INTERSTATE ACCESS SERVICES

---

**SECTION 11 - END USER ACCESS SERVICES (CONT'D.)**

**(T)**

11.2 Carrier Line Charge (CLC)

The Company will assess a Carrier Line Charge (CLC) to residential and business end user customers in order to recover the Company's increased network costs caused by the wholesale rate increases imposed by incumbent local exchange companies under revised regulatory rules.

The rates will be assessed according to the following:

Line Type	Monthly Charge (per line and/or arrangement)
ISDN PRI	\$29.00
Centrex	\$0.99
All Other Line Types	\$6.24

11.3 Regulatory Assessment Surcharge ("RAS")

As a telecommunications company, the Service Provider must make various payments to local, state, and federal departments and agencies, including, but not limited to, administration fees, inspection and supervision fees, and general public utility commission assessments. RAS is designed to help recover the cost of these payments. RAS is assessed on end-user Customers based on the individual Customer's respective interstate and international services invoiced.

The applicable percentage rate may vary. For the most current rate in effect please refer to:
