PCI Development

In Accordance with the Commission's Rules, the PCI for each service basket were calculated as shown in Exhibit 2, RDEV-1, Page 1 of 3. A GDP-PI factor of 1.4205% was used in calculating the PCI and is based on the percentage change in the Gross Domestic Product Price Index (GDP-PI) between the quarter ending December 31, 2013, and the corresponding quarter of the 2012 GDP-PI.

As directed by the Commission,³ a workpaper identifying the transmittal or letter filing date where the last index changes were implemented for the price cap categories has been included in Exhibit 2, RDEV-1, Page 3. Also, pursuant to DA 08-1026,⁴ Consolidated has excluded ICLS receipts from its CMT PCI calculations.

The prospective PCI values for the Special Access Basket are calculated using formula found in 61.45(b) of the Commission's rules. Calculation of PCI values is shown in Exhibit 2, RDEV-1, Page 1 of 3.

Determination of Exogenous Changes

In Accordance with the Commission's Rules, Consolidated developed certain exogenous changes for inclusion in the price cap formula. These changes include: (1) North American Number Plan Administration; (2) Regulatory Fees; and (3) Telecommunications Relay Service Fees.

Exogenous cost changes were individually developed for each of the items outlined above, and in the aggregate for all changes. Consolidated used base year 2013 (time of its last tariff filing) to estimate exogenous costs embedded in rates. Consolidated has also normalized the exogenous amounts to reflect any shift in revenue growth. The result is that no exogenous adjustment is made if the support rate has not changed. In other words, the rate per line remains unchanged if the factor is unchanged. A brief description of each change follows and a summary of the exogenous changes is shown in Exhibit 2, RDEV-1.

³ 2014 TRP Notice, *Supra.*, Paragraph 12.

⁴ See, Order, Consolidated Communications Petition for Conversion to Price Cap Regulation and for Limited Waiver Relief, DA 08-1026 para 18.

North American Numbering Plan Administration

On June 27, 2001, the Federal Communications Commission release an order approving the compensation plan for the North American Numbering Plan Administration (NANPA) for fiscal year 2001.⁵ The Commission reviewed and accepted the North American Numbering Plan Administrator submission and ordered that a contribution factor of 0.0000365.⁶ This factor is used as an estimate for application to end user revenues of each telecommunications carrier in the United States to fund the program for the 2013 fiscal year (July 2013 to June 2014). The impact of the NANPA support has been included as an exogenous cost in this filing as shown in Exhibit 2, RDEV-1. No updated factor has been used for this filing.

Regulatory Fees

Earlier Commission decisions⁷ allow local exchange companies to reflect the impact of regulatory fees as an exogenous cost in annual price cap filings. The impact of regulatory fee changes for the July 2014 – June 2015 fiscal year was originally calculated using a factor of .00340 as prescribed in the Commission's *Regulatory Fee Order*.⁸ Subsequently, the FCC revised its calculation of Regulatory Fees to a factor of .00343 as prescribed in the Commission's revised *Regulatory Fee Order*⁹ and has been used as an estimate and included as an exogenous cost in this filing and is shown in Exhibit 2, RDEV-1. In this exhibit, calculations to revise the exogenous adjustment made on June 16, 2014 under CCC Transmittal No. 41 are shown, which changed the regulatory fee contribution factor from .00340 to .00343 in compliance with MD Docket No. 14-92, (FCC 14-129), released August 29, 2014. This exogenous allocation can be seen in RDEV-1, Page 2 of 3.

Telecommunications Relay Service

The Americans with Disabilities Act (ADA) required that all common carriers providing interstate voice telecommunications provide Telecommunications Relay Service (TRS) to customers effective July 26, 1993. In its *Third Report and Order* in CC Docket No. 90-571,¹⁰ the Commission required that all common carriers providing interstate telecommunications services contribute to an interstate shared fund to support the TRS function. The impact of the TRS exogenous cost for this filing was originally calculated using the .01174 as estimated in the

⁵ *In the Matter of Administration of the North American Number Plan*, CC Docket No. 92-237 and *North American Number Plan Cost Recovery Contribution Factor and Fund Size*, NDS File No. L-00-72, Order (DA 01-1524), released June 7, 2001 (NANP Order)

⁶ *In the Matter of Administration of the North American Numbering Plan, Proposed North American Numbering Plan Administration Fund Size Estimate and Contribution Factor for July 2014 through June 2015* (filed June 13, 2014) Public Notice, DA 14-792, CC Docket No. 92-237.

⁷ *Price Cap Treatment of Regulatory Fees Imposed by Section 9 of the Communications Act*, 9 FCC 6060 (1994), erratum (November 2, 1994).

⁸ *In the Matter of Assessment and Collection of Regulatory Fees for Fiscal Year 2014*, Notice of Proposed Rulemaking, (filed June 13, 2014) FCC Order 14-88, MD Docket 14-92 (*Regulatory Fee Order*).

⁹ *In the Matter of Assessment and Collection of Regulatory Fees for Fiscal Year 2014*, Notice of Proposed Rulemaking, (filed August 29, 2014) FCC Order 14-129, MD Docket 14-92 (*Regulatory Fee Order*).

¹⁰ *In the Matter of Telecommunications Relay Services and the Americans with Disabilities Act of 1990*, Third Report and Order, CC Docket No. 90-571, released July 20, 1993 (*Third Report and Order*).

May 1, 2014, FCC submission by Rolka Loube Saltzer Assoc. (RLSA).¹¹ Subsequently, the FCC revised its calculation of TRS Fees to a factor of .01219 as prescribed in the Commission's revised *TRS Order*¹² and has been used as an estimate and included as an exogenous cost in this filing and is shown in Exhibit 2, RDEV-1. In this exhibit, calculations to revise the exogenous adjustment made on June 16, 2014 under CCC Transmittal No. 41 are shown, which changed the TRS contribution factor from .01174 to .01219 in compliance with DA Order 14-946, released June 30, 2014. This exogenous allocation can be seen in RDEV-1, Page 2 of 3.

Rate Detail and other Exhibits

Rate Detail files will be submitted as part of the Consolidated TRP submission to display demand quantities, current rates, proposed rates, and the associated quantities for the specific baskets. For CMT, proposed SLC rates are set at current capped levels pursuant to Consolidated's price cap order¹³ and PICC and CCL rates continue to be zero. For non-CMT baskets, PCI, SBI, and sub-index calculations are shown.

Consolidated also includes a revenue impact analysis in Exhibit 3, RDET1 to display overall impacts of any rate changes in the filing.

¹¹ *Rolka Loube Saltzer Associates LLC submits payment formulas and funding requirements estimates for the Interstate Telecommunications Relay Service Fund for the July 2014 through June 2015 fund year*, FCC Report DA 14-627, CG Docket 03-123, Released May 9, 2014

¹² *In the Matter of Telecommunications Relay Services and Speech to Speech Services for Individuals with Hearing and Speech Disabilities* Notice of Proposed Rulemaking, (filed June 30, 2014 DA 14-946, CG Docket 03-123 (*TRS Order*)).
