ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Service Descriptions (Cont'd)7.2.11 DIGIPATH Digital Service II# (Cont'd)(A) Basic Channel Description (Cont'd)

2.4, 4.8, 9.6, 19.2 56.0 or 64.0 kbps. The actual bit rate is a function of the channel interface selected by the customer. DDS II operates on a 24-hour-per-day seven-days-per-week basis in a full-duplex, synchronous transmission mode over facilities between customer-designated premises, between a customer-designated premises and a Telephone Company hub or between a customer-designated premises and a wire center where connection to an advanced data service# occurs. DDSII is subject to the availability of equipment, facilities and technical limitations. The CPE is a CSU/DSU and terminates at the demarcation as a 4-wire interface.

At the option of the customer, DDS II may be provided under a Service Discount Plan* as specified in 7.4.10 following. (T)

* Service availability limited. Refer to # footnote on Page 7-266. (N)

Advanced data services include Telephone Company provided frame relay services, switched multi-megabit services, Internet Protocol services and ATM-cell relay services. Connections to advanced data services are provided by the Telephone Company where such connections are technically and operationally feasible, as determined by the Telephone Company.

Service availability limited. Refer to ## footnote on Page 7-93.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Service Descriptions (Cont'd)7.2.13 NYNEX Enterprise Services* (Cont'd)(A) General (Cont'd)

The following functions are performed at Telephone Company Hubs through which NYNEX Enterprise Services are configured.

(1) Grooming Functions

Basic grooming functions are performed at designated Telephone Company Hubs and provide for lower capacity services to ride channels of a higher capacity service. Up to twenty-four lower capacity services may be groomed on to a single NES DS1. The NES DS1 grooming arrangement may include any combination of lower capacity NES DSO, NES FDS1, and/or NES Voice Services, provided that the combined bit rate of the derived services does not exceed the available bit rate of the NES DS1 facility. The Telephone Company will work cooperatively with the customer in determining the possible combinations for the NES DS1 grooming arrangement. At the customer's option, a NES DS1 facility may also be groomed on to a NES DS3 facility. (D)

When more than one stage of grooming is requested (e.g., cascade grooming or ThruPath connections as described in Section 7.4.7 following), the grooming functions may be performed in the same or different Hub.

A maximum of twenty-eight NES DS1 Services or 1.544 Mbps High Capacity Services, or a combination of NES DS1 and 1.544 Mbps High Capacity Services, may be groomed on to a single NES DS3.

(2) NYNEX Enterprise Network Reconfiguration Service Functions

NYNEX Enterprise Network Reconfiguration Service functions are described in Section 19. following.

* Verizon New York Inc. only.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Service Descriptions (Cont'd)7.2.13 NYNEX Enterprise Services* (Cont'd)(C) NES Channel Descriptions

The following channels are available with NYNEX Enterprise Service.

- DS0 channels for the transmission of analog or digital signals at transmission speeds of 2.4, 4.8, 9.6, 19.2, 56.0 or 64.0 kbps.
- Fractional DS1# channels for the transmission of digital signals over the bandwidth of adjacent (contiguous) channels through a common interface at transmission speeds of 128.0, 256.0, 384.0, 512.0 and 768.0 kbps.
- DS1 channels for the transmission of digital signals at transmission speeds of 1.544 Mbps.
- DS3 channels for the transmission of digital signals at transmission speeds of 44.736 Mbps.

(D)
|
(D)

- Voice channels for the transmission of analog signals directly into a suitably equipped digital cross-connect system at a DS1 level.

Each channel is described in further detail in (1) through (6) following.

* Verizon New York Inc. only.

(6) Reserved for Future Use

(7) Shared Billing Arrangement

A Shared Billing Arrangement allows for the connection of one or more Service Users' Special Access, Switched Access or Common Channel Signaling Access Services to a Host Computer's groomed NYNEX Enterprise DS1 or DS3 Service in Telephone Company wire centers designated as NES Hubs, with the Telephone Company maintaining separate records and billing for each. The Telephone Company will split the billing at the NES Hub for each service connected to the NYNEX Enterprise DS1 or DS3 service.

A Shared Billing Arrangement also allows for the connection of one or more Service Users' DS1, DS3 or STS1 Switched Access Services, Common Channel Signaling Access Services or NYNEX Enterprise DS1 or DS3 Special Access Services to a Host Customer's IDSR or DSR at wire centers with IDSR or DSR SONET multiplexing capability, with the Telephone Company maintaining separate records and billing for each. For each service connected to IDSR or DSR, the Telephone Company will split the billing at the CO Node (i.e., SONET multiplexer) with any associated central office extension and, when applicable, associated premises port being the responsibility of the Service User.

