The accompanying tariff material issued on behalf of the CenturyLink Operating Companies (CLOC) and bearing Tariff F.C.C. No. 6 is sent to you for filing in compliance with the requirements of the Communications Act of 1934, as amended.

5th Revised Page 1.3
4th Revised Page 1.5

This filing is being made on 15 days' notice under the Federal Communications Commission's streamlined filing procedures. On December 18, 2015, CenturyLink, Inc. (CenturyLink) filed a Petition for Waiver requesting "a waiver, to the extent required, of sections 51.907 and 51.915 of the commission's rules to facilitate a pro forma internal restructuring plan whereby CenturyLink will undertake to merge some or all of its ILECs in states in which it has multiple ILECs to reduce the number of Study Areas in the state. On April 20, 2016, in Order DA-16-430, the Commission granted CenturyLink's Waiver. In this filing, CenturyLink consolidates the rate structure in the nine Louisiana companies¹ in a revenue neutral manner.

Certain data being submitted in connection with this filing requires confidential treatment consistent with the Commission's rules. Specifically, CenturyLink Operating Company has redacted:

- Revenue, volume/demand data by component of access service from Exhibit 3 - ICC Consol LA Revenue Neutral Rate Development; and
- Access Reduction Worksheet (CLOCAR15_6_LA.xlsx)

¹ The Century Link Louisiana ILECs consist of the nine ILECs that operate under the trade name "CenturyLink" in the State of Louisiana: CenturyTel of Central Louisiana, LLC; CenturyTel of Chatham, LLC; CenturyTel of East Louisiana, LLC; CenturyTel of Evangeline, LLC; CenturyTel of North Louisiana, LLC; CenturyTel of Northwest Louisiana, Inc.; CenturyTel of Ringgold, LLC; CenturyTel of Southeast Louisiana, LLC; and CenturyTel of Southwest Louisiana, LLC.

CenturyLink also notes that, notwithstanding the Protective Order, there are separate legal bases for not making the confidential information available for public inspection – specifically, Commission Rule 0.457 and Exemption 4 of the Freedom of Information Act (“FOIA”) and Commission Rule 0.459.² The confidential information included in this filing is competitively sensitive information and thus should not be available for public inspection. Such information would not ordinarily be made available to the public. Release of the confidential information in the submission would have a substantial negative competitive impact on CenturyLink. Accordingly, the non-redacted information in question should be withheld from disclosure under sections 0.457(d) and 0.459 of the Commission’s rules. CenturyLink provides further justification for the confidential treatment of this information, pursuant to 47 C.F.R. § 0.459(b) and otherwise, in the Appendix to this letter. If the Commission denies this request for confidential treatment, CenturyLink requests that these documents be returned.

It was not feasible to separate out the materials contained in this filing to which this confidentiality request applies from materials to which the request does not apply - without destroying the integrated nature of the information presented in this filing. Thus, consistent with 47 C.F.R. § 0.459(a), CenturyLink identifies the materials to which the request applies above and in the attached Appendix and is including in the publicly available version of this filing uploaded via Electronic Tariff Filing System (ETFS) a redacted version of each document identified. The redacted version of each document is marked “**REDACTED – FOR PUBLIC INSPECTION**,” with the confidential information omitted. The non-redacted version of each document is being uploaded separately via the not-for-public access function of ETFS.

The support material for this filing, as required by Section 61.41 through 61.49 of the Commission’s Rules, is outlined in Attachment A.

For the non-redacted version of these documents, pursuant to the Standard Protective Order and Declaration for use in § 402(b) Streamlined LEC Tariff Proceedings (Protective Order) adopted by the Commission in the Tariff Streamlining Order and published in Appendix B thereof,³ each page has been marked “**CONTAINS PRIVILEGED AND CONFIDENTIAL INFORMATION – DO NOT RELEASE.**” CenturyLink requests that the non-redacted versions of these documents be withheld from public inspection.

² 47 C.F.R. §§ 0.457, 0.459; 5 U.S.C. § 552(b)(4).

