In this filing, AT&T Corp. proposes to reduce terminating end office switching charges to zero. Because AT&T Corp. does not maintain tandems, there are no terminating tandem elements required to be split between terminating to end office and terminating to third parties. The terminating tandem rates contained in this tariff are benchmarked to the incumbent LEC "terminating to third party" rates.

Also, AT&T Corp. proposes to change the Presubscribed Interexchange Carrier Charges (PICC) rates.

The revisions contained herein are scheduled to become effective on not less than one day's notice, pursuant to Section 61.23 of the Federal Communications Commission's Rules and Regulations.

Pursuant to Commission Rules, the original of this transmittal, the FCC Form 159, and the requisite \$925.00 filing fee have been transmitted today via the Commission's Electronic Tariff Filing System.

Please address any inquiries concerning this filing to the attention of Patricia Scrocco, Area Manager-Regulatory Relations.

Sincerely,
