## ACCESS SERVICE

2. General Regulations (Cont'd)2.6 Definitions (Cont'd)Singing Return Loss

The term "Singing Return Loss" denotes the frequency weighted measure of return loss at the edges of the voiceband (200 to 500 Hz and 2500 to 3200 Hz), where singing (instability) problems are most likely to occur.

Single Line Business Customer

The term "Single Line Business Customer" denotes an End User who pays for an End User Common Line at a rate that is not described as a residential rate in the Company's Local Exchange Service tariffs and who does not obtain more than one such line from the same Company.

(T)  
(T)Special Order

The term "Special Order" denotes an order for a Directory Assistance Service.

## Statistical Multiplexing

The term "Statistical Multiplexing" denotes a multiplexing technique that differs from simple multiplexing in that the share of the available transmission bandwidth allocated to a given user varies dynamically. In other words, in statistical multiplexing, a channel is only assigned to communicating devices (voice, modem, etc.) when they actually have data to send or receive.

Subscriber Line Charge

The term "Subscriber Line Charge" denotes a fee that the subscriber pays to the local telephone company that connects the subscriber to the telephone network.

(N)  
|  
(N)Subtending End Office of an Access Tandem

The term "Subtending End Office of an Access Tandem" denotes an end office that has final trunk group routing through that tandem.

Switch Termination

A line port on a central office based packet switch.

## ACCESS SERVICE

4. End User Access Service

The Company will provide End User Access Service (End User Access) to end users\* who obtain local exchange service from the Company under its general and/or local exchange tariffs. End User Access Service consists of Subscriber Line Charges (SLC), Access Recovery Charge (ARC), Line Port Charges (LPC), Presubscribed Interexchange Carrier Charges (PICC) and Federal Universal Service Fund (USF) end user charges. End users who obtain local exchange service from the Company under its general and/or local exchange tariffs are subject to the SLC, ARC, LPC and USF regulations. Interexchange carriers who furnish interstate telecommunications to end users are subject to the Presubscribed Interexchange Carrier Charge (PICC) regulations. End users that choose not to select an interexchange carrier for their local exchange service are subject to the PICC regulations.

4.1 General Description

End User Access Service as described in this section relates to SLC, ARC, LPC, PICC and USF regulations for the use by an end user of an end user common line, an interstate WATS Service or an intrastate WATS Service used to originate or terminate interstate calls.

Use of a subscriber line is provided twenty-four (24) hours a day, seven (7) days a week.

4.2 Limitations

- (A) A telephone number is not provided with End User Access.
- (B) Detail billing is not provided with End User Access.
- (C) Directory listings are not included with End User Access.
- (D) Intercept arrangements are not included with End User Access.
- (E) The federal Lifeline Assistance Program is designed to provide a credit to monthly end user access charges for qualifying low income residential subscribers. When a carrier is designated as an eligible telecommunications carrier for the Lifeline Assistance Program and when an eligible residential end user qualifies for the Lifeline Assistance Program in association with local residential exchange service of that carrier, the SLC and ARC Residence rate as set forth in 4.7(A)(1) and 4.7(E) following are waived.

\* For purposes of this section, the term end user also includes alternative local exchange carriers (ALECs) that are certified to resell local exchange telecommunications services.

## ACCESS SERVICE

4. End User Access Service (Cont'd)4.3 Undertaking of the Company (T)

The Company will provide use of End User Access at rates and charges as set forth in 4.7 following, as follows: (T)

(A) Subscriber Line Charge (SLC) (C)

(1) Use of a subscriber line by an end user in connection with interstate Access Services provided under this tariff. Such use will be provided when the end user obtains local exchange service. (C)

(2) The Company will be responsible for contacts and arrangements with customers for the billing of End User Access rates. (T)

(3) Use of a subscriber line by an End User for access for MTS/WATS-type, operator-DDD, operator-person, collect, third number, credit card, and/or other like calls. (C)

(4) Use of a subscriber line by a Customer for access to an interstate service arrangement (e.g., Toll Free Code Service, NPA + 555 + 1212 service, 900 Service, interstate or intrastate INWATS and OUTWATS Service, and other similar service arrangements). (C)

