This filing eliminates certain language to avoid any potential argument that companies operating under this tariff are subject to territorial restrictions, when providing Switched Access Service, in terms of ultimate originating/terminating call end points. Any potentially relevant legacy territorial restrictions that may have applied in the past have lapsed as a result of past Commission decisions – for example, decisions eliminating such legacy regulatory obligations as the independent ILEC long distance separate affiliate restrictions previously imposed under 47 CFR 64.1903.¹

This filing is made on 15 days' notice under the Commission's streamlined filing procedures.
