## ACCESS SERVICE

4. End User Access Service (Cont'd)4.6 Rate Regulations (Cont'd)

- (R) The Federal Universal Service Fund (USF) end user charge is designed to recover all contributions made by the Company to federally mandated universal service support mechanisms. Federal USF end user charges will not apply to end users who qualify for the Lifeline Assistance Program or to resellers of the Company's local exchange services (i.e., carriers that purchase services for resale and certify to the Company that they contribute to support universal service).

End users who obtain local exchange service from the Company under its general and/or local exchange tariffs will be assessed a monthly, flat-rated Federal USF end user charge, as set forth in 4.7(D) following.

For end user customers with direct switched dedicated or special access billing, the monthly Federal USF end user charge will be applied at the billing account level. The applicable monthly charge will be determined by multiplying the quarterly USF contribution factor prescribed by the Federal Communications Commission, as set forth below, by the end user's total monthly switched dedicated or special access charges billed under this Tariff. Customers may certify exemption from Federal USF charges at the Access Carrier Name Abbreviation (ACNA), Billing Access Number (BAN) or circuit level. Certification at the ACNA level will exempt all BANs under that ACNA. Customers must certify exemption from Federal USF end user charges on an annual basis.

For all other interstate access services provided to end users (i.e., Presubscribed Interexchange Carrier Charges (PICC), Presubscription Change Charges), the monthly Federal USF end user charge will be determined by multiplying the quarterly USF contribution factor, as set forth below, by the total of the end user customer's monthly charges billed for services under this Tariff.

USF Contribution Factor	<b>0.271</b> (I)	(C)

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan - GRANDFATHERED

(C)

The Special Access Term Discount Plan (TDP) rates for Special Access Non-Competitive End User Channel Terminations (EUCTs) subject to Section 203 of the Communications Act are filed in this tariff. Other Special Access rates included in this plan are not subject to Section 203 and are provided outside of this tariff.

(A) General

The Special Access Term Discount Plan (TDP) applies to Special Access Digital Data Service (56.0 and 64.0 kbps), High Capacity DS1 (1.544 Mbps) and DS3 (44.736 Mbps) services, DS3 to DS1 and DS1 to DS0 Multiplexing, and Shared SONET Ring Service. The TDP provides the customer with discounted rates for the services listed. The customer agrees to a minimum service commitment per service on a state or national basis when the TDP is established.

In order for a circuit to be eligible for TDP pricing, the customer must commit a channel termination and/or multiplexer, or if not provided by the Company, the portion of the circuit (i.e., interoffice mileage) that is provided by the Company to a TDP. The commitment level for a circuit will be based on this information. For purpose of determining the term discount plan commitment level for Shared SONET Ring Service (SSRS), a Ring Connection equates to a Special Access Channel Termination. Customers may disconnect or move channel terminations and/or multiplexers within the committed area (i.e., state or nation) and not be subject to termination liability charges as long as the commitment levels are maintained.

(B) Commitment Level

All eligible special access rate elements for a given circuit (channel termination, channel mileage termination (fixed), channel mileage facility (per mile), multiplexing or ring connection and ring transport) must be ordered for the same commitment period with the same service date for the same customer. A customer establishes a TDP by committing all or a portion of their in-service circuits to a minimum term of 3 years up to maximum term of 5 years. During the term of the selected TDP, the customer must maintain an in-service commitment threshold of not less than 90% nor more than 130% of the committed circuits.

**Effective October 1, 2020 the Special Access Term Discount Plan will be grandfathered until the expiration date of the current term. Term renewals will not be offered on these plans going forward as of this effective date. Upon expiration of the current term, rates will revert to month-to-month.**

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan – GRANDFATHERED (Cont'd) (C)(B) Commitment Level (Cont'd)

As long as a customer's actual in-service level of circuits remains within the commitment threshold, the customer will be billed the TDP rate for all eligible rate elements. Additionally, if a customer's in-service level exceeds the initial in-service level by no more than 30%, the customer will be billed the TDP rates for all eligible rate elements. For example, the customer has 200 DS1 circuits and elects to commit 150 circuits to a 3 year TDP. The customer will be billed TDP rates as long as the in-service level of circuits is equal to or greater than 135 (90% minimum threshold) but not more than 195 (130% maximum threshold).

