2.11.4 Taxes based on the Company's net income will be the Company's sole responsibility.

2.11.5 If the Customer is required by the laws of any foreign tax jurisdiction to withhold income or profit taxes from a payment, within 90 days of the withholding, the Customer will provide the Company with official tax certificates documenting remittance of the taxes. The tax certificates shall be in a form sufficient to document qualification of the taxes for the foreign tax credit allowable against the Company's U.S. corporation income tax, and shall be accompanied by an English translation. Upon receipt of the tax certificate, the Company will issue the Customer a credit for the amounts represented thereby.

2.13 Handling of Certain Specific Credits

2.13.1 If the Customer's account has been closed but has a credit balance remaining, the Company will transfer the credit to another account of the Customer, if there is one. If the Customer does not have another account and if the credit balance amount is \$10 or more, the Company will mail a check for the balance to the Customer. If the Customer does not have another account and if the credit balance amount is less than \$10, then the Company will mail a check for the balance to the Customer upon its request, provided the Customer makes its request within 12 months of the closing of the Customer's account.

2.13.2 Casual Caller Credit: The Company will credit Customers newly presubscribed to Company service during the period between the time of presubscription and the time of the establishment of their Interim Dial 1 account in the Company's billing systems. The credit will be in an amount equal to: (i) the difference between the Customer's usage charges during that period assessed at (a) the rate set forth in Section C-1.1.1 and (b) the rates set forth for the Interim Dial 1 service to which the Customer subscribes in either Section C-2.1.1.1.1, Section C-2.5, and/or C-2.6; and (ii) the amount charged the Customer under Section C-1.2 during that period. To receive this credit, affected Customers must contact the Company through a toll free number designated for billing inquiries. The credit will be in the form of an invoice credit.

- 2.13.5 In the event that the Customer has been awarded a promotional credit for subscribing to the Company service and does not use the service within 12 months following the date of the Customer's service order, the Company reserves the right to cancel the credit from the Customer's account and collect the sum involved from the Customer.
- 2.13.6 Except as provided in Sections B.12.3 above pertaining to Directory Assistance, the following credit allowances for interruptions of the Company services will be made:
- 2.13.6.1 For all of the Company's domestic services for which charges are specified on the basis of per minute of use, or on usage of a fraction of a minute, and in which there may be interruption of an individual call, due to a condition in the Company's shared interexchange facilities or in shared access or termination facilities provided by other carriers, which interruption can be remedied by redialing the call:
- A. A credit allowance will be made for that portion of a call that is interrupted due to poor transmission (for example, noisy circuit), one way transmission (one party is unable to hear the other), or involuntary disconnection caused by deficiencies in the Company's service. The Customer may also be granted credit for reaching a wrong number. To receive a credit, the Customer must notify a Company Customer Service representative and furnish information, including the called number, the service subscribed to, the difficulty experienced, and the approximate time the call was placed.

If the Customer elects to use another means of communication during the period of interruption, the Customer must pay the charges for the alternative service used.

2.13.8 Fraud Credits

2.13.8.1 The Company will issue full credit for invoiced charges for Customer calls when the charges are determined to result from a "theft of service" (for example, unauthorized usage following the involuntary theft or loss of a Company product or the establishment of service that the Customer did not intentionally facilitate) involving (a) Company PCS, cellular, or pager services; (b) verified "Clip-on Fraud" associated with equal access service (1010XXX or 1+/0+/0-); or (c) theft of identity or theft of service. 3. Cancellation of Service

