ACCESS SERVICE

4. End User Access Service (Cont'd)4.6 Rate Regulations (Cont'd)4.6.3 Business Services (Cont'd)(C) Centrex CO and Centrex CO-like Services

For business Centrex CO and business Centrex CO-like service lines or trunks, the EUCL and ARC Centrex CO rate as set forth in 4.7 following applies to each business line or trunk.

Centrex CO is a service that (1) uses a portion of a Telephone Company switch located at the Telephone Company central office to meet the customer's internal needs and serves as the customer's interface with the local and interexchange networks and (2) links the customer's main stations to the Telephone Company switch with subscriber loops.

Centrex CO-like services are services that operate in a manner that is substantially the same as Centrex CO and (1) are provided using switches located at Telephone Company central offices and (2) link customer main stations to the Telephone Company switch with subscriber loops.

Centrex CO or CO-like service provided to a college, university or school may serve both the college, university or school offices and the student or faculty dormitory (residential) quarters. When provided to residential quarters, the residential portion of the service is commonly known as dormitory service. Primary Line Residential charges will apply to lines to the student or faculty dormitory (residential) quarters as set forth in 4.7 following. Business charges for lines to the university, college or school offices will apply as set forth in 4.7 following. Charges shall be based on the number of residence and business lines reported to the Telephone Company by the end user.

(D) Regulatory Assessment Surcharge ("RAS")

As a telecommunications company, the Telephone Company must make various payments to local, state, and federal departments and agencies, including, but not limited to, administration fees, inspection and supervision fees, and general public utility commission assessments. The Regulatory Assessment Surcharge ("RAS") is designed to help recover the cost of these payments. The Telephone Company assesses RAS on end-user customers based on the individual customer's respective interstate and international services invoiced multiplied by the applicable percentage as reflected at <https://www.windstream.com/About-Us/Tariffs/>
