SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.5 Access Billing, (Cont'd.)

2.5.4 Duration of Use Charges

- A. Customer traffic to end offices will be measured by the Company at end office switches or by the tandem switch provider for terminating tandem routed calls. Originating and terminating measured calls will be processed by the Company to determine the basis for computing chargeable access minutes.
- B. For originating calls over Feature Group D, usage measurement begins when the originating switch receives the first wink supervisory signal forwarded from the Customer's point of termination.
- C. The measurement of originating usage ends when the originating Feature Group D switch receives disconnect supervision from either the originating end user's end office or the Customer's point of termination, whichever is recognized first by the switch.
- D. For terminating calls over Feature Group D, the measurement of access minutes begins when the terminating Feature Group D switch receives answer supervision from the terminating user's end office.
- E. The measurement of terminating call usage over Feature Group D ends when the terminating Feature Group D switch receives disconnect supervision from either the terminating end user's end office, or the Customer's point of termination, whichever is recognized first by the switch.