Each customer will be billed for those rate elements associated with its own portion of the service configuration. Under no circumstances will the rates or charges for individual rate elements be split. This arrangement is only available when

- (1) a NES DS3 is groomed to a NES DS1; or
 - (2) when a NES DS1 is groomed to a NES Fractional DS1, a NES DS0, and/or a NES Voice service; or
 - (3) a Switched Access or Common Channel Signaling Access Service is provided over a NYNEX Enterprise Service facility under the regulations set forth in Section 5.2.7 preceding; or
 - (4) IDSR or DSR is provided to a CO Node for Add/Drop Multiplexing. Hubbing locations are set forth in the NATIONAL EXCHANGE CARRIER ASSOCIATION, INC., and TARIFF F.C.C. NO. 4.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.2 Service Descriptions (Cont'd)7.2.13 NYNEX Enterprise Services* (Cont'd)(H) Rate Regulations (Cont'd)

The rates and charges for NYNEX Enterprise Services are set forth in Section 30.7.15 following for price band rates and charges and Section 31.7.15 following for all other rates and charges. When NYNEX Enterprise Services are provided in conjunction with NYNEX Enterprise Network Reconfiguration Service, the rates and charges for NYNEX Enterprise Network Reconfiguration Service as set forth in Section 30.19 following for price band rates and charges and Section 31.19 following for all other rates and charges also apply.

At the option of the customer, NYNEX Enterprise Services may be provided under a Service Discount Plan** as specified in 7.4.10 (T) following or a Commitment Discount Plan as specified in 25.1 following.

When service is configured with Voice Grade Service, DIGIPATH digital service II or High Capacity Service through a serving wire center which has been designated as a NES Extension Hub, the applicable channel termination rates and charges for the type of service being provided apply for the portion of the service between the customer designated premises and the associated serving wire center (NES Extension Hub). The rates and charges for Voice Grade Service, DIGIPATH digital service II and High Capacity Service channel terminations are set forth in 30.7.3, 30.7.12 and 30.7.9 following for price band rates and charges and 31.7.3, 31.7.12 and 31.7.9 following for all other rates and charges, respectively.

Minimum period requirements and nonrecurring charge liability requirements will not be affected by changes to NYNEX Enterprise Services performed in compliance with the Telephone Company's deployment of facilities suitable for the provision of NES as set forth in (B) preceding.

* Verizon New York Inc. only.

* Service availability limited. Refer to # footnote on Page 7-266. (N)

Coordinated Retermination

For 1.544 Mbps/DS1 High Capacity and 44.736 Mbps/DS3 High Capacity moves of a primary circuit termination from one Telephone Company Central Office to another Telephone Company Central Office, the customer may pay a Coordinated Retermination Charge in lieu of treating the move as a discontinuance and start of service. The Coordinated Retermination Charge applies per circuit reterminated. The Telephone Company will coordinate the work activities required in order to minimize the length of time the service being moved is unavailable. Monthly rates will apply as if the circuit remained in service with no disruption. There will be no change in minimum period requirements. No termination liabilities will apply except where the retermination eliminates chargeable services such as IOF mileage for which specific termination liabilities exist.

(T)
|
(T)

(D) Early Termination Charges

Early Termination charges apply to Special Access Service which is provided under a term plan and disconnected in full or in part prior to the customer satisfying the selected term plan for the service. Unless otherwise specified for the specific Special Access Service, the early termination charge will be the calculated using the methods set forth in (1) and (2) following.

- (1) For disconnects prior to the end of the selected term plan for which there is no term plan less than the actual time the service has been in effect, the Early Termination Charge is 100% of the applicable monthly rates for each month and fraction thereof in the balance of the term plan.
- (2) For disconnects prior to the end of the selected term plan for which a term plan exists which is less than the actual time the service has been in effect, the Early Termination Charge is the lesser amount of (i) 100% of the applicable monthly rates for each month and fraction thereof in the balance of the selected term plan or (ii) the difference between the monthly rates for the highest term plan that could have been satisfied prior to disconnection of the service and the monthly rate for the selected term plan multiplied by the actual number of months the service has been in effect.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.7 Facility Hubs* (Cont'd)

A ThruPath Service connection occurs when a channel which has been derived from one multiplexed or groomed facility is interconnected with a channel which has been derived from a different multiplexed or groomed facility of the same bit rate. When the ThruPath Service connection involves IDSR, DSR, or an IntelliLight Broadband Transport (IBT) multiplexing node, those services must use symmetrical port combinations. ThruPath Service connections may not be associated with asymmetrical port combinations of an IDSR, DSR, or IBT multiplexing node. The two derived channels are interconnected to create a single channel of a lesser capacity between the two multiplexed or groomed facilities as follows.

