Please find attached revisions to Tariff FCC No. 2, interstate access services, of Electric Lightwave, LLC. It consists of the following revised pages:

Electric Lightwave is benchmarking its rates to the levels of the corresponding dominant incumbent local exchange carrier's rates, pursuant to 47 C.F.R. §61.26(c), and as such, is revising its FCC access tariff within 15 days of the effective date of the revised ILEC rate to which we are benchmarking. Electric Lightwave, LLC is a non-dominant carrier and, therefore, cost support documentation under 47 C.F.R. § 61.38 of the Commission's Rules is not required. Payment has been submitted through the Electronic Tariff Filing System.
