TARIFF FORMAT

- (A) Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added.
- (B) Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of the various suspension periods and deferrals the Commission follows in its tariff approval process, the most current page number on file with the Commission is not always the tariff page in effect. Consult the check sheet for the page currently in effect.
- (C) Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
 - 2.1
 - 2.1.1
 - 2.1.1(A)
 - 2.1.1(A)(1)
 - 2.1.1(A)(1)(a)
 - 2.1.1(A)(1)(a)(1)
 - 2.1.1(A)(1)(a)(1)(i)
 - 2.1.1(A)(1)(a)(1)(i)(1)
- (D) Check Sheets - When a tariff filing is made with the Commission an updated check sheet accompanies the filing. The check sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There shall be no other symbols used on this page if these are the only changes made to it. The tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the Commission.

- 2.7.5 Should service be suspended for nonpayment of charges, it will be restored when appropriate payments are made.
- 2.7.6 When service has been disconnected for nonpayment, the service agreement is considered to have been terminated. Reestablishment of service may be made only upon the execution of a new service agreement which is subject to the provisions of this tariff.
- 2.7.7 In its discretion, the Company may restore or reestablish service which has been suspended or disconnected for nonpayment of charges, prior to payment of all charges due. Such restoration or reestablishment shall not be construed as a waiver of the Company's right to receive full payment for all charges due or any rights to suspend or disconnect service for nonpayment of any such or other charges due and unpaid or for the violation of the provisions of this tariff; nor shall the failure to suspend or disconnect service for nonpayment of any past due account or accounts operate as a waiver or estoppel to suspend or disconnect service for nonpayment of such account or of any other past due account.

SECTION 2 - REGULATIONS, (CONT'D.)

2.7 Payment and Billing, (Cont'd.)

2.7.8 The Company may demand immediate payment under the following circumstances:

- (A) Where Service is terminated or abandoned.
- (B) Where actual usage is two times greater than the Customer's average usage as reflected on the monthly bills for the three months prior to the current bill or, in the case of a new Customer who has been receiving Service for less than four months, where the actual usage is twice the estimated monthly usage charge.
- (C) Where the Company has reason to believe that a Business Customer is about to go out of business or that bankruptcy is imminent for that Customer.

2.7.9 A charge of \$20.00 will apply whenever a check, draft, or electronic funds transfer presented for payment for service is not accepted by the institution on which it is written.

2.7.10 The security of Authorization Codes used by the Customer or its Authorized Users are the responsibility of the Customer. All calls placed using such Authorization Codes or using facilities owned or controlled by the Customer, its Authorized Users shall be billed to the Customer and must be paid by the Customer.

2.7.11 If notice from the Customer of a dispute as to charges is not received in writing by the Company within thirty (30) days after delivery of an invoice to the custody of the U.S. Mail or other standard delivery service, the billing will be considered correct and binding.

2.7.12 The minimum period for which services are provided and for which rates and charges are applicable is one (1) month unless otherwise specified in this tariff or by mutually agreed upon contract. When a service is discontinued prior to the expiration of the minimum period, charges are applicable, whether the service is used or not.

SECTION 2 - REGULATIONS, (CONT'D.)

2.8 Deposits

- 2.8.1 The Company reserves the right to validate the credit worthiness of Customers and billed parties through available verification procedures and to establish a maximum predetermined credit amount. Where a requested billing method cannot be validated or maximum credit amount established, the Company may refuse to provide service.

Any applicant whose credit has not been duly established and acceptable to the Company may be required to make a deposit to be held as a guarantee of payment of charges. In addition, an existing Customer may be required to make a deposit or increase a deposit presently held.

- 2.8.2 A deposit is not to exceed two month's Service and the estimated usage charges for two (2) month's service plus installation. A Deposit will be returned as follows:

- (A) When an application for service has been canceled prior to the establishment of Service. The deposit will be applied to any charges applicable in accordance with this tariff and the excess portion of the deposit, if any, will be returned.
- (B) Upon termination of Service, the deposit and accrued interest, as described herein, will be applied to any charges applicable in accordance with this tariff and the excess portion of the deposit, if any, will be returned promptly.

- 2.8.3 The interest rate used will be simple interest at the rate of six percent annually unless a different rate has been established by the appropriate legal authority in the state where the Service offering is located.

- 2.8.4 The fact that a deposit has been made in no way relieves the applicant or Customer from complying with the Company's regulations as to advance payments and the prompt payment of bills on presentation nor does it constitute a waiver or modification of the regular practices of the Company providing for the discontinuance of Service for nonpayment of any sums due for Service rendered.