If the customer's in-service request exceeds the initial service level by more than 30%, the customer will be billed the month-to-month rate for all facilities above the upper limit of the commitment threshold. If the customer's in-service level falls below the minimum commitment threshold, the customer will be billed termination liability charges for the number of circuits below the minimum commitment threshold, and the customer's commitment level will be decreased to 110 percent of the customer's current in-service level. For example, a customer whose minimum commitment threshold is 135 circuits (90% of 150), but only has 125 in-service, will be billed termination liability charges for 10 circuits, and the customer's commitment level will be decreased to 138 (110% of 125).

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan – GRANDFATHERED (Cont'd) (C)(B) Commitment Level (Cont'd)

Although the commitment level is based upon circuits, the following rate elements will receive TDP rates:

Channel Mileage Facility (per mile)  
Channel Mileage Termination (fixed)  
Multiplexing  
Channel Termination  
Ring Connection  
Ring Transport

(C) Ordering Provisions

The customer must order a TDP in writing to the Telephone Company. A TDP may be ordered based on the following plan options.

3 Years  
5 Years

The customer must specify the plan and the length of the service commitment period and commitment level. The customer agrees to a minimum service commitment level per service per committed area (i.e., state or nation) in effect at one time. For example, a customer that has a state specific or nationwide 3 year plan in effect for DS1 service may not establish a second 3 year DS1 TDP for that area until the current TDP expires. Once the plan is established, and commitment levels are agreed upon, standard access ordering procedures will be followed.

When a customer converts to a TDP, no access order charges are applied toward facilities in-service at that time. If a customer moves from a month to month plan to a TDP, or upgrades from one TDP to another, no access order charges are applied.

## ACCESS SERVICE

7. Special Access Service (Cont'd)

## 7.4 Rate Regulations (Cont'd)

7.4.11 Special Access Term Discount Plan – GRANDFATHERED (Cont'd) (C)(D) Service Rearrangements

When a circuit committed to a TDP is rearranged as set forth in 7.4.1©(3) preceding, the nonrecurring rearrangement charge associated with the month-to-month rates for that service will apply. Changes in the type of service or service termination are treated as disconnects and starts, and the nonrecurring installation charge associated with the month-to-month rates for that service will apply. Changes in the physical location of the point of termination are treated as moves, as described in 7.4.5 preceding, and will be assessed the nonrecurring charge associated with the month-to-month rates for that service.

(E) 90 Day Review Period

No adjustments in monthly billing for a TDP, for being above or below the commitment threshold described in (B) preceding, will take place until 90 days after Telephone Company written notification to the customer that the commitment threshold has been exceeded or has not been met. This will ensure that customers will not be penalized for aberrations in channel termination and/or multiplexer counts caused by timing differentials in disconnection and installation.

Customer's bills will not be adjusted for being outside the threshold described in 7.4.11(B) preceding during the 90 day review period. Additionally, customers will continue to be billed the adjustments (following the 90 day review period) for being outside the described threshold until the commitment level is met or re-established. A new 90 day review period will be initiated if the customer's actual in-service level subsequently falls outside the described threshold.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan – GRANDFATHERED (Cont'd) (C)(F) Increasing the TDP Commitment Level

Customers may increase their commitment level at any time by notifying the Telephone Company in writing. An increase in the commitment level will not change the expiration date of the TDP.

When a commitment level is increased, the actual in-service channel termination and/or multiplexer level at the time of the increase will be used to calculate the new commitment threshold as described in Section 7.4.11(B) preceding.

Upon written notification to the Telephone Company, customers may elect to have all future channel terminations and/or multiplexers installed during a commitment period automatically placed on the designated TDP.

Customers may request, upon written notification to the Telephone Company, that the Telephone Company automatically increase the customer's TDP commitment level when the 130% commitment threshold, as set forth in 7.4.11(B) preceding, is exceeded. The adjusted commitment level will be the actual channel terminations and/or multiplexers in service under the TDP at the time the 130% threshold is exceeded. The expiration date of the customer's TDP will not be affected by this change.