(5) Use of a subscriber line requires the facilities at the End User and IC premises to have the necessary on-hook and off-hook supervision. (C)

(B) Access Recovery Charge (ARC)

The ARC is assessed when an end user or reseller obtains local exchange service from the Company, and is a per month rate that is assessed to the end user or reseller of the associated local exchange service. (T)

## ACCESS SERVICE

4. End User Access Service (Cont'd)4.4 Obligations of the End User

(A) When the end user is a Radio Common Carrier (RCC), or a Maritime Radio Common Carrier (MRCC), it shall designate whether the local exchange services it is provided by the Company are used as access lines for its services or used as administrative lines. (T)

(B) When the end user is provided with a local exchange service which is not identified as Centrex, Business or Residence service, it shall provide the Company any requested information necessary for the Company to determine the appropriate charges. (T)

4.5 Payment Arrangements and Credit Allowances(A) Minimum Period

The minimum period for which End User Access is provided to an end user and for which charges are applicable is the same as that in the general and/or local exchange tariffs for the associated local exchange telephone service.

(B) Payment of Rates, Charges and Deposits

The regulations as set forth in Section 2 apply to Customers provided with End User Access.

## ACCESS SERVICE

4. End User Access Service (Cont'd)4.6 Rate Regulations

SLC, ARC and USF per month rates will be billed to the end user of the associated local exchange service. PICC per-line rates will be billed to the presubscribed inter-exchange carrier of the associated local exchange service. In the event that the end user chooses not to presubscribe to an interexchange carrier, or has no interexchange carrier selection option, (e.g. individual direct inward dialing (DID) lines), the PICC will be billed to the end user. The rate applications are described below. (C)

(A) The SLC and ARC residence subscriber rates are assessed on a Primary and Non-Primary basis. (C)

The SLC and ARC residence subscriber rate regulations are designated as either primary or non-primary. The primary rate is assessed to the residential subscriber line which is any or all of the following: 1) the only line provided at that service location; or 2) the line designated as primary by the billed party or parties at that service location at the point of ordering the service. In most cases only one line at a service location can be classified as primary, all others are considered to be non-primary. These charges will be waived for Residence customers who receive Lifeline Assistance Program benefits. (C)

(B) When an end user is provided more than one local business exchange service in a state by the same Company and when the local business exchange service is provided as a multi-party service under the general and/or local exchange service tariffs, each party is deemed to be a user of an SLC and ARC and the SLC and ARC Multi-line Business Subscriber - line or trunk rate and the PICC Multi-line Business rate for the number of parties involved as set forth in 4.7(A)(3), 4.7 (B)(1) and 4.7 (E), following, applies to each such party. ## ACCESS SERVICE

4. End User Access Service (Cont'd)4.6 Rate Regulations (Cont'd)

- (C) When a payphone service provider is provided a pay telephone line under the general and/or local exchange service tariffs, the SLC and ARC Multi-line Business Subscriber - line or trunk rate as set forth in 4.7(A)(3) and 4.7(E), following, applies to each pay telephone line. Effective October 1, 2003, the PICC is not assessed on pay telephone lines. (C)
- (D) When an end user is provided more than one local business exchange service in a state by the same Company and when the local business exchange service is provided under the general and/or local exchange service tariffs and is not covered by (B) and (C) preceding or (L) following, the SLC and ARC Multi-line Business Subscriber - line or trunk rate and the PICC Multi-line Business rate as set forth in 4.7(A)(3), 4.7(B)(1) and 4.7(E), following, applies to each such local business exchange service. (T) (C)
- (E) When an end user is provided a single local business exchange service in a state by the same Company and when the local business exchange service is provided as a multi-party service under the general and/or local exchange service tariffs, each party is deemed to be a user of a SLC and ARC and the SLC and ARC Single Line Business Subscriber - line or trunk rate as set forth in 4.7(A)(2) and (E), following, applies to each such party. (T) (C)
- (F) When an end user is provided only single local business exchange service in a state by the same Company under the general and/or local exchange service tariffs, the SLC and ARC Single Line Business Subscriber - line or trunk rate as set forth in 4.7(A)(2) and 4.7(E), following, applies to each single line business. (T) (C)
- (G) When an end user is provided a local residence exchange service in a state by the same Company and when the local residence exchange service is provided as a multi-party service under the general and/or local exchange service tariffs, each party is subject to the SLC and ARC Residence Subscriber rates on a Primary and Non-Primary basis as set forth in 4.7(A)(1) and 4.7(E), following. These charges will be waived for Residence customers who receive Lifeline Assistance Program benefits. (T) (C)