- Digipath digital service II between two multiplexed 1.544 Mbps High Capacity Services
- 1.544 Mbps High Capacity Services between two 44.736 Mbps High Capacity Services
- 1.544 Mbps High Capacity Service or NES DS1 between an IDSR node, a DSR node, or multiplexed IBT and a multiplexed 44.736 Mbps High Capacity facility or groomed NES DS3 facility.
- DS3, NES DS3 or IBT OC3/OC3c, OC12/OC12c or OC48/OC48c between two IDSR or DSR services of higher capacity.
- IBT OC3/OC3c or OC12/OC12c between two multiplexed IBT Services of a higher capacity.
- NES DS0, Voice or FDS1 between two Special Access groomed DS1 facilities (D)
- NES DS1 between two Special Access multiplexed or groomed DS3 facilities
- 44.736 Mbps High Capacity Service between two Optical Line Multiplexers associated with two 44.736 Mbps High Capacity Services, each of which are provided with the optical fiber interface option

* Includes connection to or between locations where IBT multiplexing capability occurs as described in Section 26.1.5 following.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.10 Service Discount Plan(A) General

Service Discount Plans are provided with Rate Stability (defined in (G) following) for these services:

- NYNEX Enterprise Services***
- Intellilight Dedicated SONET Ring

Service Discount Plans are provided with Base Rates only (without Rate Stability) as set forth in (G) following for these services:

- 44.736 Mbps Service

Service Discount Plans are available for the following types of services. Neither Rate Stability or Base Rates apply to these services:

- Voice Grade Service*# (T)
- Digital Data Service*# (T)
- DIGIPATH digital service II# (T)
- 1.544 Mbps Service
- NYNEX Enterprise Network Reconfiguration Service+# (T)
- Broadcast Video Service
- Enterprise SONET Service
- Advanced Uncompressed Digital Video Service
- Serial Component Video Service
- Supertunking Transport Video Service
- Fiber Based Multichannel Video Service
- NYNEX Enterprise Services (NES)***# (T)
- IntelliLight® Dedicated SONET Ring (IDSR in Section 26.1 only)^

* Verizon New York Inc. only.

*** NYNEX Enterprise Services are available in Verizon New York Inc. only.

+ Denotes a Vertical Service.

^ Service availability limited. See footnote on Page 26-1.

Effective November 16, 2018, orders for new Service Discount Plans for Voice Grade Service, Digital Data Service, DIGIPATH digital service II, NES DS0, NES Voice, and NYNEX Enterprise Network Reconfiguration Service DDSII and Voice Grade Network Access Ports are no longer permitted. The Telephone Company will continue to provide any such Service Discount Plans that are in-service as of November 16, 2018, or any order for such Service Discount Plan that is placed with the Telephone Company prior to November 16, 2018 (collectively, Existing DS0 SDPs), subject to the following conditions: (N)

- The Telephone Company will continue to provide Existing DS0 SDPs for the selected commitment period until (i) the customer discontinues service; (ii) the customer converts to a Voice Grade Service, Digital Data Service, DIGIPATH digital service II, NES DS0, or NES Voice, as applicable, provided on a month to month basis; or (iii) the current commitment period expires, whichever comes first. Upon expiration of the commitment period, if the customer has taken no action, the Telephone Company will convert the customer to month to month service.
- Renewal or extension of an Existing DS0 SDP is not permitted.
- Moves and changes are permitted provided that they do not require a new commitment period. (N)

ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.10 Service Discount Plan (Cont'd)(A) General (Cont'd)

A customer with one or more services has the option of requesting, at any time, a Service Discount Plan for some or all services of the same type and, in the case of certain digital services, of the same speed (i.e., 1.544 Mbps and 44.736 Mbps Service with an optical fiber interface option). (D)

In the case of 1.544 Mbps and 44.736 Mbps Service, the services must be provided within the same Telephone Company operating territory. In addition, when a customer requests a Service Discount Plan for a 1.544 Mbps or 44.736 Mbps High Capacity or NES DS1 or DS3 Special Access Service provided under a Shared Use Agreement, the equivalent Switched Access Service Discount Plan and its terms and conditions as specified in Section 6.7.16 preceding, will apply to the Switched Access channels provided over the Shared Use facility. For all other services, the services must be billed on the same billing account.

When the customer has elected a Commitment Discount Plan as set forth in Section 25.1 following, a Service Discount Plan will not be established for any service level which is included in a Commitment Discount Plan. A Service Discount Plan may be established for service levels which are not included in the Commitment Discount Plan subject to the regulations specified in Section 25.1.2 following.

When the customer has elected a National Discount Plan as set forth in Section 25.2 following, a Service Discount Plan will not be established for any Special Access DS3 Service or Special Access DS1 Service during the time that the customer subscribes to NDP.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.10 Service Discount Plan (Cont'd)

