**SECTION 5 - END USER, CARRIER COMMON LINE & LOCAL NUMBER  
PORTABILITY (Cont'd)****5.6 Universal Service Fund Surcharge**

In addition to all other rates, taxes and surcharges in this tariff, all end users will be assessed a Universal Service Charge on all interstate and international charges. All products offered under this tariff are subject to this surcharge including, but not limited to, commercial and residential 1+ and 800/888/877 direct dial products, TRS, calling card and Operator Services. This surcharge will be applied to all charges including recurring, non-recurring, minimum usage and surcharges or special charges for service. This surcharge will appear as a separate line item on each customer's bill and is subject to change as mandated by the FCC and by the independent organization (USAC) that administers this federal program.

Universal Service – The applicable percentage rate is determined by the Federal Communications Commission and may vary by calendar quarter. For the most current rate in effect please refer to:

<https://www.windstream.com/About-Us/Tariffs/>

(T)

**5.7 Regulatory Assessment Surcharge**

As a telecommunications company, PAETEC must make various payments to local, state, and federal departments and agencies, including, but not limited to, administration fees, inspection and supervision fees, and general public utility commission assessments. RAS is designed to help PAETEC recover the cost of these payments. PAETEC assesses RAS on end-user customers based on the individual customer's respective interstate and international services invoiced.

Regulatory Assessment Surcharge – The applicable percentage rate may vary. For the most current rate in effect please refer to:

<https://www.windstream.com/About-Us/Tariffs/>
