The accompanying tariff material, issued by Minnesota Independent Equal Access Corp. and bearing Tariff FCC No. 2, effective July 1, 2021, is sent to you for filing in compliance with the requirements of the Communications Act of 1934, as amended. This filing is being submitted under the authority of Special Permission Number 21-003 and revises certain switched access rates in compliance with the Report and Order, FCC 20-143, on 8YY Access Charge Reform in WC Docket No. 18-156. The filing consists of tariff pages indicated by the check sheet(s) listed below:

Tariff F.C.C. No. 2 – 1<sup>st</sup> Revised Page 1 (Access)

This transmittal letter and associated attachments are being filed electronically today via the Federal Communications Commission's Electronic Tariff Filing System (ETFS). Payment in the amount of \$960.00 has been electronically transmitted to the U.S. Bank in St. Louis, Missouri in accordance with the fee program procedures.

Supporting material is not required with this filing. In MIEAC's 2020 annual access tariff filing, the projected test year rate of return was negative 13.12 percent, and the rate changes made in this filing will further reduce MIEAC's interstate revenues. Accordingly, MIEAC believes it is not necessary to further demonstrate that its rate of return for the 2021-22 tariff year will be below the applicable ceiling.
