11. END USER FIA (Cont'd)

11.6 Rate Regulations

- (A) When the end user's local service is provided by the Telephone Company, the end user will be charged the End User Access Charge. When end user local service is provided by a local service provider that resells local service (reseller), the reseller will be charged the End User Access Charge.
- (B) Residence rates, as set forth in 11.7 following, apply to common lines that are subject to residential rates under Telephone Company General and/or Local tariffs.

End user residence common line rates are applied as primary or non-primary.

Until January 1, 1999, the primary residence end user common line rates will apply to only one line when the customer has more than one line billed on a single account for the same service name at the same service address.

Effective January 1, 1999, the designation of primary and non-primary will be changed as follows. The primary rate is assessed to the residential subscriber line which is any or all of the following:

- 1) the only line provided at that service address; or,
- 2) the first line installed at that location. Any additional residence exchange lines at the same service location, regardless of the named subscriber, will be assessed the non-primary rate; or,
- 3) the line designated as the primary by the billed party or parties when multiple exchange lines are ordered at the same time for the same service location.

In most cases only one line at a service location can be classified as primary, all others are considered to be non-primary.

Lifeline Service discounts for eligible residential subscribers are set forth under the Telephone Company's General Exchange Tariff No. 1, Section 2.
