(D)
(D)

For International Inbound Collect Call Service, the FUSF level is determined by the designation of the line accepting the charges for the call. The Federal Universal Service Fee will either be included as a component of individual call charges on a Customer's invoice or it may be included as part of a separate line item on a Customer's invoice.

6.4 LEC Billing: Each Customer served by a LEC and who has designated the Company as his or her Primary Interexchange Carrier will receive a monthly invoice either directly from the Company or within the Customer's monthly LEC invoice in which the Customer's LEC will render Company service invoices and collect Customer payments. Customers who enroll in Company service through their LEC will receive their monthly invoice within their monthly LEC invoice, where available, until the Customer selects to be invoiced directly from the Company. An undiscountable \$3.99 monthly recurring charge² will apply for Customers who receive their Company charges within the Customer's monthly LEC invoice. This charge will not apply toward the satisfaction of usage volume requirements.

6.5 Paper Billing Fee: An undiscountable \$1.99 monthly recurring charge¹ will apply for Customers of Interim Dial 1 who select to be invoiced directly from the Company and who receive a paper invoice from the Company for service. This charge will not apply toward the satisfaction of usage volume requirements.

¹ The Federal Universal Service Fee will either be included as a component of individual call charges on a customer's invoice or it may be included as part of a separate line item on a customer's invoice.

² The charge will not apply to blind and visually impaired customers who request invoices in braille or large print.