SECTION 2 - REGULATIONS, (CONT'D.)

2.9 Advance Payments

In order to protect the Company against revenue loss, an applicant for Service may be required to pay in advance of installation an amount not to exceed applicable service charges or other nonrecurring charges, plus estimated charges for two months of Service. Where special construction charges are applicable the payment thereof may be required in advance of start of construction. The amount of advance payment will be credited to the Customer's account on the first bill rendered for Service, and a new advance payment may be collected each month to be applied to each subsequent bill for Service.

2.10 Taxes

Any assessments, franchise fees, privilege, license, occupation, excise, or other similar taxes or fees, whether in lump sum or at a flat rate, or based on receipts, or based on poles, wire or other utility property units, imposed upon the Company by any governmental authority shall be added pro rata, insofar as practical, in amounts which in the aggregate for the Company's Customers of any political entity shall be equal to the amount of any such tax upon the Company. The Company shall, so long as any such tax or fee is in effect, add to the bills of the Customers in such political entity pro rata on the basis of the revenue derived by the Company from each such Customer, an amount sufficient to recover any such tax or fee.

Unless otherwise specified in this tariff, any such taxes and fees are in addition to rates as quoted in this tariff and are included as separate line items on the Customer's bill.

SECTION 2 - REGULATIONS, (CONT'D.)

2.11 Terminal Equipment

Service may be used with or terminated in terminal equipment or communications systems, such as a PBX or key telephone system, provided by the Customer or its Authorized User. Such terminal equipment or communications systems shall be furnished by and maintained at the expense of the Customer or its Authorized User, except as otherwise provided. The Customer and its Authorized User is also responsible for all costs at its premises incurred in the use of Service, including but not limited to equipment, wiring, electrical power, and personnel. When such terminal equipment or communications systems are used, they shall in all respects comply with the generally accepted minimum protective standards of the telecommunications industry as endorsed by the Federal Communications Commission.

2.12 Interconnection

Service furnished by the Company to the Customer or its Authorized Users may be connected with the services or facilities of other carriers. The Customer is responsible for all charges billed by other carriers in connection with the use of Service. Any special equipment or facilities necessary to achieve compatibility between carriers are the sole responsibility of the Customer.

SECTION 2 - REGULATIONS, (CONT'D.)

2.13 Inspection, Testing and Adjustment

- 2.13.1 The Company may, upon reasonable notice, make such tests and inspections as may be necessary to determine whether tariff requirements are being complied with in the installation, operation, and maintenance of the Customer's, Authorized User's or the Company's equipment. The Company may, without notice, interrupt Service at any time, as necessary, because of a departure from any of these requirements and may continue such interruption until its requirements have been satisfied.
- 2.13.2 Upon reasonable notice, access to the facilities provided by the Company shall be made available to the Company by the Customer or its Authorized Users for such tests and adjustments as may be necessary for their maintenance to a condition satisfactory to the Company.
- 2.13.3 The Company shall not be liable to the Customer, its Authorized Users for any damages for Service interruption pursuant to this Subsection. Neither the Customer nor its Authorized Users shall be entitled to any credit for interruption of Service pursuant to this Section when the interruption of Service is less than two (2) hours.

SECTION 2 - REGULATIONS, (CONT'D.)

2.14 Interruption of Service

- 2.14.1 The Customer shall be given a credit allowance for any interruption of Service which is not due to (a) the Company's inspection, testing or adjustment, if for a period of two (2) hours or less; (b) mistakes or errors of the Customer or its Authorized Users; or (c) the failure of facilities or equipment provided by the Customer or its Authorized Users.
- 2.14.2 Credit allowances shall be subject to the general liability provisions set forth in Section 2.3 herein. It shall be the obligation of the Customer to notify the Company immediately of any interruption of Service for which a credit allowance is desired. Before giving such notice, the Customer shall ascertain that the trouble is not being caused by action or omission of the Customer or its Authorized Users, or is not in facilities or equipment, if any, furnished by the Customer or its Authorized User and connected to the Company's Services.
- 2.14.3 For the purposes of credit computation, every month shall be considered to have seven hundred twenty (720) hours. No credit shall be allowed for any interruption of Service of a continuous duration of less than two (2) hours.
- 2.14.4 The Customer shall be credited for an interruption of Service of two (2) hours or more at the rate of 1/720th of the monthly non-usage sensitive charges for the Service affected for each hour or major fraction thereof that the interruption continues. The formula for calculating credit shall be as follows:

$$\text{Credit} = \frac{A}{720} \times B$$

"A" = Outage time in hours

"B" = Total monthly fixed, non-usage sensitive
charge for affected facility

- 2.14.5 For usage rated toll services, credits will be limited to, at maximum, the price of the Initial Period for the individual call that was interrupted plus any applicable per call service charges or surcharges required to reconnect the caller.

