**B. Transport Interconnection Charge**

- Per Minute	Note 1
--------------	--------

**C. Information Surcharge**

- Per Minute	Note 1
--------------	--------

Note 1: All access minutes are billed at a single per minute access rate found in Section 3.9.3A, Local Switching. This composite rate includes the elements traditionally billed as Transport Interconnection Charge and Information Surcharge.

**SECTION 5 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D)****5.2 Federal Subscriber Line Charge****(T)**

The Company recovers some of the costs of the telephone line or trunk connected to the customer's premises through a monthly charge called the Federal Subscriber Line Charge (FSLC). The Federal Subscriber Line Charge is a monthly, flat-rated charge assessed to end users for each local exchange service line or trunk. The Federal Subscriber Line Charge will be based on a monthly snapshot of end user accounts. No fractional debits or credits will be created. One FSLC applies per active channel on high-capacity services (e.g., 24 FSLCs apply to a full T1). ISDN lines will be charged an FSLC per B channel.

**SECTION 5 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D)****5.4 Federal Universal Service Fee**

In connection with the FCC's Universal Service Orders, Interglobe will pay a percentage of its retail revenues to support the Universal Service Fund (USF). Interglobe will pass-through the USF assessment to its customers by assessing a charge applicable against all retail interstate and international charges, including usage and non-usage charges. This surcharge is in addition to standard usage charges and any applicable service charges and surcharges associated with the Company's service. The Company's Universal Service Fee factor will match the relevant quarterly Universal Service Contribution Factor approved by the FCC rounded up to the nearest tenth of a percent. Universal Service Contribution Factors are available at <http://www.fcc.gov/omd/contribution-factor.html>.