(F) Rate Regulations

- (1) Where the Service Discount Plan is requested to be provided coincident with the connection of new service, it will be effective with the establishment of service.
- (2) Where the Service Discount Plan is requested to be provided on existing service, the plan will be effective on the date the Telephone Company receives the Access Order requesting the discount.
- (3) When a Service Discount Plan is provided on Enterprise SONET Service, the commitment period for the Service Discount Plan will be effective with the establishment of the first ESS Ring Transport Service on the ring.
- (4) Unless otherwise noted, at the end of its selected commitment period, the customer will have the option of subscribing to any then effective Service Discount Plan. If the customer does not notify the Telephone Company of its choice prior to the expiration of the commitment period, the customer's current Service Discount Plan will be renewed upon expiration of the selected period. The renewed plan will have a commitment period equal to that originally selected by the customer and the plan will be considered new. With respect to IDSR service provided pursuant to Section 26.1 following, the regulations set forth in this paragraph shall not apply, and the regulations set forth in Section (E)(2) preceding shall apply in lieu thereof.
- (5) If the customer notifies the Telephone Company of its choice within the first sixty days of the date of renewal, the customer may cancel the renewed plan and subscribe to any then effective Service Discount plan or continue with the renewed plan. If, within the first sixty days of the date of renewal, the customer elects to cancel the renewed plan and subscribe to the service on a month-to-month basis or subscribe to a then effective Service Discount Plan, termination liability will not apply.
- (6) In accordance with the # footnotes on Page 7-107 and Page 7-266 preceding, the customer may not renew the expiring commitment period of Voice Grade, Digital Data Service, DIGIPATH digital service II, NES DS0, NES Fractional DS1, or NES Voice. (T)

ACCESS SERVICE

25. Discount Plans

The following discount plans are available to all customers who purchase the applicable services and meet the requirements for each such discount plan, as set forth in Section 25.1 following for Commitment Discount Plans and Section 25.2 following for National Discount Plan.

25.1 Commitment Discount Plans

(A) A Commitment Discount Plan (CDP) provides for the application of a discount to the monthly recurring rates for service(s) included in the CDP based on a Minimum Commitment of channel terminations. For administrative purposes, all services included in the CDP are managed as a single plan with separate commitment periods applicable to each type of service. Only one (1) CDP is permitted per customer (i.e., one per legal entity).

(B) If a customer subscribed to a CDP prior to July 16, 2016, all eligible service types must be included in CDP with the limited exception of (i) IEF services; (ii) Special Access DS3 High Capacity/44.736 Mbps Services (Special Access DS3 Services) and Special Access DS1 High Capacity/1.544 Mbps Services (Special Access DS1 Services), as set forth in Section 7.2.9 preceding, that are included in the National Discount Plan (NDP) as set forth in Section 25.2 following; and (iii) eligible service types ordered on or after July 16, 2016 under an ACNA not included in said CDP. If a customer subscribes to a CDP on or after July 16, 2016, all eligible service types under the ACNA(s) designated for inclusion in such CDP must be included in CDP with the limited exception of IEF services.

(1) Existing CDP customers who subscribe to IEF services must choose one of the following options: (1) maintain existing term pricing plans on their IEF; or (2) include their IEF services under the CDP, in which case their IEF terminations must be combined with their Switched Access and Special Access DS3 channel terminations without applying termination liabilities to their cancelled IEF Term Plan; or (3) include the IEF services under the CDP and under the NDP in accordance with the terms set forth in this Section 25.1 and Section 25.2 following, respectively.

(2) New CDP customers who subscribe to IEF services must choose one of the following options: (1) establish or maintain a term pricing plan on their IEF services; or (2) include their IEF services under the CDP, in which case their IEF terminations must be combined with their Switched Access and Special Access DS3 channel terminations; or (3) include the IEF services under the CDP and under the NDP in accordance with the terms set forth in this Section 25.1 and Section 25.2 following, respectively.

(3) NYNEX Enterprise DS0 and DIGIPATH digital service II are no longer eligible services under CDPs established or renewed on or after November 16, 2018. For customers who established or renewed a CDP prior to November 16, 2018, the Telephone Company will continue to include NYNEX Enterprise DS0 and DIGIPATH digital service II as eligible services through the expiration date of the then effective commitment period of those service types.

1300 I Street, NW, Washington, D.C. 20005

ACCESS SERVICE

25. Discount Plans25.1 Commitment Discount Plans (Cont'd)

- (C) Customers have the option of combining the following services for the purposes of establishing commitment levels. Switched Access and Special Access DS1 channel terminations may be combined into a single commitment level. Switched Access and Special Access DS3 channel terminations may be combined into a single commitment level. When Special Access DS1 Services or Special Access DS3 Services that are under a combined service type are subsequently moved to NDP, the combined commitment level will be reduced under Section 25.1.10(E)(2)(A) following. (M)

25.1.1 Availability of a Commitment Discount Plan

- (A) At the customer's request, certain Telephone Company Switched Access Services and Special Access Services may be provided under a CDP. The types of services to be discounted, along with the specific discount percentages and available commitment periods, are set forth in Section 25.1.4 following.
- (B) CDPs for Switched Access Service Direct Trunked Transport are only available in states where Expanded Interconnection has become operational and either:
- a total within the state of 100 DS1 equivalent Entrance Facility Office Channel Terminations have been provided in the Zone 1 serving wire centers, access tandems or remote nodes in that state; or
 - an average of 25 DS1 equivalent Entrance Facility Office Channel Terminations have been provided per Zone 1 serving wire center, access tandem or remote node in that state.
- (C) Based on the above requirements, CDPs for Switched Access Service Direct Trunked Transport are available in all states. CDPs are not applicable to Switched Access Service Tandem Switched Transport. However, the customer may also subscribe to a Service Discount Plan for Switched Access Service Tandem Switched Transport as set forth in Section 6.7.16 preceding.

