7. Rates, Charges and Fees (Cont'd.)

7.2. End User Access Service (Cont'd.)

Access Recovery Charge

For local exchange service, the Access Recovery Charge will apply each month to each line at the service location. When local exchange service is provided as Primary Rate Interface (PRI) integrated services digital network (ISDN), the Access Recovery Charge will apply to each such local exchange service.

Residential Monthly Charge

The monthly ARC for service provided to residential customers will be assessed per line, as follows:

Rate per line: \$0.00 per month

Business Monthly Charge

The monthly ARC for service provided to business customers as individual voice channels will be assessed per individual voice channel, as follows:

Rate for a single voice channel at a given location: \$0.00 per month

Rate for multiple individual voice channels at the same location, subject to a maximum of five ARC charges per location: \$0.00 per month (R)

PRI ISDN/T1/SIP Monthly Charge

The monthly ARC for service provided to business customers over a Primary Rate ISDN ("PRI"), T-1 or Session Initiation Protocol ("SIP") connection providing multiple voice channels, the EUCL will be assessed for each multiple of 23 voice channels, or fraction thereof, at the same location, as follows:

Rate per 23 voice channels, or fraction thereof, over a single PRI, T-1 or SIP connection: \$0.00 per month (R)

Federal Universal Service Fee (FUSF)

Telecommunications companies and interconnected VoIP service providers must pay a percentage of their interstate end-user revenues to the Universal Service Fund. This percentage is called the contribution factor. The contribution factor changes four times a year (quarterly) and is increased or decreased depending on the needs of the Universal Service programs. The Company will assess a fee each month to recover its required contribution to the Universal Service Fund.

7.3 Switched Access Service

This section contains the specific regulations governing the rates and charges that apply for Switched Access Services:

There are three types of rates and charges that apply to Switched Access Service:

- Non-Recurring Charges: One-time charges that apply for a specific work activity.
- Recurring Charges: Fixed charges apply each month and depend on the number and type of facilities in place.
- Usage Charges: Charges that are applied on a per access minute basis. Usage rates are accumulated over a monthly period.

The Company's switched access rates consist of a single charge per minute of use for origination or termination that is equal to the sum of the local switching, tandem transport, tandem transport termination and, if applicable, common trunk port and transport multiplexing per minute charges of the incumbent Local Exchange Carrier serving the Rate Center in which a call is originated or terminated. Transport mileage is the airline mileage from the incumbent Local Exchange Carrier tandem switch serving the Rate Center to the Company's switch in Bremen, Georgia. Specific rates by Rate Center are set forth in Section 7.3.1 below.
