Issued: July 16, 2015

Effective: July 31, 2015

SECTION 5 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

5.5 Telecommunications Service Priority – TSP (Cont'd)

The TSP System is a service, developed to meet the requirements of the Federal Government, as specified in the Service Vendor's Handbook and Service User's Manual which provides the regulatory, administrative and operational framework for the priority installation and/or restoration of NSEP telecommunications services. These include both Switched and Special Access Services. The TSP System applies only to NSEP telecommunications services, and requires and authorizes priority action by the Telephone Company providing such services.

For Switched Access Service, the TSP System's applicability is limited to those services which the Telephone Company can discreetly identify for priority provisioning and/or restoration.

- (B) A Telecommunications Service Priority charge applies as set forth below when a request to provide or change a Telecommunications Service Priority is received subsequent to the issuance of an Access Order to install the service.

A Telecommunications Service Priority charge does not apply when a Telecommunications Service Priority is discontinued or when ordered coincident with an Access Order to install or change service.

(C)	<u>Rates</u>	<u>Nonrecurring Charge</u>
	Per service arranged	\$100.00

5.5 Access Recovery Charge – ARC

- (A) The ARC is assessed when an end user or reseller obtains local exchange service from the Telephone Company, and is a per month rate that is assessed to the end user or reseller of the associated local exchange service.

(B)	<u>Rates</u>	<u>Per Month</u>
	Per Residential Access Line	\$2.00
	Per Single Access Line	\$2.00
	Per Business Multi-Line or Trunk	\$3.00
	Per ISDN PRI	\$15.00