25. Discount Plans (Cont'd)25.1 Commitment Discount Plans(Cont'd)25.1.2 Establishment of a Commitment Discount Plan (Cont'd)

(D) When a CDP is established, the CDP Customer agrees to the following requirements pertaining to all of its existing Service Discount Plans and Term Plans, under those ACNA(s) included in the CDP, as provided under Sections 6.7.16 or 7.4.10 preceding or 26.1 following.

(1) The CDP Customer may continue with, or establish new, any available Service Discount Plan or Term Plan for the following services which are not eligible for inclusion in the CDP. The regulations for the Service Discount Plan and Term Plans on these services are set forth in Sections 7.4.10 preceding or 26.1 following.

- Special Access Digital Data Service (New York only)
- DIGIPATH digital service II# (N)
- NYNEX Enterprise DS0 Service (New York only)# (N)
- Special Access Voice Grade Service (New York only)
- Special Access Broadcast Video Service
- Special Access Advanced Uncompressed Digital Video Service
- Special Access Fiber Based Multichannel Video Service
- Special Access Supertrunking Transport Video Service
- Enterprise SONET Services
- SONET Services, with the following exceptions:
 - IntelliLight® Entrance Facilities (when not included in CDP)
 - Services specified in Section 25.1.1 preceding

(2) The CDP Customer may continue any existing Service Discount Plan for Switched Access Tandem Switched Transport or may establish a new Service Discount Plan for Switched Access Tandem Switched Transport, subject to the regulations set forth in Section 6.7.16 preceding.

(3) Existing CDP Customers who subscribe to IEF services must choose one of the following options: (1) maintain existing term pricing plans on their IEF; or (2) include their IEF services under the CDP, in which case their IEF terminations must be combined with their Switched Access and Special Access DS3 channel terminations without applying termination liabilities to their cancelled IEF Term Plan; or (3) include the IEF services under the CDP and under the NDP in accordance with the terms set forth in this Section 25.1 and Section 25.2 following, respectively. If a CDP Customer chooses to include IEF in CDP after initially establishing CDP, the DS3 portion of the new combined commitment level will remain the same. Ninety percent (90%) of the then in-service IEF terminations under the ACNA(s) included in CDP will be added to the DS3 commitment levels to create a new combined DS3 and IEF commitment level.

Applicable only to customers who established or renewed CDP on or after November 16, 2018. (N)

25. Discount Plans (Cont'd)

25.1 Commitment Discount Plans (Cont'd)

25.1.3 Plan Commitment Levels

(A) Minimum Commitment Levels

- (1) The CDP requires that a Minimum Commitment of channel terminations be established for the purpose of administering the plan. The total number of channel terminations shall be calculated using all such in-service channel terminations which the Telephone Company provides to the CDP Customer under the ACNA(s) included in the CDP in all of its operating territories under this tariff. The Minimum Commitment shall be expressed as the equivalent number of DS0s for the Standard Channel Termination rate elements of all services involved.
- (2) The total number of channel terminations determined above will be converted into an equivalent number of DS0s using the following DS0 equivalent table.

<u>Type of Channel Termination</u>	<u>DS0 Equivalent</u>
STS12 level	8,064
STS3 level	2,016
STS1 level	672
DS3 level	672
DS1 level	24
NES Fractional DS1	
768 kbps	12
512 kbps	8
384 kbps	6
256 kbps	4
128 kbps	2
NES DS0	1
DDS II	1

When the calculation of the minimum commitment of DS0s results in a fraction of a DS0, always round up to the next whole DS0. (T)

- (3) The customer will not be eligible to participate in the CDP if the combined number of equivalent DS0s for all service types specified in Section 25.1.1 preceding at the time of subscription is less than 336. (T)
- (4) For CDPs established or renewed prior to November 16, 2018, the CDP Customer agrees to an initial Minimum Commitment of at least seventy-five percent (75%) of the total number of DDS II channel terminations which are in-service under the ACNA(s) included in the CDP at the time of subscription to CDP. (C)
- (5) For all other services, the CDP Customer agrees to an initial Minimum Commitment of at least ninety percent (90%) of the total number of channel terminations for the service type or combined service types which are in-service under the ACNA(s) included in the CDP at the time of subscription to CDP. (T)

ACCESS SERVICE

25. Discount Plans (Cont'd)25.1 Commitment Discount Plans (Cont'd)25.1.3 Plan Commitment Levels (Cont'd)(B) Upgrades

- (1) The CDP Customer may upgrade services in accordance with this section.

- (a) Upgrade to a Higher Bandwidth/Capacity Service Included in Commitment Discount Plan

The CDP Customer may upgrade one (1) or more services which are included in CDP (under an individual service type or combined service type) to a higher bandwidth/capacity service that is also included in CDP. In this case, the Minimum Commitments on the individual service types or combined service types will be adjusted accordingly.

