ACCESS SERVICE

4. End User Access Service (Cont'd)

4.10 Universal Service Fund (USF) Charge

The USF end user-charge is designed to recover all Telephone Company contributions to federally mandated universal support mechanisms. Federal USF end-user charges will not apply to end-users as described in 4.8 preceding.

The USF recovery charge is computed by first summing end-user monthly Interstate charges (End-User Common Line Charge, Access Recovery Charge, Presubscribed Interstate Carrier Change Charge, End-user special access, and interstate IntraLATA Toll charge). This sum is multiplied by the FCC's quarterly USF contribution factor, as set below to yield the end-user monthly USF charges.

USF Contribution Factor	0.188	(I)

ACCESS SERVICE

7. Special Access Service (Cont'd)

7.4 Rate Regulations (Cont'd)

7.4.12 Discount Commitment Program (DCP) (Cont'd)

(B) Commitment Level (Con'd)

- New Ethernet Service circuits added at a location where Ethernet Service has existed during the DCP term will only count towards the Ethernet DCP commitment if they result in an increase of total Ethernet circuits at that location and no existing Ethernet circuits are disconnected unless replaced by higher speed Ethernet circuits purchased from the same section of the tariff as the existing circuits at that location.

- New Ethernet Service circuits counted towards an Ethernet DCP commitment may not be counted under any other DCP.

(C) 60-Day Review Period

(C)

No adjustments, for being below commitment level (as described in (B) above), in monthly billing for a DCP will be made until 60 days after Telephone Company notification to the customer that the commitment level has been exceeded or not been met. This will insure that customers will not be penalized for aberrations in Channel Termination, Network Access Connection or Off-Network Access Connection counts caused by timing differentials in disconnection and installation.

(C)

Customers' bills will not be adjusted for being outside the parameters described in 7.4.12(B), preceding during the 60 day review period. Additionally, customers will continue to be billed the adjustments (following the 60 day review period) for being outside the described parameters until the commitment level is met or increased. A new 60-day review period will be initiated if the customer's actual in-service level subsequently falls outside the described parameters.
