6.2 Other Services

Company may offer other access services or facilities, such as direct connect arrangements, originating access services, and special construction, at Company's exclusive option, on a case- by-case basis under individual contracts. Where the Company furnishes a facility or service on a special construction basis, or any service for which a rate or charge is not specified in the Company's tariff, charges will be based on the costs incurred by the Company and may include (1) nonrecurring charges; (2) recurring charges; (3) termination liabilities; or (4) combinations thereof. The Customer and the Company shall negotiate an agreement for special construction, the pricing for which will be set on an ICB basis and which will typically include a minimum service commitment based on the estimated service life of the facilities provided and early termination liability provision.
