For 1.544 Mbps/DS1 High Capacity or 44.736 Mbps/DS3 High Capacity (excluding Short-Term DS3) moves of a primary circuit termination from one Telephone Company Central Office to another Telephone Company Central Office, the customer may pay a Coordinated Retermination Charge in lieu of treating the move as a discontinuance and start of service. The Coordinated Retermination Charge applies per circuit or DS1/DS3 equivalent circuit reterminated. The Telephone Company will coordinate the work activities required in order to minimize the length of time the service being moved is unavailable. Monthly rates will apply as if the circuit remained in service with no disruption. There will be no change in minimum period requirements. No termination liabilities will apply except where the retermination eliminates chargeable services such as IOF mileage or primary premises Channel Terminations for which specific termination liabilities exist.

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.17 Digital Data and DS1 High Capacity Services#

(T)

(A) Basic Service

The minimum service period for basic Digital Data Service (DDS) and DS1 High Capacity Service (DS1) is two months. When service is disconnected prior to the expiration of the minimum period, charges are applicable for the balance of the two-month minimum period.

Customers may, at any time, change their basic DS1 High Capacity service payment option to a DS1 Term Payment Plan without assessment of the minimum period service charge.

(C)

(C)

(B) Term Pricing Plans (TPP) Description

Term Pricing Plans are pricing options available to customers who subscribe to specific longer term commitment periods in exchange for reduced monthly rates.

(1) TPPs for Digital Data Services are available in 2, 3, and 5-year commitment periods. DS1 High Capacity Services are available in 2, 3, 5, and 7-year commitment periods.

(2) Customers have the option of purchasing channel terminations under one plan and channel mileage under another plan, or under the basic service plan. TPPs are available subject to the following:

- Digital Data Service plans are applicable to channel terminations and channel mileage. The fixed and per mile rate elements for a given circuit must be included in the same individual Term Pricing Plan.

Effective November 16, 2018, orders for new Digital Data Service TPPs are no longer permitted. The Telephone Company will continue to provide Digital Data Service TPPs pursuant to this Section 7.4.17(B) on any existing Digital Data Service TPP that is in-service as of November 16, 2018, or any order for Digital Data Service TPP that is placed with the Telephone Company prior to November 16, 2018 (collectively, Existing DDS TPPs), subject to the following conditions:

(N)

- The Telephone Company will continue to provide Existing DDS TPPs for the selected commitment period until (i) the customer discontinues service; (ii) the customer converts to a DDS provided on a month to month basis under Section 7.4.17(A); or (iii) the current commitment period expires, whichever comes first. Upon expiration of the commitment period, if the customer has taken no action, the Telephone Company will convert the customer to basic DDS service offered under Section 7.4.17(A).
- Renewal of an Existing DDS TPP is not permitted.
- Moves and changes are permitted provided that they do not require a new commitment period.

(2) (Cont'd)

- Multiple Digital Data Services must be of the same speed in order to be in the same individual Term Pricing Plan.
- DS1 High Capacity Service plans are applicable to channel terminations, associated DS1 Multiplexers (DS1 to Voice, DS1 to Digital, and DS1 to DS0), and channel mileage, fixed and per mile. The fixed and per mile rate elements for a given circuit must be included in the same TPP; the channel termination and associated multiplexer must also be included in the same plan.

- (3) Rates for Term Pricing Plans are detailed in Section 7.5.16. Term Pricing Plans do not include optional features except for associated DS1 multiplexing in the DS1 TPPs. Other optional features are available at Basic Service rates.

Term Pricing Plans are not applicable to services in other rate plans, nor are Federal Telecommunications Access Services eligible for TPPs.

