INTERSTATE SPECIALIZED COMMON CARRIER SERVICE TARIFF

SECTION 2 – RULES AND REGULATIONS, (CONT'D.)

2.7 Taxes and Fees, (Cont'd.)

2.7.3 (Cont'd.)

B. Federal Access Charge

Telecommunications services provided by the Company are also subject to a monthly charge imposed by the Company and payable by the Customer. The charge, noted on the Customer's bill as a Federal Access Charge, shall be added to each long distance line and is calculated as follows: (C)
(C)

Business Customers	\$ 3.85 per line per month
Centrex	\$ 1.50 per line per month
ISDN PRI	\$17.55 per interface* per month
Residential Customers	\$ 1.99 per line per month

The line determination is based on available Company and/or LEC-provided information. Where line charges cannot be determined by the underlying carrier, all line charges are \$3.85.

The Federal Access Charge helps to defray the cost of access charges and fees that Local Exchange Carriers assess on interexchange carriers. This is a Company surcharge, not a tax, and is subject to change.

The Federal Access Charge will be billed at 50% of the applicable rate when the line is seasonally suspended.

* The ISDN PRI charge is per pipe, not per channel.

The changes reflected on this revision will be implemented on a full bill period basis on the customer's January bill statement.
