With this filing, Somos, Inc. proposes to revise certain rates and charges to reflect upcoming demand and expenses which reflect the platform modernization Somos began last year. The bulk of the platform modernization work will be undertaken this year and next.

Supporting material pursuant to § 61.38 of the Federal Communications Commission's Rules and Regulations is submitted herewith.

Pursuant to 47 C.F.R. § 0.457 of the Commission's Rules, Somos requests confidential treatment for the following workpapers which are included with this tariff transmittal:

- Table 2A: SMS/800 - Revenue Requirement Detail (Confidential)
- Table 2B: SMS/800 - Resp Org Revenue (Confidential)
- Table 7: SMS/800 - Expense Summary (Confidential)

These workpapers have been marked "CONFIDENTIAL-PROPRIETARY Non-Public Financial Information in Support of Tariff Filing. Not for Public Disclosure." because they contain competitively sensitive information. Each workpaper qualifies for protection and non-disclosure under Subsection (d) of § 0.457 ("Trade secrets and commercial or financial information...not routinely available for public inspection"). If the F.C.C. does not agree that

these workpapers are covered under § 0.457(d), then SMS/800 requests that this document be withheld from public inspection pursuant to 47 C.F.R. § 0.459. Somos believes that it would suffer substantial competitive harm if these workpapers were released to the general public. If the F.C.C. denies this request for confidential treatment under the Standard Protective Order and Declaration for use in § 402(b) Streamlined LEC Tariff Proceedings, then Somos requests, pursuant to § 0.459(e), that the workpapers be returned.

In accordance with § 61.14, this Transmittal Letter and associated attachments are being filed today via the Federal Communications Commission's Electronic Tariff Filing System (ETFS) in compliance with the electronic filing procedures. Payment has been electronically transmitted to the US Bank in St. Louis, Missouri in accordance with the fee program procedures. The Form 159 is being transmitted electronically via ETFS. These actions have been committed on the date established as the issued (filed) date as reflected above.
