ACCESS SERVICE

2. General Regulations

2.2 Payment Arrangements and Credit Allowances

2.2.1 Access Services Provided By More Than One Telephone Company

(A) Meet Point Billing

(1) Determination of Meet Point Billed Local Transport and Channel Mileage Charges

Each Telephone Company's portion of the Local Transport and Channel mileage will be developed as follows:

(a) Determine the appropriate Local Transport or Channel Mileage by computing the number of airline miles between The Telephone Company premises (end office, access tandem or serving wire centers for Switched Access or serving wire centers for Special Access) using the V&H method set forth respectively in 6.4.6 and 7.2.5 of NATIONAL EXCHANGE CARRIER ASSOCIATION, INC. TARIFF F.C.C. NO. 5.

(b) Determine the billing percentage (BP), as set forth in NATIONAL EXCHANGE CARRIER ASSOCIATION, INC. TARIFF F.C.C. NO. 4, which represents the portion of the service provided by each Telephone Company.

(c) Originating rates are applicable when originating Tandem Switched Transport is provided. Terminating Tandem 3rd Party rates are applicable when Terminating Tandem Switched Transport is provided through a Telephone Company Access Tandem and the Terminating End Office is not owned by the Telephone Company. Terminating Tandem 3rd Party rates are also applicable when Terminating Tandem Switched Transport is provided through a Telephone Company Access Tandem not owned by the Telephone Company and the Terminating End Office is owned by the Telephone Company (including Direct-Trunked Transport arrangements), otherwise, Terminating - Tandem End Office rates apply. For Tandem Switched Transport:

(C)

(C)

- multiply the number of originating and terminating access minutes of use times the number of airline miles, as set forth in (a) preceding, times the BP for each Telephone Company, as set forth in (b) preceding, times the Tandem Switched Facility rate;

- multiply the Tandem Switched Termination rate times the number of originating and terminating access minutes routed over the facility.

ACCESS SERVICE

6. Switched Access Service6.1 Exceptions to National Exchange Carrier Association Tariff F.C.C. No.5

Regulations, Terms and Conditions for Switched Access Service are the same as those set forth in Section 6 of the National Exchange Carrier Association Tariff F.C.C. No. 5, except as set forth following:

References to Directory Assistance are not applicable as the service is not offered.

References to Abbreviated Dialing Arrangement (ADA) are not applicable as the service is not offered.

References to Public Packet Data Network Services (i.e. Frame Relay Service, Asynchronous Transfer Mode Cell Relay Access Service, Ethernet Transport Service and Internet Protocol Gateway (IPG) Access Service) are not applicable as the service is not offered.

Section 6.1.3(A) (3) relating to Tandem Switched Transport is replaced with the terms and conditions set forth in Section 6.2 below.

Section 6.4.6(H) relating to Mileage Measurement for Feature Groups B, C, and D Remote Offices is replaced with terms and conditions set forth in Section 6.3 below.

ACCESS SERVICE

6. Switched Access Service

6.3 Rate Regulations

6.3.1 Mileage Measurement

(A) Feature Groups B,C, and D - Remote Offices

The Local Transport mileage for Feature Groups B, C, and D Switched Access Service provided to a Remote Office will be measured in multiple segments. When the facility is directly trunked to the Host Office, Direct Trunked Facility mileage will be measured between the customer's serving wire center and the Host Office, and Tandem Switched Facility mileage will be measured between the Host Office and the Remote Office. In Direct Trunked arrangements the Tandem Switched Facility will use the Terminating-Tandem 3rd Party rate when the Telephone Company does not own the tandem. The Tandem Switching charge will not apply.

When the facility is directly trunked to a tandem, Direct Trunked Facility will be measured from the Serving Wire Center to the tandem, Tandem Switched Facility will be measured from the tandem to the Host, and another segment of Tandem Switched Facility will be measured from the Host to the Remote. When the Tandem Switch is the Telephone Company owned tandem then the Tandem Switch rates will use the Terminating-Tandem End Office rates. If the Tandem is owned by a different Telephone Company the Tandem Switch rates will use the Terminating - Tandem 3rd Party rates. A Tandem Switching charge would be applicable at the tandem.