The customer may rescind its request to automatically add future channel terminations and/or multiplexers, or to automatically increase its commitment level when the 130% threshold is exceeded, by notifying the Telephone Company in writing.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan – GRANDFATHERED (Cont'd) (C)(G) Decreasing the TDP Commitment Level and Termination Liabilities

Customers may only decrease their commitment level by paying termination liability charges on the number of channel terminations and/or multiplexers by which the commitment level is decreased. Termination liabilities will apply to applicable services covered by the TDP. For example, a customer has a commitment level of 150 channel terminations and/or multiplexers. The customer then decreases its commitment level to 125. The customer must pay a termination liability on the most recently disconnected 25 facilities, inclusive of all associated rate elements as listed above.

If a customer disconnects any portion of their TDP service prior to the expiration of the commitment period, the customer will be billed 50% of the monthly TDP charges for the remaining portion of the committed term. For example, a customer disconnecting in the 12<sup>th</sup> month of a 3 year plan will be charged 50% of the remaining 24 months of billing.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan – GRANDFATHERED (Cont'd) (C)(H) Rate Changes

In this section, the term “rate” refers to the charges associated with the entire circuit covered by a TDP. Rate increases or decreases will automatically be applied to the monthly term plan rates for the remaining term of the TDP. If a Telephone Company initiated rate increase causes a customer's rates to increase by 10% or more at any one time, the customer may cancel the TDP without incurring termination liability charges.

(I) Extension of a TDP Commitment Period

A customer has two options for extending their TDP commitment period as described following:

- (1) A 3 year TDP commitment period can be extended by the customer at any time during the term of the plan, up to a maximum of 5 years. The number of months accrued in the current 3 year plan will apply toward the new 5 year plan selected. For example, a customer having completed 15 months of a 3 year commitment can extend the commitment to 5 years and no additional charges will be assessed. The first payment will be considered the 16th payment under the new 5 year plan; or

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan – GRANDFATHERED (Cont'd) (C)(J) Upgrading a TDP Service

When a customer upgrades a digital data service being billed TDP rates to a DS1 service, the digital data TDP commitment level will be reduced at the customer's request (up to a maximum of 24) and no termination liability charge will apply. If the same customer has a TDP for DS1 service, the DS1 TDP commitment level will be increased if the customer requests that it be increased. When a customer upgrades a DS1 service being billed TDP rates to a DS3 service with the same termination points, the customer's DS1 TDP commitment level will be reduced at the customer's request (up to a maximum of 28) and no termination liability charge will apply.

When a customer upgrades a DS1 or DS3 service being billed TDP rates to a Gateway SONET Ring, or other SONET level services offered by the Telephone Company, the customer's DS1 or DS3 TDP commitment level will be reduced at the customer's request by an amount equal to the number of DS1 or DS3 special access circuits that are migrated to the Gateway SONET Ring, or other SONET level service offered by the Telephone Company. Termination liability charges will not apply to upgrades if the Gateway SONET Ring, or other SONET level service commitment period is greater than or equal to the existing TDP commitment period.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan – GRANDFATHERED (Cont'd) (C)(J) Upgrading a TDP Service (Cont'd)

When a customer upgrades a DS1 or DS3 service being billed TDP rates to an Ethernet Transport (ET)<sup>(1)</sup> or Ethernet Virtual Private Line (EVPL) service offered by the Telephone Company, the customer's DS1 or DS3 TDP commitment level will be reduced at the customer's request as set forth following:

- for every 10 Mbps of ET or EVPL, the customer's DS1 commitment level will be reduced by 5 DS1s (e.g., 5 DS1s can upgrade to 10 Mbps ET or EVPL, 10 DS1s can upgrade to 20 Mbps ET or EVPL, etc.)
- for every 100 Mbps of ET or EVPL, the customer's DS3 commitment level will be reduced by 1 DS3 (e.g., 1 DS3 can upgrade to 100 Mbps ET or EVPL, 5 DS3s can upgrade to 500 Mbps ET or EVPL, etc.)

