**SECTION 5 - END USER ACCESS, CARRIER COMMON LINE & LOCAL NUMBER PORTABILITY SERVICE****5.1 End User Access Service**

The Company will provide End User Access Service (End User Access) to end users who obtain from the Company any communications services (voice, data or other functionally equivalent service), including all TDM and IP based communications services, on a stand alone or integrated product basis, under the Company's local exchange tariff or under the terms of a service agreement. An End User subscribing to any Company communications service, regardless of technology, who has the ability to access the public switched telephone network via this access service shall be subject to a monthly recurring charges for the Federal Subscriber Line Charge (FSLC) and the Access Recovery Charge (ARC). FSLC and ARC shall be billed to customers purchasing any service that is subject to FSLC and ARC under the provisions of this tariff even if FSLC or ARC had not been previously applied to a particular service. A telephone number is not provided with End User Access. Detail billing is not provided with End User Access. Directory listings are not included with End User Access. Intercept arrangements are not included with End User Access. (N) (N) (N) (N)

**5.1.1 Undertaking of the Company**

The Company will provide use of End User Access as follows: Federal Subscriber Line Charge (FSLC), Subscriber Line Charge (SLC), End User Port Charges (EUPC), Access Recovery Charge (ARC) or National Access Charge (NAC) rates and charges as set forth in the rate attachments. (N)

The Company will be responsible for contacts and arrangements with End Users for the billing of End User Access charges.

**5.1.2. Payment Arrangements and Credit Allowances****5.1.2.1 Minimum Period**

The minimum period for which End User Access is provided to an end user and for which charges are applicable is the same as that in the general and/or local exchange tariffs or service agreements for the associated local telephone exchange service. (N)

**5.1.2.2 Cancellation of Application**

End User Access is canceled when the order for the associated local telephone exchange service is canceled.

**5.1.2.3 Changes to Orders**

When changes are made to orders for the local telephone exchange or functionally equivalent service associated with End User Access, any necessary changes will be made for End User Access. No charges will apply.

**SECTION 5 –END USER ACCESS SERVICE, CARRIER COMMON LINE & LOCAL NUMBER  
PORTABILITY SERVICE (Cont'd)****5.1.2.4 Allowance for Interruptions**

When there is an interruption to End User Access, requested End User Access credit allowances for interruptions will be provided as set forth for credit allowances for interruptions of Switched Access Service in 1.3.11 preceding.

**5.1.3 Rate Regulations**

The applicable End User Access Services including Federal Subscriber Line Charge, (FSLC), Subscriber Line Charge (SLC), End User Port Charges (EUPC), Access Recovery Charge (ARC) or National Access Charge (NAC) shall be billed to the End User of the associated local telephone exchange or functionally equivalent services, including, but not limited to VoIP or any integrated product that includes or permits access to VoIP services. The FSLC and ARC shall be assessed at one per access line (SLC), 23 per Primary Rate Interface (PRI), and 24, per T1 for customers subscribing to local exchange and long distance services unless otherwise specified in the Customer's agreement. For other communications services the FSLC rate shall be assessed as a multiple of the base FSLC rate as set forth in the rate schedule set forth in the Rate Attachment. Some PAETEC services that provide an End User with more than 1.5Mbps bandwidth are provided by aggregating multiple DS1 facilities to serve the End User's premise. For End User Access Service first obtained prior to November 7, 2003, the Company will apply the applicable End User common line rate in effect at the time the customer first obtained the Company's applicable services. For all other End User access service, the Company will apply the rate(s) as shown in the Rate Attachment. For the purposes of assessing End User Access Services only as described in this tariff, each channel on a Primary Rate Interface or digital 1.544 mbps circuit is considered an access line or its equivalent.

**5.2 Carrier Common Line Service****5.2.1 General**

The Telephone Company may provide Carrier Common Line Access Service to customers in conjunction with switched access service provided in Section 5 of this tariff. Carrier Common Line Access provides for the use of End Users' Telephone Company-provided common lines by customers for access to such end users to furnish interstate communications.

**SECTION 5 - END USER, CARRIER COMMON LINE & LOCAL NUMBER PORTABILITY SERVICES (Cont'd)****5.4.4 National Access Charge (NAC)**

The Company will recover the National Access Charge through a flat-rated, monthly end-user charge assessed per each local exchange service line or trunk. The NAC is assessed to recover the Company's costs of access to various local exchange carrier networks nationwide. For end users who have chosen the Company as a presubscribed interexchange carrier, the Company shall assess the NAC based on line type as described. The Company will make every effort to determine Customer line type in order to assess NAC. As the Company may not have information regarding Customer line type, the Customer is ultimately responsible for ensuring the Company is aware of the pertinent line type for NAC assessment purposes. NAC does not apply to customers who purchase Company services via a wholesale offering and resell those services for their use.

The Rate Regulations in the Rate Attachment apply to the assessment of end-user NAC.

**5.4.5 Access Recovery Charge (ARC)**

The ARC is assessed when an end user or reseller obtains local exchange service from the Telephone Company, and is a per month rate that is assessed to the end user or reseller of the associated local exchange service.

(N)

(N)

**5.5 Local Number Portability (LNP)****5.5.1 General Description**

Local Number Portability (LNP) allows, where facilities permit:

- 1) a local exchange telephone service customer to maintain the same Directory Number when changing from one telecommunications service provider to another while remaining at the same location; and
- 2) callers to complete calls to numbers that have been ported. This capability has been activated on a switch specific basis as specified in the Local Exchange Routing Guide (LERG) and/or the National Exchange Carrier Association Inc., FCC No. 4 tariff.
