Transmittal No. 21

Issued: July 14, 2017

Effective: July 29, 2017

Issued By:  
Paul G. West – Director, Product Marketing  
25925 Telegraph Rd., Suite 210  
Southfield, MI 48033

SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)

3.3 Switched Access Service

3.3.1 Switched Transport

For traffic that EMI records indicate was tandem switched (for example, when traffic is not routed via a direct end office trunk), switched transport rate elements shall apply. As used in this Section 3.3.1, “switched transport rate elements” include (without limitation) tandem switched termination rate elements, tandem switched facility rate elements, tandem switching rate elements, and common transport multiplexing rate elements.

The terminating switched transport rate schedules are bifurcated into “3<sup>rd</sup> Party” and “End Office” rates. The Company bills the End Office terminating switched transport rates, in accordance with Commission Rules 51.907(g)(2) and 51.907(g), for “terminating traffic traversing a tandem switch that the terminating carrier or its affiliates owns.” All other terminating switched transport traffic is billed the 3<sup>rd</sup> Party terminating switched transport rates.

(N)  
|  
|  
|  
|  
(N)

3.3.2 End Office Switching

The End Office Switching rate category establishes the charges related to the use of end office switching equipment, the terminations in the end office of end user lines, the terminations of calls at Company Intercept Operators or recordings, the Signaling Transfer Point (STP) costs, and the SS7 signaling function has between the end office and the STP.

SECTION 4 – RATES AND CHARGES