- (1) When requesting a Term Pricing Plan, the customer must specify the length of the desired commitment period and the services which are to be included in the plan.
- (2) When requesting any Term Pricing Plan activity regarding channel terminations, the customer must specify by billing account and circuit identification number which circuits are to be affected.
- (3) When ordering Term Pricing Plan services, related rate elements must be ordered under the same plan. For example, both channel terminations and any DS1 associated multiplexing for a given circuit must be in the same plan and have the same service date. Similarly, both rate elements for channel mileage, fixed and per mile, must be in the same plan and have the same service date.
- (4) At the end of a TPP commitment period, the service(s) will be billed at the basic rate unless the DS1 High Capacity Service customer subscribes to a new TPP. (C)
- (5) Termination liability is assessed on channel terminations, fixed and per mile mileage, and multiplexing rate elements.
- (6) In the event that the Telephone Company initiates a rate increase and the total discounted monthly rate for the affected service increases by eight percent (8%) or more, the customer may cancel its TPP for the affected service without termination liability. - (4) The termination liability charge is calculated as set forth in (a) or (b) following: when calculating termination liability charges, the Telephone Company will apply the option which provides the customer with the lowest termination liability charge.

(a) Option I

For services discontinued within the first year, the customer will be liable for 100% of the total monthly charges for the unexpired portion of the initial 12 months, and 15% of the total monthly charges for the remainder of the TPP commitment period.

For services discontinued after the first 12 months of a plan, customers will be liable for 15% of the total monthly charges for the remaining portion of their Term Pricing Plan commitment period.

(b) Option II

For services discontinued within the first year and prior to the end of the selected commitment period, the termination liability charge will be the difference between the full Basic monthly rates and the TPP monthly rates for the period the plan has been in effect.

For services discontinued after the first 12 months of a plan but prior to the end of the selected commitment period, the following applies:

- Where there is no TPP period less than the actual time the services have been in effect the termination liability charge will be the difference between the full Basic monthly rates and the selected TPP monthly rates for the period the plan has been in effect.

(b) Option II (Cont'd)

- Where there is a TPP period less than the actual time the services have been in effect, the termination liability charge will be the difference between the monthly rates for the highest TPP period that could have been satisfied prior to discontinuation of the service and the monthly rates for the selected commitment period multiplied by the actual number of months the plan has been in effect.

For example, if a customer subscribes to a 5-year TPP and disconnects service during the thirty-seventh month, the highest TPP period that could have been satisfied is three years. The customer's termination liability would be calculated as follows: (3-year monthly TPP rate - 5-year monthly TPP X 37 months).

(5) Termination liability will be computed as follows:

At the end of the 12 months, 100% of the total monthly charges will be applied to the difference between the commitment level and the 12 month average of the actual channel terminations or miles.

(A) Description

Term Pricing Plans, TPPs, are pricing options available to customers who subscribe to specific longer term commitment periods in exchange for reduced monthly rates.

- (1) TPPs for Voice Grade Services are available in 3 and 5-year commitment periods.
- (2) The channel termination and the channel mileage (fixed and per-mile) rate elements are applicable for Voice Grade Service TPPs.
- (3) A customer may purchase channel terminations under one term plan and channel mileage under another plan.
- (4) Customers have the option of designating the channel terminations, channel mileage (fixed and per-mile), or both on a circuit-by-circuit basis.
- (5) Voice Grade Term Pricing Plans do not include optional features. Optional features for Voice Grade Services in TPPs are available at basic service rates.
- (6) Term Pricing Plans are not applicable to services in other rate plans, nor are Federal Telecommunications Access Services eligible for TPPs.
- (7) Rates for Term Pricing Plans are detailed in Section 7.5.3. The nonrecurring rates for TPPs are the same as for Basic Service.

(B) Terms and Conditions

- (1) When requesting a Term Pricing Plan, the customer must specify the length of the desired commitment period and the services which are to be included in the plan.

