**SECTION 3: SERVICE DESCRIPTIONS**

3.3 Access Service (Cont'd)

3.3.3 Customer is responsible for compliance with all third party traffic termination arrangements, including primary toll carrier agreements, and optional and/or extended calling area plans.

3.3.4 In addition to all applicable nonrecurring and monthly recurring charges, Customer for Access Service will be charged a MOU charge for all Access Service traffic delivered to or from the Telephone Company.

3.3.5 Customer for Access Service is the Toll Service provider

3.3.6 Access Service shall be on a Meet Point Billing ("MPB") basis, with all applicable carriers billing their respective portions of the charges directly to the Toll Service provider, and Telephone Company will not be required to function as or use a billing intermediary, e.g. clearinghouse.

3.3.7 The rates charged for Switched Access elements identified herein are applied in a manner such that the rate charged by Neutral Tandem reasonably approximates the rate charged by the relevant Incumbent Local Exchange Carrier for each Switched Access element.

3.3.8 The terminating Tandem-Switched Transport rate schedules are bifurcated into "Standard" and "Affil PCL" rates. The Affil PCL terminating Tandem-Switched Transport rates<sup>1</sup> apply to terminating traffic traversing a Company tandem switch when the terminating carrier is a Company-affiliated price cap carrier. All other terminating Tandem-Switched Transport traffic is subject to the Standard terminating Tandem-Switched Transport rates.<sup>2</sup>

(N)  
|  
|  
|  
|  
(N)

<sup>1</sup> Affil PCL terminating Tandem-Switched Transport rates are benchmarked to the price cap LEC rates which are subject to the step down specified in Commission Rules 51.907(g)(2) and 51.907(g).

<sup>2</sup> Standard terminating Tandem-Switched Transport rates are benchmarked to the price cap LEC rates which are not subject to the step down specified in Commission Rules 51.907(g)(2) and 51.907(g).
