(B) (Cont'd)

(4) (Cont'd)

- (c) Except as set forth in (d) following, the Cancellation Charge will be a percentage of all nonrecurring charges, including the Expedited Order Charge where applicable, associated with the access order, or that part of the order being canceled. This percentage is calculated by dividing the number of days from the Firm Order Confirmation date through the Cancellation Date by the number of days in the agreed to service interval. The Cancellation Charge is then developed by multiplying the nonrecurring charges associated with installation of the canceled service by the calculated percentage.

- (C) When a customer cancels an order for the discontinuance of service, no charges apply for the cancellation.
- (D) If the Telephone Company misses a service date by more than 30 days due to circumstances over which it has direct control (excluding, e.g., acts of God, governmental requirements, work stoppages and civil commotions), the customer may cancel the Access Order without incurring cancellation charges.

Each service consists of a basic channel to which a technical specifications package (customized or predefined), channel interface(s) and, when desired, optional features and functions are added to construct the service desired by the customer. Each of the components of the service is described in this section.

Customized technical specifications packages will be provided where technically feasible. If the Telephone Company determines that the requested parameter specifications are not compatible, the customer will be advised and given the opportunity to change the order.

When a customized channel is ordered the customer will be notified whether Additional Labor Charges apply. In such cases, the customer will be given an estimate of the hours to be billed before any further action is taken on the order.

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.19 Revenue Volume Discount Plan (Cont'd)(B) Conversion Levels

When a customer establishes a RVDP the customer shall convert all of its existing circuits to the RVDP. Existing DS1, DS3 or specific forborne<sup>(1)</sup> services will automatically be added to the RVDP upon written notification by the customer to the Telephone Company to establish an RVDP. A customer with existing DS1, DS3 and specific forborne<sup>(1)</sup> circuits that are currently committed under a term discount plan (TDP) or premier term discount plan (PTDP) will be required to convert those circuits to the RVDP once the plan is established. If the RVDP is established within ninety (90) days of the effective date of the tariff introducing the RVDP, those circuits will convert without termination liability charges. There will be no service or billing interruption for existing services that convert to the RVDP.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.19 Revenue Volume Discount Plan (Cont'd)(C) Commitment Period

At any time while on the RVDP, the customer may add or delete circuits as business dictates. These changes may increase or decrease the minimum monthly revenue threshold in which they fall. In these situations, the customer will receive the discount associated with the revenue threshold that is met for that month. For new special access DS1, DS3 and specific forborne<sup>(1)</sup> circuits added under the RVDP during the three (3) year commitment period, the Telephone Company will waive the nonrecurring installation charges associated with those services. (C)

If the customer chooses to terminate their RVDP prior to the end of the three (3) year commitment period, the customer will be required to pay all nonrecurring charges originally waived upon installation of each circuit while on the RVDP, up to a maximum of \$500,000 per year the customer has been enrolled on the RVDP. The applicable nonrecurring charges for each service type can be found in other sections of this tariff. However, if the customer commits to new company provided services and if the total monthly recurring revenue of the new services are equal to or greater than 115% of the remaining value of the existing term plan, no termination liability will apply. Examples are set forth in 7.4.20 (C)(5) and 7.4.20 (D)(1)(aa) following.

Circuits to be included in the RVDP shall include only those circuits in service or ordered by the customers who are provided service by the Telephone Company for the Access Carrier Name Abbreviations (ACNAs) identified in the plan at the time the initial RVDP is established. Once the customer has completed 2 years of their initial 3 year RVDP, as a one time request only during year 3 of the RVDP, the customer may request that additional ACNAs be added to the RVDP. These ACNAs may include those circuits that the customer has gained through mergers, acquisitions or if the customer is acquired by a third party that may also be a customer of the Telephone Company. The Telephone Company reserves the right to make adjustments to the minimum monthly revenue tiers set forth in Sections 7.5.17 and 22.5.17 following at the time any additional ACNAs are added to the customer's RVDP.

<sup>(1)</sup> The CenturyLink services previously identified on this page are no longer offered under tariff. Effective March 13, 2015, the Commission granted forbearance from dominant carrier regulation of these services.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.19 Revenue Volume Discount Plan (Cont'd)(D) Ordering Provisions

The customer must order a RVDP in writing to the Telephone Company. The customer must specify in the written notification the date on which they wish to enroll in the RVDP. The specified enrollment date must be within thirty (30) days of receipt of the customer written notification. Within the 30 day period, the customer must submit an access order request following standard access ordering procedures.

Customers who currently subscribe to a Telephone Company three (3) or five (5) year Term Discount Plan (TDP), a five (5) year Premier Term Discount Plan (PTDP) for DS1 and DS3 services or a one (1), two (2), three (3) or five (5) year Term Discount Plan for specific forborne<sup>(1)</sup> services will be required to convert their circuits to the RVDP within ninety (90) days after the tariff filing becomes effective without incurring termination liability penalties under their current plan. If the RVDP is established after ninety (90) days of the effective date of the tariff, existing TDP or PTDP DS1 and DS3, or TDP for specific forborne<sup>(1)</sup> services will be required to convert to the RVDP, however, termination liability charges will apply in accordance with their current TDP or PTDP plan.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.19 Revenue Volume Discount Plan\* (Cont'd)(E) Rate Changes

In this section, the term "rate" refers to the charges associated with the eligible billing elements, set forth in 7.4.19(A) preceding, included in the RVDP and any contributory services provided for in other sections of this tariff. For customers who subscribe to the RVDP, the monthly rates for the term period of the RVDP will be excluded from Telephone Company initiated rate increases and will be frozen at the rates as of the date of RVDP enrollment or renewal and will remain in effect for the term period of the RVDP.

The Telephone Company will not remove any of the contributory services under the RVDP or add additional rate elements or charges, whether for existing services or new, non-optional features or functionality, that would affect or relate to the contributory services unless the Telephone Company is ordered to do so by the Federal Communications Commission.

(F) Upgrades

The customer may upgrade an RVDP committed circuit to a higher speed (e.g., DS1 to DS3, DS3 to specific forborne<sup>(1)</sup> circuits) at anytime. The customer may also upgrade a non-qualifying circuit (e.g., DDS) to a qualifying circuit (e.g., DS1). The month-to-month rates associated with the higher speed circuit will be eligible to be included in the RVDP. The customer may elect either a Term Discount Plan or Fixed Rate Term Discount Plan for specific forborne<sup>(1)</sup> services.