Effective November 16, 2018, orders for new Voice Grade Service TPPs are no longer permitted. The Telephone Company will continue to provide Voice Grade Service TPPs pursuant to this Section 7.4.18 on any existing Voice Grade Service TPP that is in-service as of November 16, 2018, or any order for Voice Grade Service TPP that is placed with the Telephone Company prior to November 16, 2018 (collectively, Existing VG TPPs), subject to the following conditions:

- The Telephone Company will continue to provide Existing VG TPPs for the selected commitment period until (i) the customer discontinues service; (ii) the customer converts to a Voice Grade Service provided on a month to month basis under Section 7.2.3; or (iii) the current commitment period expires, whichever comes first. Upon expiration of the commitment period, if the customer has taken no action, the Telephone Company will convert the customer to basic Voice Grade Service offered under Section 7.2.3.
- Renewal of an Existing VG TPP is not permitted.

25.1.3 Plan Commitment Levels

(A) Minimum Commitment Levels

- (1) The CDP requires that a Minimum Commitment of channel terminations be established for the purpose of administering the CDP. The total number of channel terminations shall be calculated using all such in-service channel terminations, which the Telephone Company provides to the CDP Customer under the ACNA(s) included in the CDP in all of its operating territories under this tariff. The Minimum Commitment shall be expressed as the equivalent number of DS0s for the Channel Termination rate elements of all services involved.
- (2) The Minimum Commitment shall be expressed as the equivalent number of DS0s for the Channel Termination rate elements of all services involved. The total number of channel terminations determined above will be converted into an equivalent number of DS0s using the following equivalent table.

<u>Type of Channel Termination</u>	<u>DS0 Equivalent</u>
STS12 level	8,064
STS3 level	2,016
STS1 level	672
DS3 level	672
DS1 level	24
DDS level	1
Voice Grade level	1

When the calculation of the Minimum Commitment of DS0s results in a fraction of a DS0, it shall be rounded up to the next whole DS0. (T)

- (3) The customer will not be eligible to participate in CDP if the combined number of equivalent DS0s for all service types specified in Section 25.1.1 preceding at time of subscription is less than 336. (T)
- (4) For CDPs established or renewed prior to November 16, 2018, the CDP Customer agrees to establish an initial Minimum Commitment of at least seventy-five percent (75%) of the total number of DDS and/or Voice Grade channel terminations which are in-service under the ACNA(s) included in the CDP at the time of subscription to CDP. (C)
- (5) For all services except DDS and Voice Grade, the CDP Customer agrees to establish an initial Minimum Commitment of at least ninety percent (90%) of the total number of channel terminations for the service type or combined service types which are in-service under the ACNA(s) included in the CDP at the time of subscription to CDP. For example, at the time of subscribing to CDP, if the CDP Customer has in-service 1,000 DS-0 equivalent DS1 channel terminations under the ACNA(s) included in the CDP, then the CDP Customer's initial Minimum Commitment under CDP for DS1 service cannot be less than 900 DS-0 equivalent channel terminations. 25.1.6 Changes to the Base Rates/TPP Rates

- (A) If the Telephone Company initiates a decrease in the TPP rates during the commitment period, the decreased rates shall apply to all services under the CDP which bill such TPP rates as set forth above. If the Telephone Company initiates an increase in the TPP rates during the commitment period, the increased rates shall apply to all services under the CDP which bill such TPP rates, subject to the applicable regulations set forth in this tariff, Sections 6.8.22(C)(1), 6.8.23(B)(6), 6.8.25(C)(5)(e), 7.2.15(E), 7.4.13(C), 7.4.17(C), and 7.4.18(C).
- (B) The Base Rates to which the discount percentage is applied under the CDP as set forth above are subject to change over the commitment period selected by the CDP Customer. An increase in the Base Rate will result in an increase to the rates under the CDP for the applicable service type. A decrease in the Base Rate will result in a decrease to the rates under the CDP for the applicable service. In no event will the Base Rate exceed the non-discounted monthly rate for the service.
- (C) In the event the Telephone Company initiates a rate increase and the total discounted monthly billing for the affected service type increases by eight percent (8%) or more, the customer may cancel a CDP for the affected service type without the application of termination liability as set forth in 25.1.9 following. The CDP Customer must exercise its option to cancel the CDP for the affected service type by providing written notice to the Telephone Company within thirty (30) days of the date of the effective rate increase. The CDP for other services shall remain in effect.

