With this filing, Somos, Inc. proposes to revise certain rates and charges to reflect upcoming demand and expenses which reflect the start of a 2-3 year platform modernization. Somos, Inc. also proposes to include a list of the NANP countries and territories; that Responsible Organizations are required to establish and maintain a billing address and points of contact within the NANP geographic territory; change the date for mandated use of the Centralized Resp Org Change Management system to June 30, 2017; change payment information (address and account information); and, update the dates and version numbers for technical references to be available as of the filing date.

Supporting material pursuant to § 61.38 of the Federal Communications Commission's Rules and Regulations is submitted herewith.

Pursuant to 47 C.F.R. § 0.457 of the Commission's Rules, Somos requests confidential treatment for the following workpapers which are included with this tariff transmittal:

- Table 2A: SMS/800 - Revenue Requirement Detail (Confidential)
- Table 2B: SMS/800 - Resp Org Revenue (Confidential)
- Table 7: SMS/800 - Expense Summary (Confidential)

These workpapers have been marked "CONFIDENTIAL-PROPRIETARY Non-Public Financial Information in Support of Tariff Filing. Not for Public Disclosure." because they contain competitively sensitive information. Each workpaper qualifies for protection and non-disclosure under Subsection (d) of § 0.457 ("Trade secrets and commercial or financial information...not routinely available for public inspection"). If the F.C.C. does not agree that these workpapers are covered under § 0.457(d), then SMS/800 requests that this document be withheld from public inspection pursuant to 47 C.F.R. § 0.459. Somos believes that it would suffer substantial competitive harm if these workpapers were released to the general public. If the F.C.C. denies this request for confidential treatment under the Standard Protective Order and Declaration for use in § 402(b) Streamlined LEC Tariff Proceedings, then Somos requests, pursuant to § 0.459(e), that the workpapers be returned.
