FACILITIES FOR INTERSTATE ACCESS

4. SWITCHED ACCESS (Cont'd)4.2 Description of Switched Access (Cont'd)4.2.3 Description of Switched Transport (Cont'd)(D) Tandem-Switched Transport

The Tandem-Switched Transport Rate is assessed upon customers for the use of transport from a serving wire center to an end office that is switched at a Telephone Company access tandem. The Tandem-Switched Transport rate shall also be assessed for transport between a Telephone Company access tandem and end office, between a host end office and a remote end office and between a FGA dial tone office and other end offices in the local calling area. For examples of Tandem Switched Transport see Section 2.7.3 preceding. Tandem-Switched Transport consists of circuits used in common by multiple customers from the Telephone Company access tandem to an end office. The Tandem-Switched Transport Rate includes four subelements, a Tandem-Switched Transport - Facility, a Tandem-Switched Transport - Termination, Tandem Switching Rate and Shared Multiplexing.

The Tandem-Switched Transport - Facility is usage rated and distance-sensitive, i.e., a per access minute per airline mile rate. The rate recovers costs of the transmission facilities, including intermediate transmission circuit equipment, between the end points of the circuit. The Tandem-Switched Transport - Termination is a usage rated, per minute rate to recover costs incurred at the ends of the transmissions links. The Tandem Switching Rate is a usage rated, per minute rate to recover a portion of the tandem switching costs. The Tandem Switching Rate is not applicable for transport between a host end office and a remote end office or to FGA Transport. For Tandem Switched Transport, a Shared Multiplexing Rate will be assessed to all minutes of use from the Telephone Company Access Tandem to an end office. The Shared Multiplexing rate recovers multiplexing costs on the end office side of the tandem.

Pursuant to FCC 20-143, released October 9, 2020, tandem switching and transport for originating Toll Free traffic will be charged via a single usage sensitive Joint Tandem Switched Transport Access Service rate applied per access minute.

FACILITIES FOR INTERSTATE ACCESS

6. MISCELLANEOUS SERVICES (Cont'd)

6.18 Federal Universal Service Fund Surcharge

The Federal Universal Service Fund (FUSF) Surcharge recovers the Telephone Company's contributions to the Universal Service Support Mechanisms. Customers may certify exemption from FUSF Surcharges at the ACNA level or at the BAN level. Certification at the ACNA level will exempt all BANs under that ACNA. Certification at the BAN level will exempt only the specified BANs. FUSF Surcharge exemption certification can be completed and submitted on the Telephone Company's web site at: <http://wholesale.frontier.com/>

(A) Application of FUSF Surcharge to End User FIA Common Line Charges

Customers assessed an End User FIA Common Line Charge specified in Section 13.11 following will be assessed an FUSF Surcharge as set forth following. The FUSF Surcharge will be determined by multiplying the FUSF Surcharge Factor by the End User FIA Common Line Charge plus the Access Recovery Charge (ARC), if any. FUSF Surcharges will be billed to the associated end user or reseller of the local exchange services, with the exception of those customers who participate in the Lifeline Assistance Program.

(B) Application of FUSF Surcharge to Other Charges

Customers assessed Presubscribed Interexchange Carrier Charges, ISDN Line Port Charges, Charge for Changing Primary Interexchange Carrier, charges for interstate Special Access Service, and any interstate charges not listed above which give rise to the Telephone Company's obligation to contribute to the Universal Support Mechanisms will be assessed the FUSF Surcharge on such charges as set forth following. Customers who participate in the Lifeline Assistance Program are not exempt from this Surcharge on services other than the End User FIA Common Line Charge and the ARC. The FUSF Surcharge will be determined by multiplying the FUSF Surcharge Factor by the applicable charges.

(C) FUSF Surcharge
