

ACCESS SERVICE

24. Metropolitan Statistical Area Access Services

24.1 General Description

(A) This section of the tariff provides the regulations, rates, and terms and conditions that apply to telecommunications services provided by the Telephone Company in the Metropolitan Statistical Areas (MSAs) in which the Telephone Company has received Phase II pricing flexibility pursuant to Subpart H of Part 69 of the Commission's Rules. MSAs are divided into the categories below:

(1) Full Service MSAs

Full Service Relief MSAs are those MSAs which qualified for Phase II pricing flexibility for all elements of service, such as local channels (channel terminations) between LEC end offices and customer (end user) premises; entrance facilities; local channels (channel terminations) between an Interexchange carrier's point of presence and a serving wire center. The Full Service Relief MSAs are set forth in Section 24.2(A), following.

(2) Limited Service MSAs

Limited Service Relief MSAs are those MSAs that qualified for Phase II pricing flexibility for all elements of service except local channels (channel terminations) between LEC end offices and customer (end user) premises. The Limited Service MSAs are set forth in Section 24.2(B), following.

(B) The services provided in MSAs pursuant to this section of the tariff are set forth in Section 24.3, following. These services are comparable to the SWA Dedicated Transport Services in Sections 6.3.1(A), 6.3.1(B), 6.3.1(E), and 17. (T)
 The general regulations, service descriptions, and rate regulations for the (D)
 SWA Dedicated Transport Services in Sections 6 and 17 are also applicable (D)
 to the services specified in this section, except as provided below.

An exception in 24.4(F) applies for term pricing plans.

(C) Unless otherwise provided for in this section, regulations set forth in Sections 1, 2, 5, and 8 also apply.
