7. Special Access Service (Cont'd)7.2 Rate Regulations (Cont'd)7.2.8 Optional Rate Plans (Cont'd)(D) Fixed Rate Term Plan

The Fixed Rate Term Plan rates for Special Access Non-Competitive End User Channel Terminations (EUCTs) subject to Section 203 of the Communications Act are filed in this tariff. Other Special Access rates included in this plan are not subject to Section 203 and are provided outside of this tariff.

The Fixed Rate Term Plan (FRTP) is available for Special Access DS3 service channel termination, channel mileage and channel mileage termination monthly recurring rates, as set forth following. The current monthly rates for such services are reduced by a fixed percentage. The customer must order the FRTP under a term commitment period of 7 years. All DS3 high capacity circuits ordered under the FRTP will begin in month one.

Nonrecurring charges will not apply to DS3 circuits installed under the FRTP. Monthly rates for the entire 7-year commitment period of the FRTP will be excluded from any Company initiated rate increases for the 7 year term commitment period service date for each DS3 circuit.

At the end of the 7-year term commitment period, the customer may subscribe to a new 7-year FRTP or revert to the month-to-month rates. If the customer does not notify the Company in writing within 60 calendar days prior to the expiration of the 7-year term commitment period that they want to renew their FRTP, the customer will automatically revert to the month-to-month rates in effect at the time of the expiration of the FRTP; or the customer may elect to commit to any other term plan that may be offered by the Company that is in effect at the time of expiration of the FRTP.

The monthly rates and associated discount percentage for the FRTP are set forth in 18.3.7 following.

| (C) <u>Design Change Charge *</u> | | | | |
| The Design Change Charge will apply on a per order per occurrence basis, for each order requiring design change. The applicable charge is: | | | | |
| Design Change Charge, per order | \$17.50 | \$34.50 (R) | 5.4.3 | (C) |
| (D) <u>Miscellaneous Service Order Charge *</u> | | | | |

| | | <u>Charge</u> | | |
| (E) <u>Expedited Order Charge</u> | | | | |
| Per Access Order, Per Business Day | | \$400.00 | 5.1.2 | |

* This flat rated charge was calculated based upon a 50/50 split between originating and terminating. The FCC in their FCC 11-161 ICC Transformation Order in Section 51.907(d)(1) allowed Price Cap Carriers to use an equal split to divide the charge between originating and terminating elements. When the terminating portion of the rate is reduced and then combined with the originating portion of the rate, a single flat rate is generated for billing purposes.
