Re: Submission of Contract Pursuant to 47 U.S.C. § 211 and 47 C.F.R. § 43.51

Dear Ms. Dortch:

Pursuant to § 211 (a) of the Communications Act of 1934, as amended, and § 43.51 of the Commission's rules, AT&T hereby files an amendment to the agreement between AT&T and Parker FiberNet, LLC. The amendment will add 271 Local Switching service in the state of Georgia. If you have any questions, please do not hesitate to contact me at (202) 457-2040.

Sincerely,

/s/ William Roughton
General Attorney
AT&T Services, Inc.

**AMENDMENT TO THE 271 LOCAL SWITCHING
COMMERCIAL AGREEMENT
BETWEEN
AT&T-21STATE
AND
PARKER FIBERNET, LLC**

This Amendment (the "Amendment") amends the 271 Local Switching Agreement ("271LS Agreement") by and between AT&T-21STATE and Parker FiberNet, LLC ("CARRIER"), executed August 16, 2013 hereinafter referred to collectively as the "Parties" and individually as a "Party", and shall apply in the State of Georgia.

WHEREAS, the Parties acknowledge and agree that the provisions set forth in this 271LS Agreement are not subject to and/or required by the Communications Act of 1934, as amended ("Act") including, without limitation, Sections 251/252 of the Telecommunications Act of 1996 and any regulation or rule of the FCC or any state commission, and are not subject to negotiation and/or arbitration under Section 252 of the Act unless both Parties otherwise agree in a writing signed by both Parties; and

WHEREAS, the Parties also desire to extend the term of the 271LS Agreement, modify the pricing, and make additional changes as set forth below.

NOW, THEREFORE, in consideration of the promises and mutual agreements set forth herein, the Parties agree to amend the 271LS Agreement as follows:

1. This Amendment is composed of the foregoing recitals, the terms and conditions, contained herein, and Exhibits A and B immediately following, all of which are hereby incorporated in this Amendment by this reference and constitute a part of this Amendment.
2. Section 19.1 of the General Terms and Conditions of the 271LS Agreement is hereby amended and restated as follows:
 - 19.1 The Effective Date of this Agreement shall be ten (10) days after both Parties' final authorizing signatures have been affixed to this Agreement (the "Effective Date"). The term of this Agreement shall commence upon the Effective Date of this Agreement and shall expire on October 31, 2017 (the "Term"). Upon expiration of the Term ("Expiration Date"), absent receipt of Notice of Termination or Notice of Expiration by either Party, this 271LS Agreement shall continue month-to-month. If the 271LS Agreement continues to survive on a month-to-month basis, either Party may terminate the 271LS Agreement by providing Notice of Termination. Such notice must be provided with at least thirty (30) days advance notice of the date the 271LS Agreement will terminate ("Termination Date"). To the extent services exist after the Expiration Date (including any services that exist beyond the Termination Date,) the rates and terms for such services shall be the rates and terms for services in effect as of the Expiration Date, except such rates may be raised or lowered at any time by AT&T upon thirty (30) days notice.
3. Section 2.13 Remote Call Forwarding of Attachment 271 Local Switching and 271LS Transport of the 271LS Agreement is hereby removed and is replaced with the following:
 - 2.13 Intentionally Omitted
4. Section 2.26 of Attachment 271 Local Switching and 271LS Transport of the 271LS Agreement is hereby added as follows:
 - 2.26 271 Local Switching Sunset
 - 2.26.1 CARRIER acknowledges and understands that 271LS is a wholesale service provisioned using time division multiplexing ("TDM") facilities and services, and that AT&T-21STATE has publicly announced its intention to move all customers from TDM-based services. For avoidance of doubt, the foregoing does not mean that AT&T-21STATE is committing that 271LS will be available through the Term of this 271LS Agreement.

2.26.1.1 Notwithstanding that this 271LS Agreement may commit AT&T-21STATE to provide 271LS to CARRIER for the Term, and subject to any regulatory requirements, AT&T-21STATE may discontinue providing 271LS upon at least three hundred and sixty five (365) days notice ("Discontinuance Notice"), but only where AT&T-21STATE generally (i) discontinues providing 271LS to similarly-situated customers, and (ii) has available one or more wholesale local services that include a voice component (for clarity, this (ii) does not require such voice service to be available to all of CARRIER's 271LS -served customers). AT&T-21STATE shall not in any event issue a Discontinuance Notice prior to June 30, 2016, except with respect to any geographically discrete area in which AT&T TDM-based wireline local voice services are being discontinued as part of a TDM-to-IP transition trial subject to oversight of the FCC or any state commission. Notice for such exception shall be provided at least 90 (ninety) days in advance.

