INTERNATIONAL TELECOMMUNICATIONS SERVICES TARIFF

---

SECTION 2.0 - RULES AND REGULATIONS, (CONT'D.)

2.18 Universal Service Fund Charge (USF)

The Federal Universal Service Fund Charge is assessed to all Customers of services included in this tariff where billing capabilities exist. The charge is based on a percentage of Customer's net interstate and international charges incurred during a month and will be equal to the quarterly assessment factor set by the Federal Communications Commission. This charge is in addition to the tariffed per minute usage rates and any applicable monthly service fees and surcharges associated with utilizing the Company's service and is assessed based on billing capability.

2.19 Carrier Cost Recovery Fee

The Carrier Cost Recovery Fee is intended to recover the Company's administrative costs associated with the FCC regulatory fees and programs, as well as other network and termination costs. This fee is assessed to all customers of services included in this tariff. For Customers who have selected the Company as their primary interexchange carrier, a Carrier Cost Recovery Fee in the amount of \$2.47 per ANI will be billed each month. For Customers who have not selected the Company as their primary interexchange carrier but access the Company's service via a CAC or dialing a toll free or local access number, a Carrier Cost Recovery Fee in the amount of \$2.47 per ANI will be billed in each month during which the Customer accesses the Company's services. For Customers who subscribe to the Company's local exchange services, a Carrier Cost Recovery Fee in the amount of \$2.47 per ANI will be billed in each month during which the Customer accesses the Company's interstate or international services. (I)

2.20 Pay Telephone Use Charge

In addition to all other charges for services under this tariff, an undiscountable pay telephone use charge of \$0.6000 shall apply to each coinless call which the Company can identify as placed from a pay telephone by or to the Customer or its permitted users. This charge is for the use of the pay telephone instrument to access the Company's service. Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Pay Telephone Use Charge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol on the pay telephone keypad).

2.21 Multi-brand and Affiliate Credit and Collections Practices

The Company may collect on behalf of the Company and/or its affiliates or brands in one or more transactions as permitted by law.

The Company reserves the right to apply credit balances from one Company affiliate or brand to another to satisfy outstanding account balances for billed regulated telecommunications services.
