
ACCESS SERVICE

23. Operating Territory of the Frontier Telephone Companies23.1 Competitive and Non-Competitive Counties23.1.1 General

Counties and county-equivalents within the Telephone Company's operating territories are either Competitive or Non-Competitive for the purposes of pricing Special Access Services. The application of the Competitive and Non-Competitive designations is described in Section 7.4.

Rates and charges for Competitive rate elements are provided in Section 24, and for Non-Competitive rate elements, the rates and charges are provided in Section 7.

For Special Access Services, as provided in Section 7, rates and charges for End User Channel Terminations and their applicable optional features in Non-Competitive Counties are price cap rates.

23.1.2 Rate Regulations

The application of rates and charges for Special Access services, as provided in Section 7, is based upon the county classification as Competitive or Non-Competitive, as provided in section 7.4. A list of Competitive and Non-Competitive Counties is located in Section 23.1.3 and 23.1.4.

Section 69.801(d) of the FCC's rules defines a "Grandfathered market" as "[a] county that does not satisfy the competitive market test set forth in § 69.803 for which a price cap local exchange carrier obtained Phase II relief pursuant to § 69.711(c)." Pursuant to Section 69.807(c) of the FCC's rules, for the CLLI Codes in grandfathered markets, a new rate element "Grandfathered Market" has been created for the Nonrecurring charge (NRC) under section 24. "Grandfathered Market" rate will be applicable for such Nonrecurring charges (NRC).
