ACCESS SERVICE

SECTION 3. FEDERAL UNIVERSAL SERVICE CHARGE, ISDN LINE PORTS AND DS1 LINE PORTS

3.1 General Description

The Federal Universal Service Charge (FUSC) recovers the Telephone Company's contribution to various federal universal service funds.

FUSC will be billed by only those Telephone Companies contributing to the universal service funds. The Telephone Company will apply a surcharge factor each month to the billed charges for interstate access services provided to end users from this Tariff. FUSC will not apply to any billed charges for an end user when the interstate access service provided to the end user qualifies under the federal universal service guidelines for Lifeline Assistance. FUSC will not apply to interstate access services purchased by customers that resell these services to end users as part of an interstate telecommunications service and are required to contribute to the various federal universal service funds. In case of a dispute regarding whether the customer is reselling services and contributing to the various federal universal service funds, the Telephone Company may request a signed certification to that effect from the customer.

3.2 Regulations, Rates and Charges

The Telephone Company will bill FUSC each month as described below. The FUSC Surcharge Factor is set forth below.

(A) FUSC Surcharge Factor

The Telephone Company will multiply the FUSC Surcharge Factor listed below against the end user's billed interstate access services charges.

	<u>Percentage</u>	
FUSC Surcharge Factor	17.9%	(R)

Transmittal No. 82

ACCESS SERVICE

SECTION 6. SWITCHED ACCESS SERVICE6.1 General (Cont'd)

The following provision applies to the treatment of Toll VoIP-PSTN Traffic pursuant to the Federal Communications Commission's Part 51 Interconnection rules and in compliance with the Federal Communications Commission's Report and Order and Further Notice of Proposed Rulemaking in CC Docket Nos. 96-45 and 01-92; GN Docket No. 09-51; WC Docket Nos. 03-109, 05-337, 07-135 and 10-90; and WT Docket No. 10-208, adopted October 27, 2011 and released November 18, 2011 (FCC 11-161). In the absence of an interconnection agreement between the Telephone Company and the customer specifying the treatment of Toll VoIP-PSTN Traffic, the Telephone Company will bill the customer the applicable switched access rates and charges specified in Section 6.6, following, on all jurisdictionally interstate voice traffic identified as Toll VoIP-PSTN Traffic.

ACCESS SERVICE

SECTION 6. SWITCHED ACCESS SERVICE (Cont'd)6.1 General (Cont'd)6.1.2 Rate Categories (Cont'd)(B) Local Transport (Cont'd)(3) Tandem Switched Transport (Cont'd)

Tandem Switched Transport rates consist of a Tandem Switched Facility rate, a Tandem Switched Termination rate, a Tandem Switching rate, Dedicated Trunk Port Rates and common/Shared Multiplexing.

The Tandem Switching rate recovers a portion of the costs of switching traffic through an access tandem. The Tandem Switching rate specified in 6.6 following is applied on a per access minute per tandem basis for all originating and all terminating minutes of use switched at the tandem.

The Tandem Switched Facility rate recovers a portion of the costs of the transmission facilities, including intermediate transmission circuit equipment, between the end points of the interoffice circuits. The Tandem Switched Facility rate specified in 6.6 following is applied on a per access minute per mile basis for all originating and terminating minutes of use routed over the facility.

The Tandem Switched Termination rate specified in 6.6 following is applied on a per access minute basis (for all originating and terminating minutes of use routed over each end of the interoffice transmission links. This charge will not apply if the interoffice transmission links are co-located in a Telephone Company building (i.e., mileage is zero).

The Tandem-Switched Multiplexing charge recovers the cost of multiplexing equipment on the end office side of the tandem switch and the trunk side of the end office. The Tandem-Switched Multiplexing charge specified in 6.6 following is a per-minute charge assessed to the customer purchasing common transport on the end office-to-tandem link. (T)

Charges for Tandem Direct Trunk Ports, located on the serving wire center side of the Access Tandem, recover costs to terminate direct Trunks. Tandem Direct Trunk Ports are a flat-rate monthly charge as specified in 6.6 following assessed to the customer purchasing the dedicated trunk terminated at that port. (T)

ACCESS SERVICE

SECTION 6. SWITCHED ACCESS SERVICE (Cont'd)6.1 General (Cont'd)6.1.2 Rate Categories (Cont'd)(C) End Office (Cont'd)(3) Information

Information rates are set forth in 6.6.2(B) following. The Information Surcharge applies to each Switched Access minute of use (measured or assumed) and shall be assessed upon all customers that use local switching facilities for the provision of intrastate or foreign telecommunications. (T)

The Information Surcharge is to recover the costs of the functions associated with the printing of the directory white pages. The application of these rates with respect to individual Feature Groups is as set forth in 6.5.1(D) following.

(4) End Office Direct Trunk Port

Charges for End Office Direct Trunk Ports, located on the trunk side of the end office, recover costs to terminate direct trunks. End Office Direct Trunk Ports are a flat-rate monthly charge as specified in 6.6.2 following assessed to the customer purchasing the dedicated trunk terminated at the port. (T)

(5) End Office Common Trunk Port

Charges for DS-1 End Office Common Trunk Ports, located on the trunk side of the end office, recover costs to terminate common trunks. End Office Common Trunk Ports are per minute-of-use charge as specified in 6.6.2 following assessed to the customer of common transport trunks terminating at these ports. (T)

(D) Toll-Free Database Query Charge

When a query to a database is originated only to determine the Interexchange Carrier assigned to handle the call, the Basic Query Charge as set forth in 6.6.5 will apply. When a query to a database is originated to determine information in addition to the Interexchange Carrier, the Enhanced Query Charge as set forth in 6.6.5 will apply in addition to the Basic Query Charge. The Basic and Enhanced Query Charge will be applied to the Interexchange Carrier on a per query basis.