4. End User Access Service (Cont'd)4.6 Rate Regulations (Cont'd)

- (L) When an end user is provided with Centrex CO or Centrex CO-like services under the general and/or local exchange service tariffs of the Company, the SLC and ARC Multi-line Business rate and the PICC Centrex CO or CO-like rate as set forth in 4.7(A)(3), 4.7(B)(2) and 4.7(E), following, applies for each business line or trunk. Centrex CO and Centrex CO-like services (1) are provided using switches located at Company central offices and (2) link Customer main stations to the Company switch with subscriber loops. (C) (T)
- (M) For each local exchange service used only as a path for the transmission of Radio Common Carrier (RCC) traffic between the Company serving wire center and the RCC's radio equipment, SLC, ARC and PICC rates do not apply. SLC, ARC and PICC rates will apply to the Radio Common Carrier's local exchange service used for administrative purposes. This shall also include those Radio Common Carriers providing maritime service under Part 81 of the FCC Rules and Regulations. (T) (C)
- (N) When an end user is provided an Integrated Services Digital Network/ Primary Rate Interface (ISDN/PRI) or Enhanced Service Provider (ESP) link arrangement under the general and/or local exchange service tariffs of the Company, the SLC and ARC Multi-line Business rate and the PICC Multi-line Business rate as set forth in 4.7(A)(3), 4.7(B)(1) and 4.7(E), following, is multiplied by five and applies for each such ISDN/PRI arrangement. (C)
- (O) When an end user is provided Integrated Services Digital Network/Basic Rate Interface (ISDN/BRI), the SLC and ARC Non-Primary Residence subscriber rates as set forth in 4.7(A)(1) and 4.7(E) are assessed for each such facility. (C)
- (P) When an end user is provided an ISDN line, the Line Port Charge (LPC) as set forth in 4.7(C) following will be assessed per ISDN line. The LPC recovers the additional cost of the line card.

## ACCESS SERVICE

4. End User Access Service (Cont'd)4.6 Rate Regulations (Cont'd)

- (R) The Federal Universal Service Fund (USF) end user charge is designed to recover all contributions made by the Company to federally mandated universal service support mechanisms. Federal USF end user charges will not apply to end users who qualify for the Lifeline Assistance Program or to resellers of the Company's local exchange services (i.e., carriers that purchase services for resale and certify to the Company that they contribute to support universal service). (T)

End users who obtain local exchange service from the Company under its general and/or local exchange tariffs will be assessed a monthly, flat-rated Federal USF end user charge, as set forth in 4.7(D) following. (T)

For end user customers with direct switched dedicated or special access billing, the monthly Federal USF end user charge will be applied at the billing account level. The applicable monthly charge will be determined by multiplying the quarterly USF contribution factor prescribed by the Federal Communications Commission, as set forth below, by the end user's total monthly switched dedicated or special access charges billed under this Tariff. Customers may certify exemption from Federal USF charges at the Access Carrier Name Abbreviation (ACNA), Billing Access Number (BAN) or circuit level. Certification at the ACNA level will exempt all BANs under that ACNA. Customers must certify exemption from Federal USF end user charges on an annual basis.

For all other interstate access services provided to end users (i.e., Presubscribed Interexchange Carrier Charges (PICC), Presubscription Change Charges), the monthly Federal USF end user charge will be determined by multiplying the quarterly USF contribution factor, as set forth below, by the total of the end user customer's monthly charges billed for services under this Tariff.