For example, if DS1 services are upgraded to a DS3 service, the Minimum Commitment for the DS1 services will be reduced by ninety percent (90%) of the total equivalent DS0 count of the DS1(s) involved in the upgrade, and the Minimum Commitment for the DS3 services will be increased by ninety percent (90%) of the total equivalent DS0s of the DS3(s) being added. Termination liability will not apply to the reduced Minimum Commitment. The adjusted Minimum Commitment will be reflected in all calculations involved in the true-up process.

- (b) Upgrade to a Higher Bandwidth/Capacity Service Included in NDP

The CDP Customer may upgrade one (1) or more services which are included in CDP (under an individual service type or combined service type) to a higher bandwidth/capacity service, and such upgraded service is then included in NDP as set forth in Section 25.2 following. In this case, the Minimum Commitment on the individual service type or combined service type will be reduced by 75% or 90%, as applicable, of the equivalent DS0 count associated with the upgraded service(s).

For example, if the CDP Customer upgrades Special Access DS1 Service to a Special Access DS3 Service, and such Special Access DS3 Service is included in NDP, the commitment level for Special Access DS1 services will be reduced by ninety percent (90%) of the total equivalent DS0 count of the DS1 service(s) which are upgraded.

25. Discount Plans (Cont'd)25.1 Commitment Discount Plans (Cont'd)25.1.3 Plan Commitment Levels (Cont'd)(C) Modifications to an Existing Commitment Discount Plan (Cont'd)

(4) Addition of ACNA(s) to an Existing Commitment Discount Plan

Where a CDP Customer seeks to add one or more ACNA(s) to its CDP in accordance with Section 25.1.3(C)(1) or 25.1.3(C)(2) preceding (i.e., addition is optional and such ACNA(s) is not already included in another CDP), the CDP Customer's CDP shall be modified to include the eligible services of such added ACNA(s).

- (a) The addition of such ACNA(s), and the application of the terms and conditions applicable under the existing CDP, including the discount percentage and/or TPP rates, will be effective as specified in Section 25.1.10(B)(2) following.
- (b) For CDPs established or renewed prior to November 16, 2018, the CDP Customer agrees to add at least seventy-five percent (75%) of the total number of DDS II channel terminations, which are in-service for such ACNA(s) as of the date of Telephone Company receipt of the written notification, to its existing Minimum Commitment level. (C)
- (c) For all other services, the CDP Customer agrees to add at least ninety percent (90%) of the total number of channel terminations for the service type or combined service types, which are in-service for such Affiliate ACNA(s) as of the date of Telephone Company receipt of the written notification, to its existing Minimum Commitment level. (T)
- (d) All eligible service types for such Affiliate(s) ACNA(s) must be included in the existing CDP with the limited exception of IEF services. If IEF services are not included under the existing CDP, and there are IEF services for the Affiliate(s) being added to the existing CDP, the CDP Customer may select from the options specified in Section 25.1(B) preceding for its IEF services. If IEF services are included under the existing CDP, then IEF terminations for the ACNA(s) being added to the existing CDP must be combined with their Switched Access and Special Access DS3 channel terminations, as described in Section 25.1.3(A)(6) preceding. (T)
- (e) No adjustment to prior billing will be made. (T)

(Cont'd)

(f) The Telephone Company will apply any Renewal Options already granted under the existing CDP to the service types included in the ACNA(s) being added to the existing CDP. When Renewal Options apply under the existing CDP, time in-service credit (TISC) under (f) following will not apply. (T)

(g) TISC will be granted as specified in (i) or (ii) following, as applicable, subject to all of the terms and conditions described in Section 25.1.10(F) following: (T)

- (i) When a particular service type(s) will be newly established in the CDP due to the addition of ACNA(s), the customer will be granted TISC, subject to Section 25.1.10(F) following for any such service type(s) being converted from a term plan to CDP. However, if Renewal Options apply on the existing CDP, such TISC will be forfeited.
- (ii) When a particular service type(s) has already been established in the existing CDP, the customer will not be granted TISC in accordance with Section 25.1.10(F) following for such service type(s) being converted from a term plan to CDP. However, the Telephone Company will apply the prevailing TISC under the CDP, if any, to such service type(s).

25. Discount Plans (Cont'd)25.1 Commitment Discount Plans (Cont'd)25.1.4 Commitment Periods and Discount Percentages

- (A) For each billing month, the Telephone Company will discount service under CDPs as follows:
- (1) For IEF services, the Term Plan monthly rates shown in Section 30.26.4 following for price band rates and Section 31.26.4 following for all other rates will apply for the selected commitment period. Such rates may change during the commitment period subject to the regulations set forth in Section 25.1.6 following.
 - (2) For the remaining services included under CDPs, the discount percentage set forth in the table below will be applied to the monthly rates or the Base Rates for the selected commitment period. Base Rates, monthly rates, and discount percentages may change during the commitment period subject to the regulations set forth in Sections 25.1.5 and 25.1.8 following.
 - (3) Services included in a combined service type may have different commitment periods associated with each individual service type. The discount percentage applied to the monthly rates will be the discount percentage associated with the commitment period of the individual service type. Such rates may change during the commitment period subject to the regulations set forth in Section 25.1.8 following. The discount is applied as set forth in Section 25.1.7 following.
 - (4) The discount percentage to be applied differs based on the length of the commitment period selected by the CDP Customer and the type of service. The customer must select a commitment period from those following by specifying the number of months over which the discount is to be applied. The discount percentage to be applied will be the discount percentage for the commitment period selected by the customer.

