6.7 RATE REGULATIONS

6.7.15 SWITCHED TRANSPORT PRICING PLANS (CONT'D)

D. Switched Transport Pricing Plan Waiver Policy

A waiver of the Pricing Plan Termination Liability charge as set forth in C., preceding, may occur when the customer moves to a different location within the same state, upgrades to a new fixed period Pricing Plan or upgrades the Pricing Plan to DS3 capacity. When the customer is purchasing these services to offer to third party end users, the end user must be the same for both the old and new service. In the case of a move to a different building, the end user must be the same at the old and new location. In the case of a migration to another Company service or transmission speed, the end user must be the same for the original service and the new service or transmission speed at the current location. The following conditions must be met:

- The transport service between the customer's premises and the serving wire center and/or Hub (e.g., Switched Transport EF or PLTS Channel Termination and/or associated Switched Transport or PLTS and/or mileage multiplexing) is provided by the Company.
- The customer must agree to a new Pricing Plan for the new service and a new minimum period will apply.
- The customer must satisfy the existing Pricing Plan minimum period. Should the customer choose to discontinue the Pricing Plan fixed period service prior to completion of the minimum period, termination charges equal to one-hundred percent (100%) of the total Pricing Plan monthly charges for the remaining months of the minimum period will apply.
- The total value of the new Pricing Plan service must be equal to or greater than 115% of the remaining value of the existing Pricing Plan service (Nonrecurring charges and Special Construction charges will not be used for the Waiver calculation).
- The order to disconnect the existing Pricing Plan service and the order for the new Pricing Plan service are received by the Company at the same time and both orders must reference the application of the Switched Transport Pricing Plan Waiver Policy.
- The new fixed period must meet or exceed the fixed period being upgraded. The monthly rates will be those that are in effect at the time the service is upgraded (e.g., a 36 month fixed period may be upgraded to a new 36 month, or longer fixed period).

E. Non appropriations Clause

Termination charges do not apply to Pricing Plan fixed period services purchased by Local, State or Federal government entities or to customers who have purchased services solely for resale to Local, State or Federal government entities when the Non appropriations Clause terms and conditions, as described in 7.1.8, following, are met.

7.1.8 TERMINATION LIABILITY AND WAIVER POLICY

B. Termination Liability (Cont'd)

The termination charge 40% applicable for VG, Video, DDS, SVDS, Digital Data Service 2-Wire, and DS1 Services excluding RCP established on or after October 19, 1999. The applicable termination charge for RCP established on or after February 2, 2002 is 50% and for DS3, SST and MBSS is 70%. The termination charge is the total current monthly charges for the remaining portion of the term. For example, if a DDS customer discontinues service after completing 17 months of a 36-month term, the termination charge will be the current monthly charges for the service multiplied by 40%, multiplied by 19 months. If a DS3 customer discontinues service after completing 17 months of a 36-month term, the termination charge will be the current monthly charges for the service multiplied by 70%, multiplied by 19 months. If the customer chooses to discontinue pricing plan service prior to completion of the minimum service period, termination charges equal to 100% of the total monthly charges for the remaining months of the minimum service period, plus either 40%, 50% or 70% of the total monthly charges for the remaining months of the term, will apply.

When the customer is purchasing these services to offer to third party end users, the end user must be the same for both the old and new service. In the case of a move to a different building, the end user must be the same at the old and new location. In the case of a migration to another Company service or transmission speed, the end user must be the same for the original service and the new service or transmission speed at the current location. All of the following conditions must be met:

- The customer must agree to a new pricing plan for the new service;