3.1 By the Customer

- 3.1.1 Customer may cancel service at any time by contacting the Company's Customer Service. The Customer's account will be canceled upon request. While the Company will cancel service, Customer must contact a new long distance carrier of choice of local telephone company to ensure Customer is no longer presubscribed to the Company on the local telephone company's network. Any calls received by the Company over its network during the period between the date of cancellation of Customer's account and the Customer's billing cycle end date will be rated and billed at Customer's prior calling plan rates. After Customer's billing cycle ends, any calls will be rated and billed at Interim Dial 1 rates set forth in Section C-2, with no monthly plan fee or minimum for a period of up to 60 days from the date Customer's account was canceled. This period is designed to permit Customer ample time to select a new carrier. The Company will block all calls on the Company's network placed from Customer location(s) between days 61 and day 120 following the date Company long distance billing account was canceled. This block can be lifted upon request. If the Company receives calls over its network after the block is lifted on day 120, these calls will be assessed the rates and surcharges of the MCI Default Service Product described in http://consumer.mci.com/mci_service_agreement/res_index.jsp (for customers of Interim Dial-1 Service) or http://consumer.mci.com/mci_service_agreement/sb_index.jsp (for customers of Commercial Dial-1 Service). The company will also cancel Customer's account following notification of this change from the local telephone company. If for some reason, the Company does not receive a cancellation order from the Customer's local telephone company and the Customer continues to receive invoices from the Company for optional calling plan monthly fees and/or monthly minimum charge amounts, the Customer should call the Company's Customer Service to request that the Customer's account be cancelled.
- 3.1.2 If, within 90 days of signing up for the Company's service(s), the Customer is dissatisfied, for any reason, with the long distance service(s) provided by the Company and wishes to cancel such service(s) and return to its prior long distance carrier, the residential Customer may receive a credit equal to any Primary Interexchange Carrier (PIC) change and order processing charges it incurs in returning to its prior carrier, up to \$5 per line, maximum of 5 lines, and the commercial Customer may receive a credit equal to any PIC change and order processing charges it incurs in returning to its prior carrier, up to \$5 per PIC, up to two (2) PICs per line, maximum of 50 lines. Such credits are limited to one such reimbursement per Customer, for each of up to 50 lines per Customer. In order to obtain such credits, the Customer is required to call the Company's Customer Service and request a "Satisfaction Guarantee" credit.

5. Miscellaneous Provisions

- 5.1 If the Customer either voluntarily cancels the Customer's Company account or if the Company cancels the Customer's service for any reason set forth above, the Company will have no obligation whatsoever to assist the Customer in any respect in switching from the Company to another carrier.
- 5.2 Any liability or obligation of a party to the other party under the provisions of Section B of this tariff will, in each case, survive cancellation or termination of this tariff.
- 5.3 Privacy:
- 5.3.1 Privacy Policy: It is the Company policy not to sell or rent its personally-identifiable Customer information to unaffiliated companies or organizations. In the future, should the Company decide to sell or rent such information to those entities, it will provide notification and the opportunity for its Customers to indicate that they would prefer the Company not sell or rent such information about them to such third parties. Such notice may be provided by amending the Customer's Agreement with Company or any other comparably-effective means. The Company reserves the right to contact its Customers regarding the Company's products and services.
- 5.3.2 Caller ID: Due to federal rules, Customer's telephone number (i.e., CPN) may be identified to a called party if that party has Caller ID capability. Customer can prevent this from occurring on an interstate call by dialing *67 (or 1167 on rotary or pulse-dialing telephones) prior to placing the interstate call. If Customer has per-line blocking, Customer must dial *82 (or 1182 for rotary or pulse-dialing telephones) prior to placing an interstate call to allow a called party to identify its CPN. SECTION C: SERVICE DESCRIPTION AND CHARGES (Continued)

2. Interim Dial 1 Service

Interim Dial 1 Service is an outbound long distance service for presubscribed Customers who select the Company as their long distance carrier through a Local Exchange Carrier. Customers may receive service pursuant to this tariff for a period of up to 45 days from the date of first service availability. Customers may place calls with the assistance of an operator.

All calls are rounded to the next higher full minute. Except for Commercial Service interstate calls, if the computed charge for a call includes a fraction of a cent, the fraction is rounded down to the nearest whole cent. The computed charge for Commercial Service interstate calls is rounded to the next higher full minute. Calls are subject to per-minute usage charges and other charges imposed by the tariff, including those set forth in Section C-6. Some calls are also subject to a per-call surcharge. If the computed charges for taxes and surcharges includes a fraction of a cent, the fraction is rounded to the nearest whole cent. When a call begins during one time period and ends during another time period, the rate for each time period applies for the portion of the call occurring during that time period.

If Interim Dial 1 Service is canceled by the Customer, its Local Exchange Carrier or the Company, but the Customer nevertheless continues to complete calls over the Company's network by dialing 1+, then for a period not to exceed thirty (30) days from the date of service cancellation, the Customer will pay the Interim Dial 1 Service rates.

The Company will provide to the Customer an 800 telephone number, a 4-digit Security Code, and, upon request, a 6-digit Rerouting Code which will allow the Customer to use the "Follow-Me" Routing feature.

A Personal 800 Plan R Customer shares access to an 800 number with other Customers and acquires service based on a 4-digit Security Code assigned to the Customer. Customers who presubscribe to Interim Dial 1 Service will be automatically subscribed to Personal 800 Plan R.

To make a Follow-Me change, a Customer may use his or her Personal 800 Plan R number and the 6-digit Rerouting Code. There is no limit on the number of changes a Customer may make.