2.26.1.2 AT&T-21STATE may provide a Discontinuance Notice to CARRIER in advance of fulfilling any regulatory requirements and, if so, the timing of such discontinuance shall occur in accordance with the regulatory requirements, but not earlier than as set forth in such notice. CARRIER acknowledges and understands that discontinuance may be tested first and/or implemented on a geographically discrete basis (e.g., by wire center) and/or staged basis (e.g., not flash cut within any geographic area). The date on which 271LS shall be discontinued as set forth in a Discontinuance Notice is referred to as a "Discontinuance Date".

2.26.1.3 AT&T-21STATE shall no longer accept orders for new 271LS ports or moves or changes to existing 271LS ports beginning ninety (90) days prior to the Discontinuance Date. The Parties shall cooperate in good faith in negotiating an agreement for replacement products and scheduling and effecting the transition from 271LS so that CARRIER no longer has any 271LS ports on or prior to a Discontinuance Date as set forth in the Discontinuance Notice.

2.26.1.4 The Parties shall engage in good faith discussions to negotiate an agreement for replacement products and establish a migration plan for CARRIER's embedded base of 271LS circuits to move to comparable non-TDM replacement products.

5. Section 4.10 of Attachment 271 Local Switching and 271LS Transport of the 271LS Agreement is hereby added as follows:
 - 4.10 In the 271LS/271ST Pricing Schedule where rates are shown as monthly, a month will be defined as a calendar month. The minimum term for each 271 LS port will be one (1) month. After the initial month for a 271 LS port, billing will be on the basis of whole or fractional months used.
6. Sections 2.10.1 and 2.10.5 of Attachment 271 Local Switching and 271LS Transport of the 271LS Agreement are hereby replaced with the following:
 - 2.10.1 For purposes of traffic compensation matters, CARRIER and AT&T-21STATE agree that CARRIER shall be considered a facilities-based local exchange carrier in its use of 271LS to provide local telephone service to the end user customers being served using a 271LS port. CARRIER shall be responsible for any and all compensation owed for traffic originating from, or terminating to, CARRIER's 271LS ports. Traffic compensation between CARRIER and AT&T-21STATE is expressly **not** addressed in this Agreement (including without limitation this Attachment).
 - 2.10.5 Notwithstanding any other provision of the 271LS Agreement including without limitation this Attachment, 271LS shall not be available in any State within AT&T-21STATE until there is an agreement effective between the Parties for that State which addresses the intercarrier compensation associated with 271LS-originated or terminated traffic.
7. Section 2.10.6 of Attachment 271 Local Switching and 271LS Transport of the 271LS Agreement is hereby removed and replaced with the following:

2.10.6 Intentionally Omitted

8. Appendix 271LS Operator Services and Directory Assistance (OS/DA) of the 271LS Agreement is hereby removed and replaced with Exhibit A ("Appendix 271LS Operator Services and Directory Assistance (OS/DA)").
9. The Parties agree to replace the 271LS Agreement's Pricing Schedule with the Pricing Schedule in Exhibit B.
10. The Parties agree to replace Section 16.0 of the General Terms and Conditions of the 271LS Agreement with the following language:

16.0 Notices

- 16.1 Notices given by CARRIER to AT&T-21STATE under this Agreement shall be in writing (unless specifically provided otherwise herein), and unless otherwise expressly required by this Agreement to be delivered to another representative or point of contact, shall be pursuant to at least one of the following methods:

16.1.1 delivered by electronic mail (email).

16.1.2 delivered by facsimile.

- 16.2 Notices given by AT&T-21STATE to the CARRIER under this Agreement shall be in writing (unless specifically provided otherwise herein), and unless otherwise expressly required by this Agreement to be delivered to another representative or point of contact, shall be pursuant to at least one of the following methods:

16.2.1 delivered by electronic mail (email) provided CARRIER has provided such information in Section 16.4 below.

16.2.2 delivered by facsimile provided CARRIER has provided such information in Section 16.4 below.