25.1.7 Application of the Discount Percentage or TPP Rates

- (A) The Telephone Company shall apply the discount percentage or TPP rate, as applicable, on a monthly basis during the commitment period to each monthly rate element specified in Section 25.1.1 preceding.
- (1) During any true-up period as set forth below for DDS and/or Voice Grade under a CDP established or renewed prior to November 16, 2018, the customer may exceed its Minimum Commitment by up to fifty-six percent (56%) (i.e., the maximum service level). During any true-up period for all other services, the customer may exceed its Minimum Commitment by up to thirty percent (30%). In such event, the regulations set forth in Section 25.1.7(D) following shall apply.

For example, assume that a customer has a Minimum Commitment for its DS1 High Capacity service type of 12,000 equivalent DS0s for the ACNA(s) included in CDP, and the customer has in-service as of the applicable true-up period 24,000 equivalent DS0s for said ACNA(s). The maximum service level would be thirty percent (30%) or 15,600 equivalent DS0s which will receive the discount. Amounts in excess of 15,600 equivalent DS0s will be treated in accordance with Section 25.1.7(D) following.

25.1.7 Application of the Discount Percentage or TPP Rates (Cont'd)

(C) Customer has met its Minimum Commitment

If the CDP Customer has satisfied its Minimum Commitment and is below the maximum service level for the preceding six (6) months, no corrective action will be taken.

(D) Customer has met its Minimum Commitment and Exceeded its Maximum Service Level

If the CDP Customer has satisfied its Minimum Commitment for the preceding six (6) months but exceeded its maximum service level, the Telephone Company will apply an adjustment in order to true-up the discount percentages or TPP rates that were applied in excess of that allowed by the maximum service level. The true-up will result in an adjustment (charge up) of the discounted excess amount back to standard, non-discounted rates, unless the CDP Customer elects to increase its Minimum Commitment upward to at least seventy-five percent (75%) for DDS and/or Voice Grade services in CDPs established or renewed prior to November 16, 2018, and ninety percent (90%) for all other service types of the total number of DS0 equivalent Channel Terminations for the ACNA(s) included in CDP for the service type or combined service type involved at the time the true-up was performed. If an adjustment is to be applied, the Telephone Company will calculate the adjustment as follows:

(Step 1) The Telephone Company will calculate the average number of equivalent DS0 Channel Terminations that were in service for the ACNA(s) included in CDP over the preceding six (6) months by summing the actual number of equivalent DS0s for said ACNA(s) for each of the last six (6) months, and dividing the resulting total by six (6). The resulting number represents the average monthly equivalent DS0 Channel Termination count (i.e., monthly equivalent DS0 count.)

(Step 2) The Telephone Company will calculate the average rate assessed per equivalent DS0 by first summing the total reduced monthly charges associated with all channel termination and channel mileage rate elements for the preceding six (6) months and dividing by six (6). The resulting amount is then divided by the average monthly equivalent DS0 count determined in Step 1.

(Step 3) The Telephone Company will calculate the average Minimum Commitment by first summing the Minimum Commitment for each of the preceding six (6) months, adjusting the Minimum Commitment pursuant to Section 25.1.3 preceding, and dividing by six (6). The resulting number represents the average Minimum Commitment for the preceding six (6) months.

(Step 4) The Telephone Company will determine the applicable maximum service level by multiplying the Minimum Commitment determined in Step 3 by 1.56 (i.e., the Minimum Commitment plus fifty-six percent (56%)) for DDS and/or Voice Grade services in CDPs established or renewed prior to November 16, 2018; or by multiplying the Minimum Commitment determined in Step 3 by 1.3 (i.e., the Minimum Commitment plus thirty percent (30%)) for all other services.
