ACCESS SERVICE

16. Public Packet Data Network (Cont'd)16.3 Ethernet Transport Service (Cont'd)16.3.8 ETS E-Rate Option (Cont'd)(A) Rate Regulations (Cont'd)

Upon receipt of a customer's written request to subscribe to an available ETS ERO, the Telephone Company will determine the customer's eligibility by verifying the existence of the required, qualifying FCC Form 470 on USAC's website (<http://www.usac.org>) for the Plan Year.

(T)

An Access Order Charge as described in Section 5.4.1, preceding, does not apply to the initial subscription of an available ETS ERO.

The ETS service elements, including optional features, available for installation at E-rate eligible school, library or consortium locations within the Telephone Company's serving territory are specified in Section 17.4.8(C)(10), following, for the specified Plan Year. ETS service element descriptions are identified in Section 16.3.4, preceding. At any time during the defined Plan Year, the ETS ERO customer may: (1) order the installation of new committed ETS service elements and/or (2) request in-service ETS service elements be committed to the ETS ERO to take advantage of the ETS ERO stabilized monthly rates. When an ETS ERO customer installs new committed ETS service elements during the course of the defined Plan Year, an Access Order Charge and nonrecurring charges will apply for the newly installed elements. When the ETS ERO customer requests in-service ETS service elements be committed to the ETS ERO, the Access Order Charge and nonrecurring charges will not apply.