- 16.3 Notices will be deemed given as of the earliest of:

16.3.1 the date of actual receipt;

16.3.2 notice by email shall be effective on the date it is officially recorded as delivered by delivery receipt and in the absence of such record of delivery, it shall be presumed to have been delivered on the date sent;

16.3.3 on the date set forth on the confirmation produced by the sending facsimile machine when delivered by facsimile prior to 5:00 p.m. in the recipient's time zone, but the next Business Day when delivered by facsimile at 5:00 p.m. or later in the recipient's time zone;

- 16.4 Notices will be addressed to the Parties as follows:

NOTICE CONTACT	CARRIER CONTACT
NAME/TITLE	Kristy Parker Manager Administrative Services
STREET ADDRESS	10005 Commerce Street
CITY, STATE, ZIP CODE	Summerville, GA 30747
FACSIMILE NUMBER	706-857-4463
PHONE NUMBER*	800-872-7537
EMAIL ADDRESS	kristy@parkersystems.net
NOTICE CONTACT	AT&T CONTACT
NAME/TITLE	Contract Management ATTN: Notices Manager
FACSIMILE NUMBER	(214) 712-5792
EMAIL ADDRESS	The current email address as provided on AT&T's CLEC Online website

* Informational only and not to be considered as an official notice vehicle under this Section.

- 16.5 Either Party may unilaterally change its designated contact name, address email address, and/or facsimile number for the receipt of notices by giving written Notice to the other Party in compliance with this Section 16.0. Unless explicitly stated otherwise, any change to the designated contact name, address, email address, and/or facsimile number will replace such information currently on file. Any Notice to change the designated contact name, address, email address, and/or facsimile number for the receipt of Notices shall be deemed effective ten (10) calendar days following receipt by the other Party.
- 16.6 In addition, CARRIER agrees that it is responsible for providing AT&T-21STATE with CARRIER's OCN and ACNA numbers for the States in which CARRIER is authorized to do business and in which CARRIER is requesting that this Agreement apply. In the event that CARRIER wants to change and/or add to the OCN and/or ACNA information in the CLEC Profile, CARRIER shall send written notice to AT&T-21STATE to be received at least thirty (30) days prior to the change and/or addition in accordance with this Section 19.0 notice provision; CARRIER shall also update its CLEC Profile through the applicable form and/or web-based interface.
 - 16.6.1 CARRIER may not order services under a new account and/or subsequent state certification, established in accordance with this Section until thirty (30) days after all information specified in this Section is received from CARRIER.
 - 16.6.2 CARRIER may be able to place orders for certain services in AT&T-21STATE without having properly updated the CLEC Profile; however, at any time during the term of this Agreement without additional notice AT&T may at its discretion eliminate such functionality. At such time, if CARRIER has not properly updated its CLEC Profile, ordering capabilities will cease, and CARRIER will not be able to place orders until thirty (30) days after CARRIER has properly updated its CLEC Profile.
- 16.7 AT&T-21STATE communicates official information to CARRIERs via its Accessible Letter, or other applicable, notification processes. These processes involve electronic transmission and/or posting to the AT&T CLEC Online website, inclusive of a variety of subjects including declaration of a force majeure, changes on business processes and policies, and other product/service related notices not requiring an amendment to this Agreement.
11. EXCEPT AS MODIFIED HEREIN, ALL OTHER TERMS AND CONDITIONS OF THE UNDERLYING 271LS AGREEMENT SHALL REMAIN UNCHANGED AND IN FULL FORCE AND EFFECT.
12. This Amendment shall not modify the effective date of the underlying 271LS Agreement.
13. The effective date of this Amendment shall be the date the last Party affixes its signature to this Amendment.
14. AT&T-21STATE will file a copy of the fully executed Amendment with the FCC under 47 U.S.C. § 211.15.

Exhibit A

**APPENDIX 271LS OPERATOR SERVICES
AND DIRECTORY ASSISTANCE
(OS/DA)**

TABLE OF CONTENTS

<u>Section</u>	<u>Page Number</u>
1. Introduction and Scope	3
2. Specifics of OS Offering.....	3
3. Specifics of DA Offering.....	4
4. OS/DA Non-Recurring Charges for Loading Automated Call Greeting (i.e., Brand Announcement), Rates and References.....	4
5. General conditions.....	5