25. Discount Plans (Cont'd)

25.1 Commitment Discount Plans (Cont'd)

25.1.7 Application of the Discount Percentage or IEF Term Plan Rates
(Cont'd)

- (C) Customer has met its Minimum Commitment
If the CDP Customer has satisfied its Minimum Commitment and is below the maximum service level for the preceding six months, no corrective action will be taken.
- (D) Customer has met its Minimum Commitment and Exceeded its Maximum Service Level

If the CDP Customer has satisfied its Minimum Commitment for the preceding six months but exceeded its maximum service level, the Telephone Company will apply an adjustment in order to true-up the discount which was applied in excess of that allowed by the maximum service level. The true-up will result in an adjustment (charge up) of the discounted excess amount back to standard, non-discounted rates, unless the CDP Customer elects to increase its Minimum Commitment upward to at least seventy-five percent (75%) for DDS II services in CDPs established or renewed prior to November 16, 2018, and ninety percent (90%) for all other service types of the total number of DS0 equivalent Standard Channel Terminations for the ACNA(s) included in CDP for the type of service or combined service type involved at the time the true-up was performed. If an adjustment is to be applied, the Telephone Company will calculate the adjustment as follows.

(C)
(C)

(Step 1) The Telephone Company will calculate the average number of equivalent DS0 Standard Channel Terminations which were in service for the ACNA(s) included in CDP over the preceding six months by summing the actual number of equivalent DS0s for said ACNA(s) for each of the last six months, and dividing the resulting total by six. The resulting number represents the average monthly equivalent DS0 Standard Channel Termination count (i.e., monthly equivalent DS0 count.)

(Step 2) The Telephone Company will calculate the average rate assessed per equivalent DS0 by first summing the total reduced monthly charges associated with all channel termination, channel mileage, optional features or functions or BSEs and IEF terminations or IEF interfaces rate elements for the preceding six months and dividing by six. The resulting amount is then divided by the average monthly equivalent DS0 count determined in Step 1.

(Step 3) The Telephone Company will calculate the average Minimum Commitment by first summing the Minimum Commitment for each of the preceding six months, adjusting the Minimum Commitment pursuant to Section 25.1.3 preceding, and dividing by six. The resulting number represents the average Minimum Commitment for the preceding six months.

(Step 4) The Telephone Company will determine the applicable maximum service level by multiplying the Minimum Commitment determined in Step 3 by 1.56 (i.e., the Minimum Commitment plus fifty-six percent (56%)) for DDS II service in CDPs established or renewed prior to November 16, 2018, or by multiplying the Minimum Commitment determined in Step 3 by 1.3 (i.e., the Minimum Commitment plus thirty percent (30%)) for all other services.

25. Discount Plans (Cont'd)25.1 Commitment Discount Plans (Cont'd)25.1.10 Commitment Periods (Cont'd)(C) Expiration of a Commitment Period

- (1) At the expiration (end) of its selected commitment period, the CDP Customer may choose one (1) of the following options:
- (a) Select any then effective commitment period for the service type involved, including combined service types, to establish a new CDP. All terms and conditions of CDP, including termination liability, shall apply to the new commitment period. Upon establishment of a renewed CDP, eligible CDP Customers may elect the Renewal Option in accordance with Section 25.1.10(G) following. All of the applicable terms and conditions relating to the establishment of a CDP specified in Section 25.1.2 preceding shall apply.
 - (b) Extend the expiring commitment period as set forth in (D) following (in which case the then current discount percentage or IEF Term Plan rates and terms and conditions of the existing plan will continue to apply).
 - (c) Discontinue CDP and continue receiving service without any discount plan. With the exception of (i) subscribing Special Access DS3 and DS1 Services to the NDP (as set forth in Section 25.2 following) and (ii) IEF services as described in Section 25.1.3(A)(6) preceding, the CDP Customer may not subscribe to any other discount plan if at least one (1) service type remains for the ACNA(s) included under CDP (i.e., all commitment periods for all service types in those ACNAs specified for inclusion under CDP have not expired. If the commitment period for a service offered under a combined service type is expiring and the service type will continue without any discount plan, the commitment level for the combined service type will change to an individual service type for the remaining service and be reduced by the quantity of channel terminations expiring.
- (2) If the CDP Customer does not notify the Telephone Company of its choice of (a), (b), or (c) above, in writing at least sixty (60) days prior to the expiration of the commitment period, the Telephone Company will continue two (2) additional months of CDP billing. If the CDP Customer does not notify the Telephone Company of its choice during the two (2) month extension, a new CDP will begin based on the previously effective commitment period. For CDPs established or renewed prior to November 16, 2018, a new CDP will not be established for the DDS II or NYNEX Enterprise DS0 service types. The commitment level will be reset according to Section 25.1.3(A) preceding. The new CDP established under this Section (C)(2) will not include any Renewal Option. All terms and conditions of CDP, including termination liability, will apply to the new CDP commitment period. DDS II and NYNEX Enterprise DS0 services will be converted to a month-to-month term plan at the then prevailing rate for month-to-month service.

