APPLICATION OF TARIFF

This tariff contains the regulations, rates and charges applicable to the provision of domestic long distance telecommunications services by Verizon Long Distance LLC between points within the United States, American Samoa, Puerto Rico, the U.S. Virgin Islands, Guam and the Northern Mariana Islands. This tariff includes rates, terms and conditions applicable for the first 45 days of service and informational filing requirements for Operator Services.

(T)
(T)

TARIFF FORMAT

(N)

- A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of the various suspension periods and deferrals the Commission follows in its tariff approval process, the most current page number on file with the Commission is not always the tariff page in effect. Consult the check page for the page currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
 - 2
 - 2.1
 - 2.1.1
 - 2.1.1.A
 - 2.1.1.A.1
 - 2.1.1.A.1.(a)
 - 2.1.1.A.1.(a).I
 - 2.1.1.A.1.(a).I.(i)
 - 2.1.1.A.1.(a).I.(i).(1)
- D. Check Sheets - When a tariff filing is made with the Commission an updated check sheet accompanies the filing. The check sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There shall be no other symbols used on this page if these are the only changes made to it. The tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the Commission.

Transmittal No. 177

Effective: November 15, 2014

SECTION 1 - DEFINITIONS, (Cont'd.)

Residential Customer - For the purpose of this tariff, a Residential Customer is a Customer of the Company whose primary use of the Company's service is for personal use in a house, apartment or other residential dwelling. A Residential Customer is also a Customer who accesses the Company's service using an access line that has not been assigned a business class of service by the local service provider.

Service - Any or all interstate service(s) provided by Company pursuant to this tariff.

(N)

Sub-Minute Rating - Consists of an initial period rated at the appropriate initial period rate. Each increment thereafter is rated at the appropriate additional period rate which is less than one full minute.

Switched Access - A method for reaching the Company through the local service provider's switched network whereby the Customer uses local exchange lines.

Terminal Equipment - Telecommunications devices, apparatus and associated wiring on the Premises of the Customer.

Third Party Billing - A billing arrangement by which the charges for a call may be billed to a telephone number that is different from the calling number and the called number.

United States - The forty-eight contiguous states, the District of Columbia, Alaska, Hawaii, American Samoa, Guam, Puerto Rico, the Northern Mariana Islands and the US Virgin Islands.

Issue Date: November 14, 2014

Transmittal 177

Effective Date: November 15, 2014

SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

2.13 Interruption of Service

- 2.13.1 Credit allowances for interruptions of service which are not due to the Company's testing or adjusting, to the negligence or other wrongful act or omission of the Customer, or to the failure of services, channels, equipment and/or communications systems provided by the Customer or the Customer's agents, servants, employees, or Customers, are subject to the general liability provisions set forth in this tariff. It shall be the obligation of the Customer to notify the Company immediately of any interruption in service for which a credit allowance is desired by the Customer. Before giving such notice, the Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by the Customer. Interruptions caused by Customer-provided, or Company-provided automatic dialing equipment are not deemed an interruption of service as defined herein since the Customer has the option of using the long distance network via dial access code.

For purposes of credit computation, every month shall be considered to have 30 days and every day 24 hours. For all Company services no credit shall be allowed for an interruption of continuous duration of less than twenty-four (24) hours for Residential Service and of less than two (2) hours for Business Service. For services billed on a usage basis, credits will be limited to, at maximum, the price of the call that was in progress at the time of the service interruption.

(T)

(T)

For services with monthly recurring charges, credit is computed by multiplying the monthly recurring rate by the ratio that the number of hours in the period of interruption bears to 720 hours (30 days times 24 hours). The credit shall be based upon the non-usage charges for the month during which the interruption occurred, excluding equipment and access line charges. Credits for services billed on a usage basis will be determined as set forth above.

- 2.13.2 An interruption is measured from the time the Customer notifies the Company of the interruption until the trouble is cleared. Each interruption is considered separately for the purposes of establishing credit allowance. Unless otherwise specified in this tariff, the credit for a billing period shall not exceed the monthly rate.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES

3.1 General

Subject to Section 2.1 of this tariff, the Company provides telecommunications services between locations within the United States. The Company's service charges are based upon call duration, time of day rate period, mileage, and/or call type.

Subject to Section 2.1 of this tariff, presubscribed service is offered from locations served with equal access end offices.

The Company's service is available twenty-four hours per day, seven days a week, except as otherwise provided in the Company's tariffs.