The customer must commit to a new ET three (3) or five (5) year minimum commitment period or EVPL Term Discount Plan for periods of one (1), two (2), three (3) or five (5) years or an EVPL Fixed Rate Term Plan for a period of seven (7) years. Termination liability charges will not apply to upgrades if the ET or EVPL commitment period is greater than or equal to the existing TDP commitment period.

When a disconnect order for a DS1 or DS3 circuit is submitted to the Telephone Company, the customer must note on the disconnect order that the DS1 or DS3 circuit to be disconnected is being or has been upgraded to ET or EVPL service.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan – GRANDFATHERED (Cont'd) (C)(K) Renewal of a TDP

At the end of the TDP service commitment period, the customer may subscribe to a new TDP at the prevailing rates set forth in Section 7.5.10 following. If the customer does not select a new TDP, the rates will convert to the prevailing month-to-month digital data, DS1, DS3 or Shared SONET Ring rates set forth in Sections 7.5.7, 7.5.8 and 7.5.11 following. The customer will have up to 12 months (365 days) grace period to renew their TDP before month-to-month rates will be assessed.

(L) Cancellation Charges

When a customer cancels an order for special access services being provided under a TDP, cancellation charges, as set forth in 5.2.4 preceding, will be calculated using the nonrecurring charges associated with the month-to-month rates for the service being cancelled.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan – **GRANDFATHERED**

(C)

The Premier Term Discount Plan rates for Special Access Non-Competitive End User Channel Terminations (EUCTs) subject to Section 203 of the Communications Act are filed in this tariff. Other Special Access rates included in this plan are not subject to Section 203 and are provided outside of this tariff.

(A) General

The Premier Term Discount Plan (PTDP) applies to Special Access Voice Grade Service, monthly Program Audio Service, Digital Data Service, High Capacity Fractional DS1 Service, and High Capacity DS1 (1.544 Mbps) and DS3 (44.736 Mbps) Service. The PTDP provides the customer with discounted rates for the services listed. The customer agrees to commit 100% of their existing and future special access services ordered from the Telephone Company on a national basis for a five year commitment period when the PTDP is established.

The following rate elements will be eligible for PTDP rates:

Channel Termination  
Channel Mileage Termination (fixed)  
Channel Mileage Facility (per mile)  
Multiplexing

The commitment level will be based on special access circuit quantities determined by the Company's billing records and mutually agreed upon by the Company and the customer. The commitment level will be based on DS1 equivalent circuits, by state, and updated annually. If the customer's circuit quantity falls below 95% of the state specific commitment level in a consecutive 60 day period, a shortfall penalty as set forth in (C) following is applicable.

**Effective October 1, 2020 the Premier Term Discount Plan will be grandfathered until the expiration date of the current term. Term renewals will not be offered on these plans going forward as of this effective date. Upon expiration of the current term, rates will revert to month-to-month.**

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan – **GRANDFATHERED**

(C)

(A) General (Cont'd)

Customers who currently subscribe to the Telephone Company Term Discount Plan (TDP), set forth in section 7.4.11 preceding, may convert to a PTDP without termination liability penalty under their existing TDP. Customers may disconnect or move special access circuits and not be subject to termination liability charges as long as the commitment levels are maintained.

(B) Commitment Level

All eligible special access rate elements for a given circuit (channel termination, channel mileage termination (fixed), channel mileage facility (per mile) and multiplexing) must be ordered for the same commitment period with the same service date for the same customer. A customer establishes a PTDP by committing all of their in service circuits eligible for the discount to a five year term. All future special access circuits ordered from the Telephone Company will be included in the plan. Circuits added to the PTDP after the plan is established will carry the plan effective date.

ISSUE DATE:  
September 16, 2020

October 1, 2020

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan – **GRANDFATHERED** (Cont'd)

(C)

(B) Commitment Level (Cont'd)

The customer makes a commitment in terms of DS1 equivalent circuits based on the quantity of special access circuits in service, by state, when the plan is ordered. For purposes of the plan, DS1 equivalents will be calculated based on the following conversion table:

<u>Service</u>	<u>DS1 Equivalent Ratio</u>
High Capacity DS1	1:1
Voice Grade	24:1
Digital Data	24:1
High Capacity DS3	1:28
Fractional DS1 128.0 kbps	12:1
Fractional DS1 256.0 kbps	6:1
Fractional DS1 384.0 kbps	4:1
Monthly Program Audio	24:1

The commitment level is adjusted annually on the anniversary date of the PTDP. The adjusted commitment level must be equal to or greater than the initial PTDP commitment level.