ACCESS SERVICE

25. Discount Plans (Cont'd)25.1 Commitment Discount Plans (Cont'd)25.1.10 Commitment Periods (Cont'd)(C) Expiration of a Commitment Period (Cont'd)

- (3) If all commitment periods for all services under the CDP are expiring, the CDP Customer has the following options: (1) Establish a new CDP for some or all of its ACNA(s); and/or (2) Select any then effective Service Discount Plan as set forth in Section 7.4.10 or Section 6.7.16 preceding for Special or Switched Access Service, respectively; and/or (3) Select any then effective National Discount Plan for its Special Access DS3 and/or DSL Services; and/or (4) Select any then effective term plan as set forth in Section 26.1.4 following for IEF, which may be available for such services; (5) Continue receiving service without a discount plan; and/or (6) Discontinue service. Upon establishment of a renewed CDP, eligible customers may elect the Renewal Option in accordance with Section 25.1.10(G) following.

(D) Extension of a Commitment Period(1) Select New CDP with Equal or Longer Commitment Period

- (a) At any time prior to the expiration of the selected commitment period for an existing Commitment Discount Plan, the CDP Customer may extend the commitment period by cancelling the existing plan and selecting a new plan with a commitment period which is equal to or longer than the original commitment period associated with the cancelled plan. The CDP Customer must choose from the commitment periods available for each service type as set forth in Section 25.1.4 preceding.

- (b) The option to extend the expiration date for DDS II or NYNEX Enterprise DS0 service is not offered under any CDP established or renewed on or after November 16, 2018. For CDPs established or renewed prior to November 16, 2018, if the CDP Customer chooses to extend the expiration date for DDS II service offered under a Commitment Discount Plan, a new Minimum Commitment level must be established that is (1) the then existing Minimum Commitment level; or (2) seventy-five percent (75%) of the total number of channel terminations for DDS II for the ACNA(s) included in CDP, whichever is higher. For all other service types, the new Minimum Commitment level will be the higher of (1) the then existing Minimum Commitment level; or (2) ninety percent (90%) of the total number of then in service channel terminations for such service type for the ACNA(s) included in CDP.

(N)

(N)

- (c) If the customer chooses to extend the expiration date for one or both of the service types offered under a combined service type, the new Minimum Commitment level will be either (1) the then existing commitment level for the combined services or (2) ninety percent (90%) of the total number of channel terminations for the combined service type for the ACNA(s) included in CDP, whichever is higher.

(TR 1384)

ACCESS SERVICE

25. Discount Plans (Cont'd)25.1 Commitment Discount Plans (Cont'd)25.1.10 Commitment Periods (Cont'd)(D) Extension of a Commitment Period (Cont'd)(1) Select New CDP with Equal or Longer Commitment Period (Cont'd)

- (d) Termination liability charges as set forth in Section 25.1.11 following are not applicable provided that the commitment period of the new plan is equal to or longer than the commitment period of the plan being cancelled. TISC is not applicable when extending the commitment period. All terms and conditions of CDP, including termination liability, will apply to the new CDP commitment period. During the period of the extension, the customer is still subject to the true-up process as set forth in Section 25.1.7 preceding.

(2) Extend Expiration Date of Commitment Period (for all services except Combined Service Types which are set forth in (3) following)

The option to extend the expiration date for DDS II or NYNEX Enterprise DS0 Services is not offered under any CDP established or renewed on or after November 16, 2018. For CDPs established or renewed prior to November 16, 2018, at the expiration of its selected commitment period for a service type that is not part of a combined service type, the CDP Customer has the option to extend the expiration date of the expiring commitment period for a specific service type at the same discount percentage currently being applied provided that the new expiration date for the commitment period is the same as, or sooner than, the expiration date associated with the longest commitment period under the CDP Customer's CDP.

(N)

(N)

For example, assume that a CDP Customer has a service type with a five (5) year commitment for DDS II service. Assume also that the longest commitment period the CDP Customer has under CDP is a seven (7) year commitment on Special Access DS1 service with two (2) years remaining on the commitment period for that service. The CDP Customer may extend the expiration of the DDS II service commitment period for two (2) additional years at the five (5) year DDS service rates.

(3) Extend Expiration Date of Commitment Period for Combined Service Types

For combined service types, the CDP Customer has the following options:

- (a) The CDP Customer may extend the expiration date of the shorter commitment period of a combined service type to the expiration date of the longer commitment period of the other service type. The CDP Customer may select the higher discount percentage associated with the longer commitment period of the service type with the expiring plan to apply during the extension. The discount percentages are described in Section 25.1.4 preceding.
