Transmittal No. 2

Secretary
Federal Communications Commission
Washington, DC 20554
Attention: Wireline Competition Bureau

This Transmittal No. 2, which should have been filed on November 17, 2015, is being filed today pursuant to Special Permission No. 15-023 of the F.C.C. This transmittal letter was not filed on November 17, 2015, as required by the Commission's rules, because the filing carrier was unable to upload the document onto the Commission's Electronic Tariff Filing System (ETFS).

"The accompanying tariff issued by Socket Telecom, LLC ("Socket"),¹ and bearing FCC Tariff No. 2 effective December 2, 2015, is filed November 17, 2015 via the Commission's Electronic Tariff Filing System and in compliance with the requirements of the Communications Act of 1934, as amended. FCC Tariff No. 2 addresses the rates, rules, and regulations for interstate switched access service. The rates contained herein mirror the rates charged by the incumbent local exchange carriers serving the relevant rate centers and are therefore consistent with the Commission's 2011 intercarrier compensation reforms.² No additional supporting information is required for this tariff filing. FCC Tariff No. 2 replaces FCC Tariff No. 1 in its entirety.