When a customer has no Telephone Company provided special access circuits in service in a given state when the customer's PTDP is initially ordered, the DS1 equivalent commitment level for that state will be equal to the DS1 equivalents in service on the customer's next PTDP annual adjustment date. The shortfall penalty set forth in (C) following will not apply in that state until after the DS1 equivalent commitment level has been established.

ISSUE DATE:  
September 16, 2020

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan – **GRANDFATHERED** (Cont'd)

(C)

(B) Commitment Level (Cont'd)

For example, a customer initiates a PTDP on March 15, 2000, but has no special access circuits in service in the state of Florida at that time. The customer subsequently orders 10 DS1 equivalent circuits in Florida during April 2000, and 15 additional DS1 equivalent circuits in Florida during June 2000. The customer's commitment level for the state of Florida will be established on March 15, 2001, the anniversary date of the PTDP, and will equal the number of DS1 equivalents in service in Florida on that date, or 25 DS1 equivalents.

During the PTDP five year term, the customer must maintain a minimum threshold of 95% of the current DS1 equivalent circuit commitment, by state. As long as the customer's actual in service level of circuits remains at or above 95% of the current commitment level, the customer will be billed the PTDP rates for all eligible rate elements. A shortfall charge, as set forth in 7.5.14(D) following, will be assessed if the customer's in service level falls below the required minimum commitment threshold.

The customer will not be penalized for circuits converting to OptiPoint<sup>(1)</sup>, Gateway SONET Ring Service or SONET OC Ring<sup>(1)</sup>. The DS1 equivalent commitment levels will be adjusted without penalty when a customer converts to OptiPoint<sup>(1)</sup>, Gateway SONET Ring Service or SONET OC Ring<sup>(1)</sup>.

<sup>(1)</sup> Material in this Section has been de-tariffed as required by the Commission upon use of the forbearance relief pursuant to FCC Memorandum Opinion and Order No. FCC 07-184, released October 24, 2007. Terms and Conditions associated with de-tariffed services are available at <http://about.centurylink.com/legal/forbearance.html>.

(C)

(B) Commitment Level (Cont'd)

The customer will not be penalized for circuits converting to Ethernet Transport (ET)<sup>(1)</sup> or Ethernet Virtual Private Line (EVPL)<sup>(2)</sup> service provided by the Telephone Company. The DS1 equivalent commitment levels will be adjusted without penalty when a customer converts to ET or EVPL set forth following:

- for every 10 Mbps of ET or EVPL, the customer's DS1 equivalent commitment level will be reduced by 5 DS1 equivalent circuits.

Termination liability charges will not apply to upgrades if the ET or EVPL commitment period is greater than or equal to the existing PTDP commitment period.

When a disconnect order for a DS1 or DS3 circuit is submitted to the Telephone Company, the customer must note on the disconnect order that the DS1 or DS3 circuit to be disconnected is being or has been upgraded to ET or EVPL service.

Services provided to the customer on an Individual Case Basis will not be included in the PTDP commitment quantity. Shared use facilities will not receive the discount for the switched access portion of the circuit. Adjustments will be made to the commitment level for circuits that convert to OptiPoint<sup>(1)</sup>, Gateway SONET Ring Service, SONET OC Ring<sup>(1)</sup>, ET or EVPL after the PTDP is established.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan – **GRANDFATHERED** (Cont'd)

(C)

(C) Shortfall Penalty

A customer's DS1 equivalent circuit quantities will be monitored monthly. A shortfall penalty will be applicable if the circuit quantities fall below 95% of the state specific commitment level for two consecutive months. When a shortfall exists for this period, the customer will be assessed a shortfall charge for each equivalent DS1 the customer is short of the commitment. The shortfall penalty will be applied monthly until the commitment level is achieved.

