ACCESS SERVICE

---

5. SWITCHED ACCESS SERVICE (Cont'd)5.1 General (Cont'd)

## 5.1.2 Rate Categories and Descriptions (Cont'd)

## 5.1.2.4 8YY Database Access Service (Cont'd)

The Commission has concluded that hoarding, defined as the acquisition of more toll free numbers that one intends to use for the provision of toll free service, as well as the sale of a toll free number by a private entity for a fee, is contrary to the public interest in the conservation of the scarce toll free number resource and contrary to the Commission's responsibility to promote ordinary use and allocation of toll free numbers.

## 5.1.2.5 Toll Free Transit Traffic Service

Toll Free Transit Traffic Service is an access service in which the Company transmits toll free traffic originated by a third party who is not an Subscriber or other user of the Company's local exchange or exchange access service through its wire center to a Customer. Toll Free Transit Traffic Service is comprised of various facilities, connections, features and functions. It provides for the use of common terminating, common switching and switched transport facilities of the Company but does not include local switching. Rates for Toll Free Transit Traffic Service are usage sensitive.

## 5.1.2.6 Application of Access Charges to Toll VoIP-PSTN Access Traffic

All Toll VoIP-PSTN traffic will be assessed switched access charges at the rates set forth in this tariff.

(N)  
(N)

The Company shall assess and collect switched access rate elements under this tariff for access services, regardless of whether the Company itself delivers such traffic to the called party's premises or delivers the call to the called party's premises via contractual or other arrangements with an affiliated or unaffiliated provider of VoIP service that does not itself seek to collect switched access charges for the same traffic. The Company will not charge for functions not performed by the Company, its affiliated or unaffiliated provider of VoIP service. For purposes of this provision, functions provided by the Company as part of transmitting telecommunications between designated points using, in whole or in part, technology other than TDM transmission in a manner that is comparable to a service offered by a local exchange carrier constitutes the functional equivalent of carrier access service.

## ACCESS SERVICE

7. RATES AND CHARGES (Cont'd)7.2 Switched Access Service (Cont'd)

## 7.2.2 Rates

Switched Access Service and Local Transport Service charges are based on the incumbent local exchange carrier's functionally equivalent services and associated rates. Any Switched Access Services or elements not identified in this section may be provided on a contract or Individual Case Basis (ICB) pursuant to Section 5.3.2.

## 7.2.2.1 Local Switching, per MOU

	<u>Originating</u>	<u>Terminating</u>

7.3 Other Services

## 7.3.1 Technician Hourly Rates

## (a) Rate per hour/per technician: \$75.00 per hour or portion of an hour.

## 7.3.2 Unauthorized PIC Change Charge

## (a) \$500.00 per unauthorized PIC change request submitted by IXC.

## 7.3.3 Call Detail Record (CDR) Query Charge

In the event that the Buyer disputes the assessment of Access Charge(s) pursuant to this Tariff on Call(s) and the Company's resolution of the dispute involves the retrieval and/or inspection of the Call Detail Record (CDR), the Buyer shall be subject to the following charge for each CDR retrieved and/or inspected:

## (a) Call Detail Record (CDR) Query Charge \$0.10 per CDR query
