RE: Transmittal No. 168

The accompanying tariff material, issued by the Illinois Consolidated Telephone Company and bearing Tariff F.C.C. No. 2 Access Service, is sent to you for filing in compliance with the requirements of the Communications Act of 1934, as amended. The proposed effective date of October 18, 2014, is fifteen days after the filing date, in accordance with Section 204(a)(3) of the Communications Act of 1934.

This filing is to correct an administrative oversight in our July filing. In the July Annual Access filing, we applied the access reductions to our end office rate –Common Trunk Port but failed to split out the rate elements as originating and terminating and maintaining the correct originating rate. We have been billing these rate elements, for originating traffic, at the lower terminating rate since July 1, 2014.

With this tariff filing, we have made the correction by splitting the Common Trunk Port into originating and terminating; changing the originating rate back to what it was prior to June 16. In addition, for the Dedicated Trunk port, we are revising the calculation and splitting the rate elements into originating and terminating.

The filing, to become effective October 18, 2014, consists of revised tariff pages as indicated on the check sheets attached.

In compliance with Section 61.14 of the Commission's Rules, the transmittal, associated files, required form 159 and \$910.00 filing fee are being transmitted electronically today via the Commission's Electronic Tariff Filing System.

All petitions, correspondence and inquiries in connection with this filing should be addressed to Scott Kitchen at 350 S Loop 336 W, Conroe, TX 77304, telephone 936-521-7736 or scott.kitchen@consolidated.com.