The following states are excluded from the shortfall penalty:

- Kansas
- Nebraska
- Wyoming

The shortfall penalty will be calculated for each state by subtracting the actual DS1 circuit quantity from the DS1 equivalent commitment level. The shortfall penalty will be equal to the DS1 equivalent shortfall quantity multiplied by the shortfall charge, as set forth in 7.5.14(D) following.

For example, a customer has committed 1,000 DS1 equivalent circuits to a PTDP. The customer has fallen below 95% of their commitment for two consecutive months, and now has 940 DS1 equivalents. The shortfall of 60 DS1 equivalents, multiplied by the shortfall charge of \$327, equals the monthly shortfall penalty of \$19,620. The customer will continue to be billed PTDP rates for their remaining special access circuits on the PTDP.

(C)

© Shortfall Penalty (Cont'd)

The shortfall penalty will be assessed on the 60<sup>th</sup> day in which a shortfall exists, and will be applied to the customer's bill in the first available bill cycle following the shortfall period. The customer's account will be monitored monthly for continued shortfall status.

(D) Ordering Provisions

The customer must order a PTDP in writing to the Telephone Company. The completed PTDP order form should include the following information:

- PTDP effective date.
- All customer Access Carrier Name Abbreviations (ACNAs) participating in the plan.
- Initial DS1 equivalent commitment levels, by state.

Once the PTDP is established, standard access ordering procedures will be followed. When a customer converts existing special access services to a PTDP, no access order charges are applicable for facilities in-service at that time.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan – **GRANDFATHERED** (Cont'd)

(C)

(E) Termination Liability Penalty

(T)

A termination liability penalty will be assessed if the customer cancels the PTDP prior to the expiration date of the PTDP five year commitment.

A termination liability penalty will be calculated by multiplying the customer's DS1 equivalent commitment level times the remaining months in the PTDP, times the termination liability charge set forth in 7.5.14(E) following.

For example, a customer has 1,000 DS1 equivalent circuits committed to a PTDP and terminates service in month 48. The customer will be charged the remaining 12 months times the 1000 DS1 equivalent circuits committed, times the termination liability charge of \$164, for a termination liability penalty of \$1,968,000.

(F) Rate Changes

In this section, the term "rate" refers to the charges associated with the entire circuit covered by the PTDP. Rate increases or decreases will automatically be applied to the monthly term plan rates for the remaining term of the plan. If a Telephone Company initiated rate increase causes PTDP rates to increase by more than 10% at any one time, the customer may cancel the PTDP without incurring termination liability charges.

(C)

(G) Renewal of a PTDP

At the end of the PTDP service commitment period, the customer will have up to 12 months (365 days) to subscribe to a new PTDP at the prevailing rates set forth in Section 7.5.14 following. If the customer does not select a new PTDP, the rates will convert to the prevailing month-to-month special access rates set forth in Section 7.5 following, and will be effective as of the expiration date of the PTDP.

(H) Service Rearrangements

When a circuit committed to a PTDP is rearranged as set forth in 7.4.1(C)(3) preceding, the nonrecurring rearrangement charge associated with the month-to-month rates for that service will apply. Changes in the type of service or service termination are treated as disconnects and starts, and the nonrecurring installation charge associated with the month-to-month rates for that service will apply. Changes in the physical location of the point of termination are treated as moves, as described in 7.4.5 preceding, and will be assessed the nonrecurring charge associated with the month-to-month rates for that service.

(I) Cancellation Charges

When a customer cancels an order for special access service being provided under a PTDP, cancellation charges, as set forth in 5.2.4 preceding, will be calculated using the nonrecurring charges associated with the month-to-month rates for the service being cancelled.

(C)

(J) Extension of a PTDP Commitment

Upon completion of the 5 year PTDP commitment period, the customer may extend their PTDP plan for an additional 12 months at the rates, terms and conditions in effect for the 5 year PTDP term commitment. Customers who wish to take advantage of the 12 month extension must notify the Telephone Company in writing within 60 days prior to the expiration of their original 5 year PTDP.