1.0 Introduction and Scope

- 1.1. This Appendix sets forth terms and conditions for Operator Services (OS) and Directory Assistance (DA) calls provided in conjunction with 271 Local Switching ("271LS") by the applicable AT&T-21STATE ILEC. The OS/DA terms and conditions provided under this Appendix are only available as part of and use in conjunction with 271LS. This Appendix is only applicable when CARRIER is purchasing 271LS, and then only as part of the 271LS being provided (e.g., not for use separately, or with respect to any other offering by AT&T-21STATE).
- 1.2. OS/DA is provided to CARRIER hereunder for use only with 271LS. AT&T-21STATE will provide OS and DA at the rates, terms and conditions set forth in this Attachment and the LWC Pricing Schedule
- 1.3. CARRIER's end users shall have the same ability to reach AT&T-21STATE OS and DA platforms as AT&T-21STATE retail end users served via the same AT&T-21STATE end office switch providing the 271LS. Where technically feasible and available the following OS/DA services will be provided:
 - Dialing "0" or "0+NPA-NXX-xxxx" and obtaining Operator Services, such as:
 - Operator-assisted dialing
 - Placing a Collect Call
 - Placing a "Bill to Third Number" Call
 - Obtaining Busy Line Verification
 - Attempting a Busy Line Interrupt
 - Dialing "411" or "555-1212" and reaching Directory Assistance for purposes such as
 - Retrieving a published telephone number
 - DA Call Completion to a retrieved telephone number
 - National Directory Assistance
 - Reverse Directory Assistance
 - Business Category Search
- 1.4. CARRIER's end users' OS/DA calls shall be answered by AT&T-21STATE OS and DA platforms with the same priority as AT&T-21STATE retail end users served via the same AT&T-21STATE end office switch. Any technical difficulties in reaching the AT&T-21STATE OS/DA platform (e.g., cable cuts in the OS/DA trunks, unusual OS/DA call volumes, labor strikes at the OS/DA call centers, etc.) will be experienced at parity with AT&T-21STATE retail end users served via that same AT&T-21STATE end office switch.

2.0 Specifics of OS Offering

- 2.1. Operator Services Rate Structure. AT&T-21 STATE will assess its OS charges based upon whether the CARRIER's end user is receiving (a) manual OS (i.e., provided by an operator), or (b) automated OS (i.e., an OS switch equipment voice recognition feature, functioning either fully or partially without operators where technically feasible and available). The Pricing Schedule contains the full set of OS recurring and nonrecurring rates.
 - 2.1.1. See the AT&T-12STATE and AT&T SOUTHEAST REGION 9-STATE pricing schedules for the full set of OS rates that apply.
- 2.2. Operator Services Call Processing. AT&T will provide OS to CARRIER's end users where available and technically feasible to AT&T-21STATE retail end users served, in accordance with OS methods and practices that are in effect at the time the CARRIER's end user makes an OS call.
 - 2.2.1. AT&T-21STATE will provide the following services when originating a 0+ or 0- call, regardless of whether DA is also requested:

- 2.2.1.1. General Assistance. The individual originating a 0+ or 0- call asks the operator to provide local and intraLATA dialing assistance for the purposes of completing calls or requesting information on how to place calls; handling emergency calls, etc.
- 2.2.1.2. Consolidated Reference Rater (CRR) provides reference information (business office and repair numbers) and rate quotes for CARRIER end users.
- 2.2.1.3. Calling Card. The individual originating a 0+ or 0- call provides operator with a Calling Card number for billing purposes.
- 2.2.1.4. Collect. The individual originating a 0+ or 0- call asks the operator to bill the call to the called number, provided such billing is accepted by the called number.
- 2.2.1.5. Third Number Billed. The individual originating a 0+ or 0- call asks the operator to bill the call to a different number than the calling or called number.
- 2.2.1.6. Busy Line Verification (BLV). A service in which the operator, upon request, will check the requested line for conversation in progress and advise the caller of the status.
- 2.2.1.7. Busy Line Interrupt (BLI). A service in which the caller asks the operator to interrupt a conversation in progress, to determine if one of the parties is willing to speak to the caller requesting the interrupt. Busy Line Interrupt service charges apply even if no conversation is in progress at the time of the interrupt attempt, or when the parties interrupted refuse to terminate the conversation in progress.

