SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)

## 3.8 Rate Regulations (Cont'd.)

## 3.8.3 Measurement of Access Minutes (Continued)

- D. The Company will use the Small Exchange Carrier Access Billing ("SECAB") guidelines, or the Carrier Access Billing System ("CABS") guidelines, or other system that emulates or otherwise produces a reasonable substitute for the output of SECAB or CABS, for billing all charges under this tariff. (D)

Bills will be accurate and contain sufficient supporting details to allow customers to account for the charges and to verify their accuracy in a reasonable and timely fashion. Requests for additional bill detail will be handled and priced on an Individual Case Basis (ICB). (D)

## 3.8.4 Moves

- A. A move of services involves a change in the physical location of one of the following:

- 1) The point of termination at the Customer Premises, or
- 2) The Customer Premises

- B. The charges for the move are dependent on whether the move is to a new location within the same building or to a different building as described below:

- 1) Moves Within the Same Building

When the move is to a new location within the same building, the charge for the move will be an amount equal to one half of the nonrecurring charge for the capacity affected. There will be no change in the minimum period requirements.

- 2) Moves to a Different Building

Moves to a different building will be treated as a discontinuance and start of service and all associated nonrecurring charges will apply. New minimum period requirements will be established for the new service. The Customer will also remain responsible for satisfying all outstanding minimum period charges for the discontinued service.