All usage rates are expressed as rate per minute, unless otherwise clearly indicated.

Issued: November 14, 2014

Transmittal No. 177

Effective: November 15, 2014

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)

3.2 Calculation of Distance

Usage charges for all mileage sensitive services are based on the airline distance between the rate center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the applicable rate centers as defined by Telecordia Technologies (formerly known as Bellcore) and on file with the FCC in NECA Tariff FCC No. 4, in the following manner:

(T)

(T)

Step 1 - Obtain the "V" and "H" coordinates for the rate center of the originating and the destination points.

Step 2 - Obtain the difference between the "V" coordinates of each of the rate centers. Obtain the difference between the "H" coordinates.

Step 3 - Square the differences obtained in Step 2.

Step 4 - Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating rate centers of the call.

Formula:
$$\sqrt{\frac{|V_1 - V_2|^2 + |H_1 - H_2|^2}{10}}$$

Issued: November 14, 2014

Transmittal No. 177

Effective: November 15, 2014

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)

3.6 FirmRate Plus Plan

3.6.1 General Description

The FirmRate Plus Plan is offered to Business Customers for outbound direct dialed calling from presubscribed switched Access Lines at one flat per minute rate. Inbound (toll free) calling is also available for termination on switched Access Lines.

3.6.2 Billing Increments

The billing increment and minimum call duration of each call is determined by the access method selected by the Customer and the call type. Partial increments are rounded to the next increment.

Access Type/Call Type	Initial Increment	Additional Increment
Switched Access	18 Seconds	6 seconds
Operator Assisted	1 minute	1 minute

(N)

(N)

Issued: November 14, 2014

Transmittal No. 177

Effective: November 15, 2014

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)

3.6 FirmRate Plus Plan, (Cont'd.)

(N)

3.6.3 Rates and Charges

A. Usage Rates

Usage Rates are determined according to the Term Commitment selected by the Customer.

1. Switched Access Outbound Rates

	Month to Month	One Year Term	Three Year Term
Rate Per Minute:	\$0.120	\$0.07	\$0.06

2. Switched Access Inbound (Toll Free) Rates

	Month to Month	One Year Term	Three Year Term
Rate Per Minute:	\$0.120	\$0.07	\$0.06

B. Minimum Spend Level

When the Business Customer's billing falls below a \$40.00 minimum level in any full billing period, a shortfall charge will be applied which is equal to the difference between the \$40.00 minimum level and the actual contributory billing for that billing period.

Direct dialed calls, operator assisted calls, directory assistance calls, Toll Free calls and Monthly Recurring Charges, International Plan Monthly Recurring Charges, free minute promotions, percentage discount promotions and Toll Free MRC waivers will contribute toward meeting the Minimum Spend Level (MSL) unless otherwise excluded in the service description in the applicable Product Guide. Only charges of the Company's Business Plans will contribute to the MSL. Taxes, surcharges and charges billed by other carriers on the Customer's bill will not contribute to the MSL.

(N)

Issued: November 14, 2014

Transmittal No. 177

Effective: November 15, 2014

SECTION 4 - MISCELLANEOUS SERVICES

4.3 Operator Services, (Cont'd.)

4.3.7 Service may be suspended by the Company, without notice to the Customer or the Aggregator, by blocking traffic to certain countries, cities, or NPA-NXX exchanges, or individual telephone number, or by blocking calls using certain Customer Authorization Codes, or Calling Cards, when the Company deems it necessary to take such action to prevent unlawful or fraudulent use of service. The Company shall restore service as soon as it can be provided without undue risk, and shall, upon request by the Customer affected, assign a new Authorization Code to replace the one that has been deactivated. The Company reserves the right to validate the credit worthiness of Customers through available Calling Card, called number, Third Party telephone number and room number verification procedures. Where a requested billing method cannot be validated, the Customer or Consumer may be required to provide an acceptable alternate billing method or the Company may refuse to place the call.

4.3.8 The Calling Card holder or local exchange company service subscriber is responsible for payment of the Company's charges for all calls billed to a Calling Card or a telephone line number, respectively.

4.3.9 The Company reserves the right to validate the billing method of Customers through available Calling Card, called number, Third Party telephone number and room number verification procedures. Where a requested billing method cannot be validated, the Customer/Consumer may be required to provide an acceptable alternate billing method or the Company may refuse to place the call.