3.0 Specifics of DA Offering

- 3.1. Directory Assistance Rate Structure. Where technically feasible and available, AT&T-21STATE will NOT differentiate its DA products by type, and instead will charge for DA products on a flat rate per call.
- 3.2. Directory Assistance Call Processing. AT&T will provide DA Services to CARRIER's end users where technically feasible and available to AT&T-21STATE retail end users served in accordance with DA Services methods and practices that are in effect at the time CARRIER's end user makes a DA call.
 - 3.2.1. AT&T-21STATE will provide the following DA Services to CARRIER's end users:
 - 3.2.1.1. Local Directory Assistance. Consists of providing published name and telephone number to the individual originating a directory assistance call.
 - 3.2.1.2. Directory Assistance Call Completion (DACC) [Sometimes also known as "Express Call Completion" (ECC).] A service in which a local or an intraLATA call to the requested number is completed on behalf of the individual originating the call.
 - 3.2.1.3. National Directory Assistance (NDA) A service whereby callers may request directory assistance information outside their LATA or Home NPA (the geographic numbering plan from which a call originates) for a listed telephone number.
 - 3.2.1.4. Reverse Directory Assistance (RDA). A service consisting of providing listed local and national name and address information associated with a telephone number provided by the individual originating the call.
 - 3.2.1.5. Business Category Search (BCS) A service in which an individual calling request business telephone number listings for a specified category of business, when the name of the business is not known.

4.0 OS/DA Non-Recurring Charges for Loading Automated Call Greeting (i.e., Brand Announcement), Rates and References

- 4.1. In all current AT&T-21STATE OS/DA switches in AT&T-21STATE service area, the incoming OS/DA call is automatically answered by a pre-recorded greeting loaded into the switch.

- 4.1.1. CARRIER should provide a CARRIER-selected brand name or other greeting for calls by providing a pre-recorded announcement to AT&T-21STATE in conformity with the format, length, and other requirements specified for all carriers on the AT&T CLEC Online website. AT&T-21STATE will then perform all of the loading and testing of the announcement for each applicable switch prior to live traffic. CARRIER may also change its pre-recorded announcement at any time by providing a new pre-recorded announcement in the same manner, for subsequent loading and testing charges.
- 4.1.2. If CARRIER does not wish to brand the OS/DA calls, CARRIER may also have silence used by having AT&T-21STATE load a recording of silence into the automatic, pre-recorded announcement slot, set for the shortest possible duration allowed by the switch.
- 4.1.3. AT&T-21STATE makes no warranties or representations that silent announcements will be perceived by end users as ordinary mechanical handling of OS/DA calls.
 - 4.1.3.1. CARRIER understands that it is not technically feasible to avoid the automatic pre-recorded announcement function in these OS/DA switches, and that if it does not brand the call, CARRIER agrees to indemnify and hold AT&T-21STATE harmless from any regulatory violation, consumer complaint, or other sanction for failing to identify the OS/DA provider to the dialing end user.
 - 4.1.3.2. AT&T-21STATE understands that it must make the silent recording play for the shortest possible duration technically feasible for each applicable switch, and accepts responsibility for any regulatory violation, consumer complaint, or other sanction stemming from failure to do so (e.g., call handling delay), but otherwise it has no responsibility if a silent announcement is chosen by CARRIER.
 - 4.1.3.3. AT&T-21STATE will be responsible for loading the CARRIER-provided recording or the silent announcement into all applicable OS and/or DA switches prior to live traffic, testing the announcement for sound quality at parity with that provided to AT&T-21STATE retail end users. CARRIER will be responsible for paying the initial announcement loading charges, and thereafter, the per-call charge (primarily to cover switch maintenance), as well as any subsequent loading charges if a new brand announcement is provided as specified above.
 - 4.1.3.4. In the event the technical makeup of a particular AT&T-21STATE OS switch does not route the incoming call through an automatic pre-recorded announcement, the foregoing subsections do not apply, and CARRIER and AT&T-21STATE agree to make alternative arrangements for OS branding announcements.
 - 4.1.3.5. Where the phraseology is the same for OS and DA branding, only one branding charge will apply.
- 4.1.4. Where CRR is available, the applicable CARRIER retail OS/DA rates and a CARRIER-provided contact number (e.g., reference to a business office or repair call center) are loaded into the system utilized by the OS operator.
 - 4.1.4.1. AT&T-21STATE will quote to any individual calling, when asked, CARRIER's rates for all OS/DA services as loaded. If further inquiries are made about rates or billing and/or "business office" questions, the OS operator shall direct the calling party's inquiries to the CARRIER-provided contact number.
 - 4.1.4.2. AT&T-21STATE will be responsible for loading the CARRIER-provided OS/DA retail rates and the CARRIER-provided contact numbers into the OS/DA switches.

5.0 General Conditions

- 5.1. Notwithstanding the foregoing, AT&T-21STATE reserves the right to suspend, modify or terminate, without penalty, any service(s) or features of service(s) offerings that are provided under this Appendix on ninety (90) days' written notice.