SECTION 2 - REGULATIONS, (CONT'D.)

2.15 Use of Recording Devices

Customers and Authorized Users who use recording devices do so at their own risk. A Customer or Authorized User may only use a recording device if the Customer or Authorized User complies with the requirements of this section and is able to connect or disconnect the recording device, or turn the recording device on or off, at will.

- 2.15.1 Customers and Authorized Users may record a conversation if the Customer or Authorized User first obtains written or verbal consent to the recording of all parties to the conversation prior to or at the beginning of the conversation.
- 2.15.2 A distinctive recorder tone must be repeated at intervals of approximately fifteen (15) seconds to alert all parties to the conversation that a recording device is being used.
- 2.15.3 The requirements of 2.15.1 and 2.15.2 are waived for Broadcast licensees who use a recording device to record a conversation for broadcast if all parties to the conversation are aware that the conversation will be broadcast.

2.17.2 Universal Service Fund Charge

The Company is required by the Federal Communications Commission (FCC) to contribute to the Federal Universal Service Fund (FUSF) to preserve and advance telecommunications services. The FCC sets the rate (FCC Contribution Factor) that the Company is required to contribute, and the FCC may increase or decrease the rate on a quarterly basis. The FCC permits the Company to assess a monthly surcharge for the recovery of contributions paid by the Company to the FUSF, and the Company does assess such a charge. The Company reserves the right to change the amount of the assessment based on charges made to the FUSF rate by the FCC. 2.17 Adjustment to Rates and Charges, (Cont'd.)

2.17.3 Presubscribed Interexchange Carrier Charge (PICC)

For Customers who select the Company as their Primary Interexchange Carrier, the Company will assess the Customer a monthly recurring charge, called a Presubscribed Interexchange Carrier Charge (PICC). This charge will be assessed on a per line basis as shown below. PICCs will not be prorated for a partial month of service and are not subject to discounts nor contribute to any monthly minimums or revenue commitments which may apply to Company services subscribed to by the Customer. The Company may, at its option, elect to incur the PIC change charge on the Customer's behalf for new Customers who presubscribe their interstate service, for all products in Section 4 of this tariff, to the Company through Company-designated sales channels for Company-designated marketing campaigns and where the appropriate arrangements are in place between the Company and the eligible Customer's local exchange carrier. In the event that no such arrangements are in place, the Company may, at its option, reimburse the Customer, or issue the appropriate credits on the Customer's invoice upon Customer's proof of payment of such PIC change charges.

2.17.5 Carrier Cost Recovery Fee

The Company will assess residential Customers who have presubscribed to the Company as their primary interexchange carrier a Carrier Cost Recovery Fee to recover certain costs associated with state-to-state access charges, expenses associated with regulatory proceedings and compliance, and billing expenses. A Carrier Cost Recovery Fee of \$1.99 will be applied per billing account in each month in which a residential Customer has Company long distance interstate or international charges, such as monthly service charges or direct dialed usage charges, on an invoice. The fee will apply in full for any portion of a billing period in which the Customer has applicable interstate or international charges. This fee is not a tax or charge imposed or required by any government entity.

2.17.6 Federal Regulatory Fee

The Federal Regulatory Fee is a non-discountable monthly charge to recover amounts paid to the federal government for regulatory costs and telecommunications services for the hearing impaired and is applied on a monthly basis to Business Customers only. SECTION 6 - INTERNATIONAL RATES AND CHARGES, (CONT'D.)

6.5 BellSouth® International Mobile Termination Charge

(T)

The International Mobile Termination Charge (IMTC) is an additional per-minute charge that is applied to all international calls originating in the United States and terminating in certain countries to (1) wireless devices; and (2) ranges of fixed wireless telephone numbers which the foreign telecommunications company designates to be for special services. Because many foreign telecommunications companies impose extra fees on the Company to complete these calls, the Company charges the IMTC, in addition to all other applicable charges. The IMTC amount varies by country and changes from time to time. Please check codes and rates periodically for current information. Codes can be found at www.att.com/mobileterm. The following per-minute charges listed in Section 6.5.1 below will apply.
