ACCESS SERVICE

3. Federal Universal Service Charge, ISDN Line Ports, DS1 Line Port and Consumer Broadband-Only Loop Charge (Cont'd)3.9 Federal Universal Service Charge

The Federal Universal Service Charge (FUSC) recovers the Telephone Company's contribution to various federal universal service funds. The Telephone Company will apply the FUSC either through flat-rated, monthly line charges assessed to end users under this Tariff or through application of the FUSC Surcharge Percentage Factor.

3.9.1 Applicability of FUSC Charges under this Tariff

The FUSC as set forth in Section 17.1, following, will be billed by only those Issuing Carriers contributing to the universal service funds and who bill common line charges based on rates, terms and conditions in this Tariff. For purposes of application of FUSC charges under this Tariff, end users shall include wholesale purchasers of Public Packet Data Network Services under Section 16 of this Tariff. FUSC charges will not apply to any Interstate Common Line, Interstate Special Access or Public Packet Data Network Services purchased by customers who resell these services to end users as part of an interstate telecommunications service and are thereby required to contribute to the various federal universal service funds. In case of a dispute regarding whether the customer is reselling services and contributing to the various federal universal service funds, the Telephone Company may request a signed certification to that effect from the customer.

(C) (x)

3.9.2 Rate Application

The Telephone Company will bill FUSC as described below. The FUSC Surcharge Factor and the Multiline Business End User Common Line (MLB EUCL) FUSC Surcharge Factor are set forth in Section 17.1, following.

(N) (x)

(N) (x)

(N) (x)

(A) FUSC Surcharge Factor

Except as specified in (B) below and unless otherwise indicated in the respective issuing carrier's rate section in this Tariff, all recurring and nonrecurring interstate charges billed by the Telephone Company to end users under this Tariff will be subject to FUSC charges based on application of the FUSC Surcharge Percentage Factor as set forth in Section 17.1, following.

(C) (x)

(C) (x)

Where indicated in the respective issuing carrier's rate section in this Tariff, FUSC charges related to specific end user charges will be billed by the Telephone Company at a flat rate amount as set forth for the respective end user charge as set forth in Section 17.1. For issuing carriers indicating flat rate amounts for FUSC charges related to certain end user charges, FUSC charges for end user charges without indication of a flat rate amount will be billed by the Telephone Company at the FUSC Surcharge Percentage Factor as set forth in Section 17.1.

ACCESS SERVICE

3. Federal Universal Service Charge, ISDN Line Ports, DS1 Line Port and Consumer Broadband-Only Loop Charge (Cont'd)3.9 Federal Universal Service Charge (Cont'd)

3.9.2 Rate Application (Cont'd)

(B) MLB EUCL FUSC Surcharge Factor

(N) (x)

In lieu of applying the FUSC Surcharge Factor specified in (A), above, against MLB EUCL charges, where indicated in the respective issuing carrier's rate section in Section 17.1, following, the MLB EUCL FUSC Surcharge Factor will apply as described below:

- (1) For non-Centrex MLB EUCL customers, including Payphone Service Providers (PSPs) who purchase local exchange service lines for their own administrative purposes, the Telephone Company will multiply the MLB EUCL FUSC Surcharge Factor against the end user's billed MLB EUCL charges, except as provided in (a) below.
 - (a) For local exchange service lines purchased by a PSP that are used in the provisioning of payphone service to the PSP's customers, the Telephone Company will multiply the FUSC Surcharge Factor, described in (A) above, against the PSP's billed MLB EUCL charges.
- (2) For Centrex MLB EUCL customers, the Telephone Company will multiply the MLB EUCL FUSC Surcharge Factor against one ninth of the end user's billed MLB EUCL charges.
- (3) The MLB EUCL Surcharge Factor as set forth in Section 17.1, following, for the TDS Telecom Companies will be calculated as described below (see Section 17.1 Common Line Rates and Charges – Alternative Connect America Model Carriers).

The MLB EUCL Surcharge Factor is a ratio to be applied to the FUSC Surcharge Percentage Factor at 17.1.2(A). That is, the MLB EUCL Surcharge Factor equals the MLB EUCL ratio percentage multiplied by the FUSC Surcharge Percentage Factor.