³ Implementation of Section 402(b)(1)(A) of the Telecommunications Act of 1996, CC Docket No. 96-187, Report and Order, 12 FCC Rcd 2170 (1997) (Tariff Streamlining Order), Appendix B. APPENDIX

Confidentiality Justification

CenturyLink Operating Companies requests confidential treatment of certain data being submitted in connection with their Louisiana Consolidation Access Filing because certain of this information is competitively sensitive and its disclosure would have a negative competitive impact on CenturyLink. Such information would not ordinarily be made available to the public, and should be afforded confidential treatment under the Standard Protective Order and Declaration for use in § 402(b) Streamlined LEC Tariff Proceedings (Protective Order) adopted by the Commission in the Tariff Streamlining Order and published in Appendix B thereof.⁴

47 C.F.R. § 0.457 and 5 U.S.C. 552 (b)(4)

Specific information in the CenturyLink Louisiana Consolidation Access Filing is confidential and proprietary to CenturyLink as “commercial or financial information” under section 0.457(d). Disclosure of such information to the public would risk revealing company-sensitive proprietary information in connection with CenturyLink’s ongoing business plans and operations. Therefore, in the normal course of Commission practice, this information should be considered “Records not routinely available for public inspection.”

47 C.F.R. § 0.459

Specific information in the CenturyLink Louisiana Consolidation Access Filing is also subject to protection under 47 C.F.R. § 0.459, as demonstrated below.

Information for which confidential treatment is sought

CenturyLink requests that specific information in its Louisiana Consolidation Access Filing (with confidentiality markings) be treated on a confidential basis under Exemption 4 of the Freedom of Information Act. This information is competitively sensitive data that CenturyLink maintains as confidential and does not normally make available to the public. Release of the information would have a substantial negative competitive impact on CenturyLink. The confidential information contained in the non-redacted version of the CenturyLink Louisiana Consolidation Access Filing is marked “**CONTAINS PRIVILEGED AND CONFIDENTIAL INFORMATION – DO NOT RELEASE.**”

Commission proceeding in which the information was submitted

The information is included in the CenturyLink Louisiana Consolidation Access Filing. This filing is being made by CenturyLink to comply with *In the Matter of Petition of CenturyLink for a Waiver of Sections 51.907 and 51.915 of the Commission’s Rules, as Applicable*, DA 16-430, WC Docket No. 15-324 (rel. April 20, 2016).

Degree to which the information in question is commercial or financial, or contains a trade secret or is privileged

The competitive information designated as confidential in this filing is the following: (1) revenue, volume/demand data by component of access service from the **Exhibit 3 – ICC Consol LA Revenue Neutral Rate Development(Exhibit 3.pdf)** and **Access Reduction (CLOCAR15_6_LA.xlsx)** worksheets. This information is all competitively sensitive information that would not normally be released to the public, as such release would have a substantial negative competitive impact on CenturyLink. By way of example, the volume/demand data by component of access service provide valuable information at a granular level regarding CenturyLink customers and their services and CenturyLink operations in those areas.

⁴ Tariff Streamlining Order, 12 FCC Rcd 2170 at Appendix B.

Degree to which the information concerns a service that is subject to competition; and manner in which disclosure of the information could result in substantial competitive harm

This type of commercial information would generally not be subject to routine public inspection under the Commission's rules (47 C.F.R. § 0.457(d)), demonstrating that the Commission already anticipates that the release of this kind of information likely would produce competitive harm. Indeed, the Commission and reviewing courts have frequently permitted confidential treatment of the type of information in question.⁵ CenturyLink confirms that release of the information designated as confidential in this filing would cause it substantial competitive harm by allowing its competitors to become aware of sensitive proprietary information regarding the operation of CenturyLink businesses. CenturyLink is subject to actual and potential competition with regard to all of the relevant services. Unless this data is given confidential treatment, competitors will obtain an unfair competitive advantage – for example, by obtaining a detailed picture of CenturyLink's performance at a granular level in different geographic areas enabling competitors to target their efforts in these areas in an unfair manner.

Measures taken by CenturyLink to prevent unauthorized disclosure; and availability of the information to the public and extent of any previous disclosure of the information to third parties

CenturyLink has treated and treats the non-public information disclosed in this filing as confidential and has protected it from public disclosure to parties outside the company.

Justification of the period during which CenturyLink asserts the material should not be available for public disclosure

CenturyLink cannot determine at this time any date on which this information should not be considered confidential or would become stale for purposes of the current matters, except that the information would be handled in conformity with general CenturyLink records retention policies, absent any continuing legal hold on the data.

Other information that CenturyLink believes may be useful in assessing whether its request for confidentiality should be granted

Under applicable Commission and court rulings, the information in question should be withheld from public disclosure. Exemption 4 of the Freedom of Information Act shields information that is (1) commercial or financial in nature; (2) obtained from a person outside government; and (3) privileged or confidential. The information in question satisfies this test.

Morton*, 498 F.2d 765, 770 (D.C. Cir. 1974); and *Critical Mass Energy Project v. NRC*, 830 F.2d 278, 873 (D.C. Cir. 1987).
