ACCESS SERVICE**4. SWITCHED ACCESS SERVICE (Cont'd)****4.2 Provision and Description of Switched Access Service Arrangements (Cont'd)****4.2.3 Rate Categories (Cont'd)****(A) Local Transport (Cont'd)****(3) Tandem Switched Transport**

The Tandem Switched Transport rate elements recover tandem switching costs and a portion of the costs associated with the communications path between a tandem and an end office on circuits that are switched at a tandem switch, or between a host and a remote switch.

Tandem Switched Transport rates consist of a Tandem Switching rate, a Tandem Switched Facility rate, and a Tandem Switched Termination rate. Tandem Switched Transport rates are not applicable to toll free access minutes pursuant to the 8YY Access Charge Reform Order (DA 20-143).

(C)
(C)
(C)

(a) The Tandem Switching rate recovers a portion of the costs of switching traffic through an access tandem. The Tandem Switching rate is applicable at the Tandem, when a Customer orders Direct Trunk Transport to the tandem and Tandem Switched Transport from the tandem to the end office. The Tandem Switching rate specified in the appropriate section of Section 12 following is applied on a per access minute per tandem basis for all originating (excluding toll free) and all terminating minutes of use switched at the tandem. Tandem locations are identified in NECA Tariff F.C.C. No. 4, Wire Center Information.

(C)

(b) The Tandem Switched Facility rate recovers a portion of the costs of the transmission facilities, including intermediate transmission circuit equipment, between the end points of the interoffice circuits. The Tandem Switched Facility rate specified in the appropriate section of Section 12 following is applied on a per access minute per mile basis for all originating (excluding toll free) and terminating minutes of use routed over the facility.

(C)

ACCESS SERVICE

4. SWITCHED ACCESS SERVICE (Cont'd)

4.2 Provision and Description of Switched Access Service Arrangements (Cont'd)

4.2.3 Rate Categories (Cont'd)

(A) Local Transport (Cont'd)

(3) Tandem Switched Transport (Cont'd)

- (c) The Tandem Switched Termination rate recovers a portion of the costs of the circuit equipment that is necessary for the termination of each end of the Tandem Switched Facility. The Tandem Switched Termination rate specified in the appropriate section of Section 12 following is applied on a per access minute basis (for all originating (excluding toll free) and terminating minutes of use routed over the facility) at each end of each measured segment of Tandem Switched Facility (e.g., at the end office, host office, tandem, and serving wire center) provided by the Company. When the Tandem switched Facility mileage is zero, neither the Tandem Switched Facility rate nor the Tandem Switched Termination rate will apply.

(C)

ACCESS SERVICE**4. SWITCHED ACCESS SERVICE (Cont'd)****4.2 Provision and Description of Switched Access Service Arrangements (Cont'd)****4.2.3 Rate Categories (Cont'd)****(C) Chargeable Optional Features**

Following is a description of the rate categories for the facilities required to provide Switched Access Services to the Customer.

- (1) Where facilities permit, the Company will, at the option of the Customer, provide the following chargeable optional features.

(a) 8YY Toll Free Database Access Service

8YY Toll Free Database Access Service is provided to all Customers in conjunction with FGD switched access service. The term "8YY Toll Free Database Service" denotes a toll-free originating Trunkside Access Service when the 8YY service Access Code (i.e. 800, 822, 833, 844, 855, 866, 877 or 888 as available) is used. When a 1+8YY+XXX-XXXX toll free call is originated by an end user, the Company will utilize the Signaling System 7 (SS7) network to query an 8YY Toll Free series database to identify the Customer to whom the call will be delivered and provide vertical features based on the dialed ten digits. The call will then be routed to the identified Customer over FGD switched access.

A Basic or Vertical Feature Query charge, as set forth in Section 12 of this tariff, is assessed for each query launched to the database and returns results which identifies the Customer to whom the call will be delivered. Only one query charge per call may be assessed. The Basic Query provides the identification of the Customer to whom the call will be delivered and includes area of service routing which allows routing of 8YY Toll Free series type calls by companies to different interexchange carriers based on the Local Access Transport Area (LATA) in which the call originates. The Vertical Feature Query provides the same Customer identification as the basic query and vertical features which may include: (1) call validation, (ensuring that calls originate from subscribed service areas); (2) POTS translation of 8YY Toll Free series numbers; (3) alternate POTS translation (which allows subscribers to vary the routing of 8YY Toll Free series type calls based on factors such as time of day, place or origination of the call, etc.); and (4) multiple carrier routing [which allows subscribers to route to different carriers based on factors similar to those in (3)].

SWITCHED ACCESS SERVICE**12. RATES AND CHARGES****12.1 Citizens Telecommunications Company of Utah Territory (Cont'd)****12.1.1 Switched Access (Cont'd)****(A) Local Transport (Cont'd)****Multiplexing
Per Arrangement**

The nonrecurring installation and recurring rate charged by the Company is the applicable current rate, based on the type of Switched Access Direct Trunked Multiplexing (DS3 to DS1 or DS1 to Voice), at Frontier Telephone Companies Tariff F.C.C. No. 1, Section 20.1.4.

**Shared Multiplexing
Per Access Minute**

The recurring rate charged by the Company is the applicable current rate at Frontier Telephone Companies Tariff F.C.C. No. 1, Section 20.1.4

**Tandem Switched Transport
Tandem Switched Facility
Per Toll Free Access Minute Per Mile****(T)**

The recurring rate charged by the Company is the applicable current rate at Frontier Telephone Companies Tariff F.C.C. No. 1, Section 20.1.4.

**Tandem Switched Transport
Tandem Switched Termination
Per Toll Free Access Minute Per Termination****(T)**

The recurring rate charged by the Company is the applicable current rate at Frontier Telephone Companies Tariff F.C.C. No. 1, Section 20.1.4.

**Tandem Switched Transport
Tandem Switching
Per Toll Free Access Minute****(T)**

In the event the Company provides Tandem Switching, the recurring rate charged by the Company is the current rate at Frontier Telephone Companies Tariff F.C.C. No. 1, Section 20.1.4.

**Access Tandem Trunk Port
Per Month**

The recurring rate charged by the Company is the applicable rate at Frontier Telephone Companies Tariff F.C.C. No. 1, Section 20.1.4.

ACCESS SERVICE**12. RATES AND CHARGES****12.1 Citizens Telecommunications Company of Utah Territory (Cont'd)****12.1.1 Switched Access (Cont'd)**

- (B) End Office
Local Switching
Per Access Minute

The recurring rate charged by the Company is the current rate at Frontier Telephone Companies Tariff F.C.C. No. 1, Section 20.1.4 End Office, Local Switching-Premium and Non-Premium.

Information Surcharge
Per Access Minute

The recurring rate charged by the Company is the current rate for Premium or Non-Premium at Frontier Telephone Companies Tariff F.C.C. No. 1, Section 20.1.4 Information Surcharge.

- (C) Shared Trunk Port
Per Tandem Switched Access Minute

The recurring rate charged by the Company is the current rate for Shared Trunk Port at Frontier Telephone Companies Tariff F.C.C. No. 1, Section 20.1.4.

- (D) Dedicated Trunk Port
Per Trunk, Per Month

The recurring rate charged by the Company is the current rate for Dedicated Trunk Port at Frontier Telephone Companies Tariff F.C.C. No. 1, Section 20.1.4.

- (E) 8YY Database Access Service
Per Launched and Completed Query

(C)

The recurring rate charged by the Company is the applicable current rate at Frontier Telephone Companies Tariff F.C.C. No. 1, Section 20.1.4 8XX Data Base Access Service Query.
